

ANNEXURE – I
K.S.RANGASAMY COLLEGE OF TECHNOLOGY, TIRUCHENGODE – 637 215.

DEPARTMENT OF CIVIL ENGINEERING

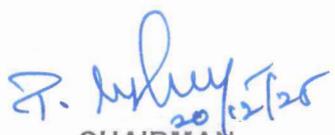

BOARD OF STUDIES MEETING

Meeting No	29
Date and Time	20.12.2025, 10.00 a.m.
Venue	HoD Cabin, K.S. Rangasamy College of Technology, Tiruchengode – 637 215.

S. No	Name	Designation as per UGC	Designation / Affiliation with full contact details	Signature
1.	Dr.P.Mageshkumar	Chairman	Associate Professor & Head Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	 20/12/25
2.	Dr. Ibrahim Bathusha M	University Nominee	Professor (CAS) Department of Civil Engineering, PSG College of Technology, Coimbatore, Tamilnadu, India.	Attended Through Online
3.	Dr.V.Satheeskumar	Subject Expert	Associate Professor, Department of Civil Engineering, Government College of Technology, Thadagam Road, Coimbatore, Tamil Nadu - 641 013	 20/12/25
4.	Dr.G.Arun Kumar	Subject Expert	Associate Professor, Department of Civil Engineering, Government College of Engineering, Salem Tamil Nadu-636 011	 20/12/25
5.	Mr. S. Lokesh Kumar	Industry Expert	Territory Manager Technical, Customer Solutions, UltraTech Cement Limited, Chennai.	Attended Through Online
6.	Mr. S. Kumaran	Meritorious Alumni	Senior Engineering Manager, Larsen & Toubro, Chennai.	Attended Through Online
7.	Dr.G.Vennila	Member	Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	 20/12/25
8.	Dr.N.Ramesh	Member	Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	 20/12/25

S. No	Name	Designation as per UGC	Designation / Affiliation with full contact details	Signature
9.	Dr.S.Ramesh	Member	Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	S. Ramesh 20/12/25
10.	Dr.J.Abdul Bari	Member	Associate Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	J. Abdul Bari 20/12/25
11.	Dr.R.Jagadeesan	Member	Assistant Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	R. Jagadeesan 20/12/25
12.	Dr.M.Velumani	Member	Assistant Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	M. Velumani 20/12/25
13.	Dr.S.Gunasekar	Member	Assistant Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	S. Gunasekar 20/12/25
14.	Dr.K.Yuvaraj	Member	Assistant Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	K. Yuvaraj 20/12/25
15.	Dr.K.Vijaya Sundravel	Member	Assistant Professor Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode-637215	K. Vijaya Sundravel 20/12/25
16.	Prof. K. Tamilarasu	Member	Assistant Professor Department of Chemistry K.S.Rangasamy College of Technology, Tiruchengode-637215	K. Tamilarasu 20/12/25
17.	Dr. A. Palaniappan	Member	Professor Department of English K.S.Rangasamy College of Technology, Tiruchengode-637215	A. Palaniappan 20/12/25

18.	Ms. S.Suja	Student Member	IV Year Civil Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode- 637215	
19.	Mr.T.Daniel	Student Member	IV Year Civil Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode- 637215	
20.	Ms.M.Kaviya	Student Member	III Year Civil Department of Civil Engineering K.S.Rangasamy College of Technology, Tiruchengode- 637215	
21.	Mrs. R.Soumya	Student Member	II Year M.E. Structural Engineering Department of Civil Engineering, K.S.Rangasamy College of Technology, Tiruchengode – 637215.	
22.	Mrs. V.Kiruthika	Parent of S.Shermi (2303737710322029)	Head master Bharathi Vidya Bhavan Matriculation Higher Secondary School-Erode	
23.	Mrs. G.Kalaiselvi	Parent of R.K.Aswin (73772216105)	Assistant Professor Anjalai Ammal Mahalingam Engineering college, Kovilvenni, Thiruvarur	

20/12/20
CHAIRMAN
(Board of Studies)

(An Autonomous Institution, Affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting

Department of Civil Engineering

BoS Meeting No: 29			Date: 20.12.2025	Venue:		Civil HOD Cabin	
S.No	Agenda	Name & Nominee	Discussion/Suggestion	Action to be taken	Responsibility	Target	Remarks
1	Curriculum of UG Programme– R2026	Dr. Ibrahim Bathusha M University Nominee	Suggested to move BIM Laboratory as a core practical course from 4 th Semester to 6 th Semester	Based on the recommendation, the “BIM Laboratory” course has been changed as a core practical course from 4 th Semester to 6 th Semester	Module Coordinator	Immediate	Submitted to Academic Council for Approval
			Suggested to change Water Supply Engineering from a Theory-cum-Laboratory course to a Theory-only course.	As per the suggestion, the “ Water Supply Engineering ” course has been changed from a Theory-cum-Laboratory course to a Theory-only course.	Module Coordinator	Immediate	
			Suggested to change the “Wastewater Engineering” course, as theory cum practical course.	Based on the suggestion, the “Wastewater Engineering” course has been changed to a Theory-cum-Practical course.	Module Coordinator	Immediate	
			Suggested to offer “Modern Construction Materials” in place of “Tall Structures” under Professional Elective V.	Based on the recommendation “Modern Construction Materials” has been introduced in place of “Tall Structures” under Professional Elective V.	Module Coordinator	Immediate	
		Dr.V.Satheeskumar Subject Expert	Suggested to include the Water Tank Pipe Flow Measurement topic in Module III in 60 CE 302 - Fluid Mechanics and Hydraulics Machinery.	Based on the suggestion, the Water Tank Pipe Flow Measurement topic has been included in Module III of 61 CE 302 – Fluid Mechanics and Hydraulics Machinery.	Module Coordinator	Immediate	
			Suggested to ensure that “Advanced Environmental Engineering” is offered only after “Water Supply Engineering” and “Wastewater Engineering” to maintain and conceptual continuity.	The recommendation to offer “Advanced Environmental Engineering” after “Water Supply Engineering” and “Wastewater	Module Coordinator	Immediate	

Curriculum of UG Programme- R2026			Engineering” has been implemented.		
		Suggested to change “Water Supply Engineering” from a Theory-cum-Laboratory course to a Theory-only course.	Based on the suggestion, the “Water Supply Engineering” course has been changed from a Theory-cum-Laboratory course to a Theory-only course.	Module Coordinator	Immediate
		Suggested to include the DGPS Surveying topic in Module V in 60 CE 303 - Surveying	The recommendation to include the DGPS Surveying topic in 61 CE 303 – Surveying under Module V has been incorporated.	Module Coordinator	Immediate
	Dr.G.Arun Kumar Subject Expert	Suggested to Offer the Digital Surveying in Elective VI	As per the suggestion, the course “Digital Surveying” has been offered under Elective VI.	Module Coordinator	Immediate
		Suggested to include the Fundamentals of Working Stress Method topic in Module I in 60 CE 503 - Basic Reinforced Concrete Design.	Based on the suggestion, the Fundamentals of Working Stress Method topic in Module I of 61 CE 503 – Basic Reinforced Concrete Design.	Module Coordinator	Immediate
		Suggested to move the “Irrigation and Water Recourse Engineering” course from 5th semester to 4th semester.	As per the recommendation, the “Irrigation and Water Resources Engineering” course has been moved from the V Semester to the IV Semester.	Module Coordinator	Immediate
	Mr. S. Lokesh Kumar Industry Expert	Suggested to change the “Highway and Railway Engineering” course, as theory cum practical course.	As per the suggestion, the “Highway and Railway Engineering” course has been revised as a Theory-cum-Practical course.	Module Coordinator	Immediate
	Mr. S. Kumaran Meritorious Alumnus	Suggested to change the “Construction Management” course, as theory cum practical course.	The recommendation to revise the “Construction Management” course as a Theory-cum-Practical course has been implemented.	Module Coordinator	Immediate
		Suggested that the “Rebar and Structural Steel Laboratory” course can be introduced in 7th semester.	As per the Suggestion, the “Rebar and Structural Steel Laboratory” course has been introduced in the VII Semester.	Module Coordinator	Immediate
	The necessary corrections have been updated and submitted to the Academic Council Meeting for further approval				

2.	Curriculum of PG Programme– R2025	Dr.V.Satheeskumar (Subject Expert) Mr. S. Kumaran (Meritorious Alumnus)	The curriculum and syllabi of I – IV semester of R2025 PG is presented and the following suggestions were given It was suggested to replace the course “Geotextiles and Geosynthetics” with “70 PSE E25 - Nonlinear Analysis of Structures” under Elective II for the M.E. Structural Engineering program, as this course directly contributes to the specialized knowledge required for advanced structural engineering. Additionally, It was suggested to include Geotextile Experiments as part of the “ 70 PSE 2P1 - Advanced Structural Engineering Laboratory, to enhance practical exposure and interdisciplinary understanding among students.										
3.	Minor and Honor degree course curriculum and syllabi in R2022	All BOS Members	Based on the willingness of the 2023–27 batch students, the members suggested to include the following courses for the Honors degree (R-2022). 1. 60 CE E17- Architecture and Town Planning 2. 60 CE E14- Traffic Engineering and Management 3. 60 CE E25- Building Services 4. 60 CE E27- Climatic Changes and Adaptation Measures 5. 60 CE E47- Application of Remote sensing and GIS in Engineering 6. 60 CE E48- Disaster Management.	All the courses are included in the honors degree	BoS Chairman	Continuou s	Submitted to Academic Council for Approval						
4.	List of open elective courses and value-added courses offered in 2025-26 (Odd Semester) and planned to offer in 2025-26 (Even Semester)	All BOS Members	<p>The following open elective courses were offered in 2025-26 (Odd Semester)</p> <table border="1" data-bbox="1075 742 1960 826"> <thead> <tr> <th>Sl.No</th> <th>Course Code / Course Name</th> <th>No. of Students</th> </tr> </thead> <tbody> <tr> <td>I</td> <td>60 CE L02 – Climatic Changes and Adaptation Measures</td> <td>48</td> </tr> </tbody> </table> <p>List of open elective courses to be offer in 2025-26 (Even semester)</p> <p>1. 60 CE L01 - Waste Management Techniques</p> <p>Dr. Arun Kumar, G, Subject Expert suggested to offer the Waste Management Techniques as the open elective course as the other department students can understand the global environmental concerns</p> <p>The value-added course planned to offer in the Odd semester (2025-2026) for UG program</p> <p>1. Rebar and Structural Steel Detailing (Value Added Course) 2. Revit Architecture (Value Added Course)</p> <p>The value-added course planned to offer in the Even semester (2025-2026) for UG program</p> <p>1. Building Valuation (Value Added Course) 2. Digital Surveying (As One Credit Course)</p> <p>The Board of Studies members recommended the Open Elective, One Credit and Value-added Courses. The List of courses has been submitted to the academic council meeting for the further approval</p>					Sl.No	Course Code / Course Name	No. of Students	I	60 CE L02 – Climatic Changes and Adaptation Measures	48
Sl.No	Course Code / Course Name	No. of Students											
I	60 CE L02 – Climatic Changes and Adaptation Measures	48											
5.	Discussion on Curriculum of VII to VIII Semester for R 2022 (UG)	All BOS Members	<p>I. Total No. of credits for the UG programme The Curriculum and Syllabi of R2022 of UG and PG was Presented. Curriculum of Civil Engineering (UG) R2026 is 166 credits. For M.E. Structural Engineering (PG) R2025 is 73 credits.</p> <p>II. Curriculum and syllabi shall meet the requirements to pursue higher education, career guidance, Startups & Entrepreneurship & Crosscutting issues</p> <p>Dr. Ibrahim Bathusha and Dr.V.Satheeskumar appreciated that the prescribed Syllabus content within the requirements of AICTE. Dr.G.Arun Kumar appreciated that the curriculum and syllabi is complying with GATE 2026 Syllabus.</p> <p>III. Curriculum & syllabi should improve innovative, design & critical thinking skills and problem solving abilities of students</p>										

			<p>Dr. Ibrahim Bathusha, Dr.G.Arun Kumar and Dr.V.Satheeskumar discussed that the proposed R 2026 curriculum & syllabi will enrich innovative design & critical thinking skills and problem solving abilities of students.</p> <p>Dr.V.Satheeskumar & Mr. S. Lokesh Kumar Suggested to include Disaster Management as the Mandatory Course in Sixth Semester.</p> <p>The course Design Thinking and Innovation & Design Thinking and Product Development was introduced in the I and II Semester</p> <p>IV. Virtual Laboratories & Industry sponsored courses \ Specific Laboratories Dr. Ibrahim Bathusha, Dr.G.Arun Kumar and Dr.V.Satheeskumar suggested to have the virtual lab from the NITK Surathkal and other reputed institutions</p> <p>The above discussion are submitted to the Academic Council for approval.</p>																																												
6.	Discussion on Choice Based Credit System	All BOS Members	<p>Self-study courses SWAYAM / NPTEL / MOOC courses offered in 2025-26 (Odd sem.) and planned to offer in Even semester of 2025-26</p> <p>NPTEL Examination passed in 2025-26 (Odd Sem)</p> <table border="1"> <thead> <tr> <th>Sl.No.</th> <th>Course</th> <th>Weeks</th> <th>Certified</th> <th>Elite</th> <th>Elite+Silver</th> <th>Elite+gold</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Environmental Science</td> <td>12 Weeks</td> <td>5</td> <td>0</td> <td>0</td> <td>0</td> <td>5</td> </tr> <tr> <td>2</td> <td>Architectural Approaches to Decarbonization of Buildings</td> <td>12 Weeks</td> <td>2</td> <td>5</td> <td>18</td> <td>3</td> <td>28</td> </tr> <tr> <td>3</td> <td>Building Materials as a Cornerstone to Sustainability</td> <td>12 Weeks</td> <td>1</td> <td>5</td> <td>10</td> <td>4</td> <td>20</td> </tr> </tbody> </table> <p>NPTEL planned to offer in 2025-26 (Odd Sem)</p> <ul style="list-style-type: none"> • Circular Economy for Sustainable Buildings (12 Weeks) • Bioclimatic Architecture: Futureproofing with Simple and Advanced Passive Strategies (12 Weeks) • Introduction to Civil Engineering Profession (8 Weeks) <p>Internship for Students (2nd, 3rd & 4th Year) 2 Weeks-1 Credits 4 Weeks-2 credits 6 Weeks and above-3 Credit</p> <p>Number of Students undergone internship are</p> <table border="1"> <thead> <tr> <th>Batches</th> <th>Total No. of Students</th> <th>No. of Students undergone</th> </tr> </thead> <tbody> <tr> <td>2024-2028</td> <td>32</td> <td>20</td> </tr> <tr> <td>2023-2027</td> <td>31</td> <td>10</td> </tr> <tr> <td>2022-2026</td> <td>22</td> <td>07</td> </tr> </tbody> </table> <p>All members suggested that the Internship is mandatory to all students and to be fulfilled by AICTE norms. All members suggested to have the NPTEL course as mandatory to all students.</p> <p>The above discussion are submitted to the Academic Council for approval.</p>	Sl.No.	Course	Weeks	Certified	Elite	Elite+Silver	Elite+gold	Total	1	Environmental Science	12 Weeks	5	0	0	0	5	2	Architectural Approaches to Decarbonization of Buildings	12 Weeks	2	5	18	3	28	3	Building Materials as a Cornerstone to Sustainability	12 Weeks	1	5	10	4	20	Batches	Total No. of Students	No. of Students undergone	2024-2028	32	20	2023-2027	31	10	2022-2026	22	07

2023-2027	31	10																																													
2022-2026	22	07																																													

7.	Stake holders feedback and action taken	<p>The following suggestions are given by stakeholders</p> <ol style="list-style-type: none"> 1. Mr. G. Prabhakaran suggested that the “Concrete Technology” course should emphasize modern concreting techniques, durability-based mix designs, and performance-based structural considerations to prepare students for advanced construction practices. 2. Mr. Sathyamoorthy recommended that the “Water Quality and Management” course integrate practical water treatment applications, real-time water quality monitoring, and sustainable resource management strategies to enhance students’ applied knowledge. 3. Mr. S. Pavithran highlighted that the “Dynamics and Earthquake Engineering” course must focus on earthquake-resistant design principles, dynamic load analysis, and simulation-based learning to strengthen structural safety understanding. 4. Er. Kumaraguruparan suggested that the “Building Services” course include hands-on exposure to HVAC, plumbing, and electrical systems, along with field visits, to align with modern building engineering practices. 5. Dr. Jay Ghose recommended that the “Estimation and Quantity Surveying Laboratory” course incorporate digital tools, real-life project estimation, and cost-benefit analysis exercises to develop practical financial and planning skills. 6. Mr. Gajendra highlighted that the “Foundation Engineering” course should include soil-structure interaction case studies, foundation system comparisons, and field investigation techniques to enhance students’ practical decision-making capabilities. 7. Mr. Chandrakant suggested that the “Construction Materials and Technology” course focus on innovative and sustainable materials, quality control, and cost-effective construction practices for industry-ready knowledge. 8. Dr. Nagendra Rao Velaga recommended that the “Geology and Soil Mechanics” course integrate advanced soil testing methods, digital data acquisition, and geotechnical analysis software exposure to improve practical learning outcomes. 9. Mr. Subimal Ghose highlighted that the “Design of Steel Structures” course should emphasize modern design codes, performance-based structural design, and practical modelling exercises to prepare students for professional engineering practice. 10. Mr. Janardhanan Gangathulasi suggested that the “Rehabilitation of Structures” course include case studies on retrofitting, non-destructive testing, and sustainability-focused repair strategies to align with current civil engineering standards. 11. Mrs. Seethadevi emphasized that the “Project Management” course must focus on modern tools such as Primavera and MS Project, risk assessment, quality control, and project evaluation techniques to develop effective managerial and decision-making skills. <p>Based on the feedback received from the stakeholder the syllabi of R2026 for the particular courses are updated submitted to Academic Council meeting for the approval</p>					
8.	Suggestion given by IQAC	<table border="1"> <thead> <tr> <th data-bbox="566 1034 1368 1066">Suggestions</th> <th data-bbox="1368 1034 2163 1066">Action Taken</th> </tr> </thead> <tbody> <tr> <td data-bbox="566 1066 1368 1166"> 1) Introduce courses related to Sustainability Development 2) Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. </td> <td data-bbox="1368 1066 2163 1166">Motivated the students to take self-study courses on Sustainability Development in 2025-26 Even Semester</td> </tr> </tbody> </table>	Suggestions	Action Taken	1) Introduce courses related to Sustainability Development 2) Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes.	Motivated the students to take self-study courses on Sustainability Development in 2025-26 Even Semester	
Suggestions	Action Taken						
1) Introduce courses related to Sustainability Development 2) Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes.	Motivated the students to take self-study courses on Sustainability Development in 2025-26 Even Semester						
9.	Any other Matters	<p>Question Paper Reforms - Internal and End Semester Examination Reforms in examination question papers for both internal assessments and end-of-semester exams can be implemented in accordance with directives from the Head of the Institute, ensuring consistency across all branches.</p> <p>NCC as additional Credit \Waiver in R2026, R2022 & R2025 (PG) Members suggested adhering to the directions provided by the Head of the Institute since they are the same for all branches.</p>

ANNEXURE – I

Board of Studies (BoS) Meeting No.: 29

17.12.2025 (Wednesday), 10.00 a.m.

LIST OF MEMBERS ATTENDED

S.No.	Name	Designation & Address	Representation	Signature
1.	Dr.A.Murugesan	Professor & Head, Department of Mechanical Engineering, K.S.Rangasamy College of Technology.	Chairman	
2.	Dr. K. Balamurugan	Associate Professor, Department of Mechanical Engineering Government College of Engineering, Erode – 638 316.	University Nominee	
3.	Dr.D.Kesavan	Associate Professor, Mechanical Engineering Indian Institute of Technology Palakkad, Kanjikkode, Palakkad, Kerala. Pin: 678623	Subject Expert	—
4.	Dr.P.Jeyaraj	Associate Professor, Department of Mechanical Engineering, National Institute of Technology, Surathkal	Subject Expert	
5.	Mr.Rammohan Krishnan	President Engineering, Chemplast Cuddalore Vinyls Ltd., (Sanmar Group), SIPCOT Industrial Complex Phase II, Semmankuppam, Cuddalore - 607 005	Industry Expert	—
6.	Dr. R Parameshwaran	Principal, Kongu Engineering College, Perundurai, Erode-638052	Alumni	
7.	Dr. A. Kumaravel	Principal & Professor K.S.Rangasamy College of Technology.	Member	
8.	Dr.P.S.Sampath	Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology.	Member	
9.	Dr.S.Gopalakrishnan	Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology.	Member	
10.	Dr.K.Mohan	Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	—
11.	Dr.K.Santhanam	Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	—

S.No.	Name	Designation & Address	Representation	Signature
12.	Dr.M.Gnanasekaran	Associate Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
13.	Mr. S. Venkatesan	Assistant Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
14.	Dr.V.P. Arthanarieswaran	Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
15.	Dr.S.Jeyaprakasam	Associate Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
16.	Dr.D.Vasudevan	Assistant Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
17.	Mr.C.Ramesh	Assistant Professor, Department of Mechanical Engineering, K.S.Rangasamy College of Technology	Member	
18.	Mr.Sathish Kumar R	Parent of Rajesh Kumar S (73772211130)	Member (Parent)	
19.	Mr. Avinesh G Reg. No. 73772211104	IV Year Mechanical Engineering, K.S.Rangasamy College of Technology	Student Member	
20.	Mr. Arunachalam K P Reg. No. 73772211103			
21.	Mr. Abdul Rahman R Reg. No. 73772211103			
22.	Mr. Thilageshwaran P Reg.No. 73772211144

2.	Agenda	Name & Nominee	Discussion/Suggestion	Action to be taken	Responsibility	Target	Rem.
	Curriculum of UG programmes (R2026)	Dr.P.Jeyaraj, Academic Expert	26MY0E12T Biology for Engineers: Assessment methodology need to be revised.	Based on the suggestion, the mandatory course assessment methodology is revised.	Programme Coordinator	Immediate	Submitted to Academic Council for approval
		Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert	Suggested to include 26ME0403P-Mini Project in the curriculum with content /activities to be carried out during the schedule.	As per the suggestion, the content /activities during the schedule is incorporated.	Programme Coordinator	Immediate	
		Dr.K.Balamurugan, University Nominee & Dr.R.Parameshwaran Alumni	Suggested to incorporate innovation type in '26ME0102L-Design Thinking' lab course	As per the suggestion from the members, innovation based design thinking course is introduced.	BoS Chairman, Programme Coordinator	Immediate	
		Dr.P.Jeyaraj, Academic Expert	Suggested to verify the pre-requisite of courses like Machine learning, Mechatronics and IoT to have better clarity for R 2026 curriculum	As per the suggestion, the courses are rearranged based on the pre-requisite.	BoS Chairman	Immediate	
		Dr.K.Balamurugan, University Nominee	Suggested to include industrial management as one of the vertical. And suggested to include 'Quantum physics' in the content of 26PH0C01T Engineering Physics.	Based on the suggestion, the course verticals have been revised as per the requirement. And Quantum physics content is introduced in the course.	BoS Chairman & Programme Coordinator	Immediate	
		Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert	Telephonic conversation may be replaced with mobile conversation in the '26 EN 0C01I- Professional Communication course' .	As per the suggestion, the content is revised	BoS Chairman	Immediate	

3.	Revision in the Curriculum and Syllabi of I to VIII semester (R2022) of UG Programme	Dr.K.Balamurugan, University Nominee & Dr.R.Parameshwaran Alumni	Suggested to revise the laboratory component in the course '60 ME E25 Internal Combustion Engines.'	Based on the suggestion, the laboratory component has been revised.	Programme Coordinator & Module Coordinator	Immediate	Submitted to Academic Council for approval.
		All BoS members	Suggested to include '60 MY 004 - Disaster Management' as one of the mandatory course as per the directions from AICTE.	As per the insight, the '60 MY 004-Disaster Management' course is offered as mandatory course			
		Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert	60 ME E45-Thermal Turbomachines: Suggested to include sensor technology in the course content and real time examples may be given as case studies.	As per the suggestion the contents were revised.			

4 Curriculum and Syllabi for Minor and Honour Degree programmes (R2022)

Discussion/Suggestion:

Proposed curriculum and syllabi for the Honours courses were presented and the suggestions were sought by the BoS Chaiman. The list of courses in R 2022 are as follows:

S. No.	Course Code	Course Name	Credits
1	60 ME E16	Reverse Engineering	3
2	60 ME E27	Optimization Techniques in Design	3
3	60 ME E37	Integrated Product Development	3
4	60 ME E47	Micro and Precision Engineering	3
5	60 ME E57	Quality Engineering	3
6	60 ME E58	Surface Engineering	3

Action Taken:

All BoS Members approved the courses and submitted to Academic Council for further approval.

5 List of open elective courses offered in 2025-26(ODD Semester)

The following open elective courses were offered in 2025-26 (ODD Semester)

S. No.	Course Code	Course Name	Semester	Dept. Opted	No. of students	Total
1	60 ME L01	Direct Digital Manufacturing	V, VII	ECE	29	54
				EEE	03	
				MCT	12	
				BT	03	
				TXT	03	
				FT	04	
2	60 ME L02	Product Design and Development	V, VII	ECE	12	49
				MCT	04	
				BT	01	
				FT	32	
3	60 ME L03	Composite Materials and Processing	V, VII	CIVIL	08	33
				MCT	17	
				FT	04	
				TXT	04	

Discussion/Suggestion:

Dr.K.Balamurugan, University Nominee & Dr.R.Parameshwaran, Alumni, suggested to offer interdisciplinary courses focussing on skill development and placement.

List of open elective courses planned to offer in 2025-26 (EVEN semester)

Based on the discussion, the members approved to offer the following open elective courses in 2025-26 (EVEN semester)

S.No.	Course Code	Course Name	Credits
1	60 ME L04	Reliability Engineering	3
2	60 ME L05	Logistics Management	3
3	60 ME L06	Power Generation Engineering	3
4	60 ME L07	Green Energy Sources	3

List of value-added courses offered in 2025-26(ODD Semester) and planned to offer in 2025-26 (EVEN semester)

The following value added course was offered in 2025-26 (ODD Semester)

S. No.	Course Name	Semester	No. of students	Course Duration in Hours
1	CATIA V5 R20	V	58	50
2	Computer Aided Manufacturing (CAM)	V	58	50
3	HVAC	V	58	50

Discussion/Suggestion:

Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert suggested to offer industry related value added courses to suit the current requirements.

It is proposed to offer the following value added courses from 2025-26 EVEN Semester

S. No.	Course Name	Semester	Course Duration in Hours
1	MATLAB	VI	70
2	Solid Works 2022	VI	70

BoS members approved the list of value added courses and it is resolved to submit the proposal for the approval in Academic Council.

- 6.1 Discussion on proposed Curriculum for UG (I to VIII Semesters, R2026)**
- Discussion/Suggestion:**
- I. Total No. of credits for the UG programme**
- Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert and other members have gone through the proposed curriculum of B.E Mechanical Engineering under Regulation R 2026 suggested to continue with **163** credits.
- II. Curriculum for I to VIII semester Courses (R2026) and Recommendations**
- Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert appreciated that the R2026 curriculum of the Mechanical Engineering programme will meet the requirements to pursue higher education & carrier guidance and startups & entrepreneurship as well.
- III. Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).**
- Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert appreciated that the proposed R 2026 curriculum will focus on current trends in Mechanical Engineering which will be useful for placement, higher studies and entrepreneurship.
- IV. Curriculum meeting the requirements of NEP 2020.**
- Dr.K.Balamurugan, University Nominee, Dr.P.Jeyaraj, Academic Expert and other members recommended to continue with existing system for elective courses/open elective course selection, project selection and internship.
- V. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills.**
- Members suggested that the proposed curriculum R 2026 will enrich innovative, design & critical thinking skills and problem solving abilities of students.
- VI. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories**
- Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert suggested to continue with virtual laboratory contents available in web platform of premier institute.
- VII. Introduction of new courses**
- Members suggested to focus on current trends in Mechanical Engineering which will be useful for placement, higher studies and entrepreneurship.

	<p>Action Taken:</p> <ul style="list-style-type: none"> - Based on the suggestion from the BoS members and the latest technology in Mechanical Engineering, following new courses are introduced in R2026 for betterment of placement, higher studies and entrepreneurship. <ol style="list-style-type: none"> 1. Foreign Language (Japanese/German/French) 2. Biology for Engineers^ (MC) 3. Disaster Management (MC) 4. Product Life Cycle Management 5. Life Skill for Engineers^s (MC) 6. Tribological Design 7. Mechanical Vibrations 8. Digital Twin 9. Electric Vehicle Design 10. Digital Manufacturing and IoT 11. Battery Technology 12. Vehicle Technology 13. Energy Conservation and Auditing 14. Bio-fuel Technology 15. Fabrication Laboratory – IDEA Lab – Maker Space (Micro Project) 16. Innovation for Engineering and Technology (Micro Project) 17. Mini Project 18. Drone Technologies <p>The BoS Members approved the curriculum for R 2026 and it is suggested to submit it in the Academic Council for approval.</p>
6.2	<p>Discussion on proposed Curriculum of New UG Programme - Robotics and Automation (I to VIII Semesters - R2026)</p> <p>I. Introduction of New UG Programme - Robotics and Automation in the upcoming academic year 2026-27</p> <ul style="list-style-type: none"> - The proposed B.E.- Robotics and Automation will support the manufacturing and process industry's skill gap by offering an industry relevant curriculum focussed on emerging technologies, employability, hands-on training, research and innovation while strengthening industry collaborations. <p>II. Review of curriculum for I to VIII semester Courses (R2026) and Recommendations</p> <ul style="list-style-type: none"> - The Robotics and Automation (UG) programme and curriculum offering advanced courses to bridge the skill gap in the field of Robotic process, Robot mechanics and Automation of workspace etc. - The BoS Chairman presented the proposed curriculum. The deliberations were made among the members about the demand for man power in the manufacturing sector and reviewed the curriculum. It is resolved to submit proposed curriculum to Academic Council for approval. <p>III. Total No. of credits for the B.E. Robotics and Automation (UG) – 164</p>

IV. Preparation of courses from I to VIII semester and Recommendations

- The BoS Chairman presented the proposed syllabi of B.E. Robotics and Automation (UG) programme. Members discussed and reviewed the course contents based on the industry requirements. It is resolved to submit the proposed Syllabi to Academic Council for approval.

V. Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues

- The proposed curriculum meet the requirements to pursue higher education, career guidance, Startups & Entrepreneurship & cross cutting issues

VI. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills.

- Members suggested that the proposed curriculum R 2026 will enrich innovative, design & critical thinking skills and problem solving abilities of students. The members of the BoS approved the curriculum and syllabi. It is resolved to submit the proposed curriculum and syllabi in Academic Council for further approval.

7 Discussion on Choice Based Credit System**I. Self-study courses SWAYAM/ NPTEL/MOOC courses offered in 2025-26 (ODD Sem) and planned to offer in 2025-26 (EVEN Sem)**

- Dr.K.Balamurugan, University Nominee, Dr.P.Jeyaraj, Academic Expert suggested to offer self-study courses from 3rdsemester onwards with one course per semester. The following courses were completed by both faculty and students under NPTEL during 2025-26 (ODD semester)

S. No.	Name of the course	Year /Semester	No. of weeks	No. of students got certification	Total
1	Introduction to Composite	III/V	12	13	98
2	Rapid Manufacturing	III/V	12	45	
3	Laser Based Manufacturing	II/III	8	14	
4	Product Design and Development	II/III	4	26	

NPTEL courses planned to offer during 2025-26 (EVEN semester)

S. No.	Name of the course	Year /Semester	No. of weeks
1	Education for Sustainable Development	I/II	12
2	Manufacturing Guidelines for Product Design	II/IV	8
3	Navigating the Latest Trends in Additive Manufacturing Landscape	II/IV	12
4	Environmental Geoscience	III/VI	12

II. One credit course offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester)

- The following one credit courses were offered in 2025-26 (ODD Semester)

- Advanced Material Joining Technologies (AMJT)
- Welding of ferrous and Non-ferrous Metal

- Dr.P.Jeyaraj, Academic Expert and Dr.K.Balamurugan, University Nominee suggested to offer one credit courses from 4th semester onwards that to one course per semester. The following one credit course is planned to offer in 2025-26 (EVEN semester)

- Welding Design Codes and Testing

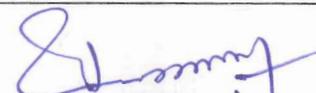

- The BoS members appreciated and approved to offer the proposed courses. It is resolved to submit to Academic Council for further approval.

	<p>III. Skill based courses offered in 2025-26 (ODD semester) and planned to offer 2025-26 (EVEN Semester) Discussion/Suggestion: - Members suggested to offer the skill based courses that will improve the technical skill of the students. The following skill based courses were planned to offer in 2025-26 (EVEN semester) • Non -Destructive Testing / GD & T</p> <p>IV. International Certification completed in 2024-25 (EVEN semester) and identification of certifications for the forthcoming semesters. Discussion/Suggestion: - Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert insisted to motivate the students to participate in the certification courses. The international certified course titled ‘Generative Design for Additive Manufacturing’ is identified and planned to offer in the forthcoming semester.</p> <p>V. Rollout of laboratories classes to encourage students to participate in Design Contests, Hackathon, Ideathon, and similar activities. Discussion/Suggestion: - Dr.K.Balamurugan, University Nominee & Dr.P.Jeyaraj, Academic Expert insisted to motivate the students to participate the more number of hackathon, design contests and Ideathon etc. to improve the knowledge and skill development which could be useful for placement activities and higher studies.</p> <p>VI. Evaluation pattern for Integrated courses, Project based & System based courses Discussion/Suggestion: - As per the suggestion, it is decided to proceed with existing process for evaluation pattern for integrated courses.</p> <p>VII. Internship details of students (2nd, 3rd & 4th Year) - BoS members suggested to undergo internship from 3rd semester onwards offered by core companies during summer and winter vacations. 28 students were completed the internship during ODD Semester of 2025-26 academic year. The BoS members approved the contents and submit the proposal to Academic Council for approval.</p>
8	<p>Stake holders feedback and action taken Discussion/Suggestion: The following stake holders (Employer, Alumni, Faculty and Students) have given the feedback related to curriculum design and development.</p> <ul style="list-style-type: none"> - Mr.M.Ranjith, (Employer), Executive – PED Design, Igharashi Motors India Ltd., Chennai, suggested to include CAD/CAM (Computer-Aided Design and Manufacturing) to emphasize hands-on skills in the workplace. - Mr. V. Dinesh Kumar, (Alumni), Maintenance, KONE Elevators Pvt. Ltd, Chennai, suggested to include the course ‘Quality Inspection and Management’ in order to emphasize in troubleshooting and solving practical problems - Mr. Mohamed Kamaludin S (Alumni), Executive - Quality Model Infra Corporation, Sriperambadur, Thiruvallur suggested to include Engineering Drawing and Machine Drawing for better understanding of GD&T and ability to read technical drawings.

	<ul style="list-style-type: none"> - Mr. Babu. P, (Employer), Layout & Piping, Principal Designer, SAIPEM India Projects Private Limited, Perungudi, Chennai suggested to learn the software CAESAR II (Stress Analysis), E3D and SP3D (Plant Modeling Software) which will help students to secure jobs in the Oil & Gas and Power sectors. - Parameswaran R- Technical Design Head, Mr. Vinoth, HR- and Mr. Anbarasu- Senior Design 7Engineer, PRD rigs Pvt. L8td., Sankari, suggested to concentrate on Knowledge of CAD tools, Good Logical Thinking, and problem-solving skills. - Mr. A. Faziolkhan, (Alumni), Product Management/Engineering Change management Engineer, Ford Global Technologies Business Centre India, Shollinganallur, Chennai suggested to focus on Programming languages - Python, SQL, Robotic Process Automation and additional languages like German, Japanese. - Mr. Chilambarasan K, (Alumni), Project Manager-Software Development, DEP India Pvt ltd., Chennai, suggested to include CAE basic meshing, Crash and NVH analysis for better opportunity in R & D areas. <p>Action Taken:</p> <ul style="list-style-type: none"> - Based on the suggestion from stake holder, the course contents were revised and submitted to Academic Council for further approval.
9	<p>Suggestions given by IQAC</p> <ul style="list-style-type: none"> • Introduce courses related to Sustainability Development • Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. <p>Action Taken:</p> <ul style="list-style-type: none"> - Sustainability Development courses like 26ME0404T-Thermal Engineering, 26ME0E02T- Refrigeration and HVAC System, 26ME0E04T-Renewable Energy Systems, 26ME0E05T - Energy Conservation and Auditing were introduced in the R2026 curriculum. - Senior members from academia, Industry experts/Alumni from reputed organizations are involved in developing curriculum and syllabi aligned with current industry requirements, thereby promoting employability. It is resolved to submit it in Academic Council for further approval.
10	<p>Any other matters</p> <p>Suggestion on Examination Reforms (Question Paper Reforms - Internal and End Semester Examination)</p> <ul style="list-style-type: none"> - Examination pattern can be followed as per the directions from the Head of the Institute since it is common for all the branches. <p>Suggestions and permission to start new programmes in thrust areas</p> <ul style="list-style-type: none"> - Suggested to offer the following new programmes based on the availability of resources. Robotics and Automation, Computational Mechanics, Digital Manufacturing, AIML based Engineering Design, Energy Technologies <p>Action Taken:</p> <ul style="list-style-type: none"> - Based on the suggestions from BoS members, we planned to submit a proposal to start new UG programme 'B.E. Robotics and Automation' to AICTE and Anna University, Chennai. It is resolved to submit it in Academic Council for further approval.

BoS Chairman 17/12/25

K.S.RANGASAMY COLLEGE OF TECHNOLOGY, TIRUCHENGODE 637 215
(An Autonomous Institution, Affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting
Department of Mechatronics Engineering

(UG-MECHATRONICS ENGINEERING & PG-INDUSTRIAL SAFETY ENGINEERING)

BoS Meeting No. 29		Date: 17.12.2025	Venue: Homi.J Bhabha Hall, Aditya Block & MS Teams
---------------------------	--	-------------------------	---

The 29th Board of Studies Meeting of the Department of Mechatronics Engineering was held in hybrid mode on 17.12.2025. The Chairman, BoS of Mechatronics Engineering welcomed and introduced the members of 29th Board of Studies and presented the Regulation 2026 curriculum, I and II Semester Syllabi for the B.E. Mechatronics Engineering program and the Regulation 2025 curriculum and syllabi for the M.E. Industrial Safety Engineering program to the members of the Board of Studies.

<p>Agenda: Vision, Mission, PEO, PSOs of Mechatronics Engineering Programme</p>
<p>Discussions/Suggestions: Vision, Mission, PEOs, PSOs of Mechatronics Engineering programme were presented and discussed among the members</p>
<p>Vision: To become a pioneer in producing competent Mechatronics Engineers, researchers and entrepreneurs through quality education</p>
<p>Mission:</p> <ul style="list-style-type: none"> ▪ To produce competent and ethically bound Mechatronics professionals by imparting the technical knowledge and skills through quality teaching learning process ▪ To build an environment that is favourable for employability skills through collaborations with academia and industry ▪ To groom the students to focus on higher studies, research, entrepreneurship and be committed to the societal welfare and quality of life by creating an effective ecosystem
<p>Program Educational Objectives (PEOs)</p> <p>PEO1: Core competencies: Our graduates apply engineering knowledge to solve problems in Mechatronics and relevant fields.</p> <p>PEO2: Employability: Our graduates demonstrate technical and professional skills to ethically address the industrial and societal needs.</p> <p>PEO3: Higher Studies, Research and Entrepreneurship: Our graduates pursue higher studies, research and entrepreneurship in diverse fields.</p>
<p>Programme Specific Outcomes (PSOs): Engineering Graduates will be able to:</p> <p>PSO1: Specify, design and develop automation systems for the given engineering applications.</p> <p>PSO2: Design and evaluate mechatronic systems using the state-of-the-art equipment and software tools.</p>
<p>Action to be taken: The BoS members resolved to continue with the existing Vision, Mission, PEOs, and PSOs of the Mechatronics Engineering Programme</p>

S. No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum of UG programme (R2026)	Dr. K. Balamurugan (University Nominee)	1. Project Work Phase - I may be included in R2026	1. Suggestions are recommended to the Standing Committee meeting	BoS Chairman / Programme Coordinator	Immediate	Submitted to Academic Council for further Approval
		Dr.M.Bharathiraja (Subject Expert) Dr.P.Ravichandran (Subject Expert)	2. The Professional Elective course 70 MC E24 Automobile Engineering may be renamed as 70 MC E24 Automotive Electronics as the course content covers both Automobile Engineering fundamentals and the application of electronics in automobiles	2. The Professional Elective course 70 MC E24 Automobile Engineering renamed as 70 MC E24 Automotive Electronics and the syllabus will cover both Automobile Engineering fundamentals and the application of electronics in automobiles	BoS Chairman / Programme Coordinator / Module Coordinator	December 2027	
2.	Curriculum and syllabi of R2025 (PG)	Dr.S.P. Sivapirakasam (Subject Expert) Dr. K. Balamurugan (University Nominee)	1. The courses 70 PIS E21 Safety in Chemical Industries and 70 PIS 103 Safety in Process Industries have similar content, so it was proposed to remove the professional elective and replace it with 70 PIS E21 Safety in Petro-Chemical Industries 2. The professional elective course 70 PIS E31 Safety and Risk Analytics may be removed from the electives and replace with the course Safety in Material Handling Equipment	1. The professional elective course 70 PIS E21 Safety in Chemical Industries was removed and replaced with 70 PIS E21 Safety in Petro-Chemical Industries course 2. The professional elective course 70 PIS E31 Safety and Risk Analytics was removed and replaced with 70 PIS E31 Safety in Material Handling Equipment course	BoS Chairman / Programme Coordinator / Module Coordinator	Immediate	Submitted to Academic Council for further Approval

3.	Revision in the Curriculum and Syllabi of I to VIII semester (R2022) of UG Programmes.	All BoS Members	No revisions were suggested by the stakeholders, and it was resolved that no modifications are required to the existing structure. As per AICTE guidelines, the BoS members suggested to introduce a new course, 60 MY 004 Disaster Management , in the UG curriculum	The curriculum and syllabi of the UG programme for Semesters I to VIII (R2022) are being followed without any changes, as no modifications have been proposed Based on the suggestion, new course 60 MY 004 Disaster Management introduced in the UG R2022 curriculum	BoS Chairman / Programme Coordinator / Module Coordinator	Submitted to Academic Council for further Approval
----	--	-----------------	---	---	---	--

4.	Curriculum and Syllabi for Minor and Honour Degree programmes (R2022 & R2026)																																																						
<p>Discussion/Suggestion: The curriculum and syllabi of the Honour Degree in Robotics and Automation were reviewed, and the BoS members approved that no modifications are required to the existing R2022 syllabi</p> <p>The R2022 Honour Degree in Robotics and Automation is currently offered with the following courses:</p>																																																							
<table border="1"> <thead> <tr> <th>S.No</th> <th>Course Code</th> <th>Course Name</th> <th>L</th> <th>T</th> <th>P</th> <th>C</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60 MC E17</td> <td>Medical Robotics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>2</td> <td>60 MC E18</td> <td>AI for Robotics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>3</td> <td>60 MC E27</td> <td>Robot Kinematics and Dynamics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>4</td> <td>60 MC E37</td> <td>Applied and Industrial Robotics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>5</td> <td>60 MC E47</td> <td>Robotic Programming</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>6</td> <td>60 MC E48</td> <td>Sensors and Machine Vision Systems</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> </tbody> </table>							S.No	Course Code	Course Name	L	T	P	C	1	60 MC E17	Medical Robotics	3	-	-	3	2	60 MC E18	AI for Robotics	3	-	-	3	3	60 MC E27	Robot Kinematics and Dynamics	3	-	-	3	4	60 MC E37	Applied and Industrial Robotics	3	-	-	3	5	60 MC E47	Robotic Programming	3	-	-	3	6	60 MC E48	Sensors and Machine Vision Systems	3	-	-	3

2	60 MC E18	AI for Robotics	3	-	-	3																																																	
3	60 MC E27	Robot Kinematics and Dynamics	3	-	-	3																																																	
4	60 MC E37	Applied and Industrial Robotics	3	-	-	3																																																	
5	60 MC E47	Robotic Programming	3	-	-	3																																																	
6	60 MC E48	Sensors and Machine Vision Systems	3	-	-	3																																																	
The proposed courses for the R2026 Honour Degree in Robotics and Automation are as follows:																																																							
<table border="1"> <thead> <tr> <th>S.No</th> <th>Course Name</th> <th>L</th> <th>T</th> <th>P</th> <th>C</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Robot Kinematics and Dynamics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>2</td> <td>Automation in Renewable Energy Systems</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>3</td> <td>AI for Robotics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>4</td> <td>Robot Ethics and Safety Systems</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>5</td> <td>Applied and Industrial Robotics</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> <tr> <td>6</td> <td>Sustainable and Green Automation Technologies</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> </tr> </tbody> </table>							S.No	Course Name	L	T	P	C	1	Robot Kinematics and Dynamics	3	-	-	3	2	Automation in Renewable Energy Systems	3	-	-	3	3	AI for Robotics	3	-	-	3	4	Robot Ethics and Safety Systems	3	-	-	3	5	Applied and Industrial Robotics	3	-	-	3	6	Sustainable and Green Automation Technologies	3	-	-	3							
S.No	Course Name	L	T	P	C																																																		
1	Robot Kinematics and Dynamics	3	-	-	3																																																		
2	Automation in Renewable Energy Systems	3	-	-	3																																																		
3	AI for Robotics	3	-	-	3																																																		
4	Robot Ethics and Safety Systems	3	-	-	3																																																		
5	Applied and Industrial Robotics	3	-	-	3																																																		
6	Sustainable and Green Automation Technologies	3	-	-	3																																																		
<p>Action Taken: The curriculum and syllabi of R2022 Honour Degree courses presented by the BoS Chairman were approved by BoS members in the BoS meeting and submitted to Academic Council for further approval.</p>																																																							

5. **List of Open Elective Courses offered in 2025-2026 (ODD Semester)**
The following open elective course was offered in 2025-26 (ODD Semester)

S.No	Course Code	Course Name	L	T	P	C	No of Students
1	60 MC L06	Safety and Risk Analytics	3	-	-	3	54

List of Open Elective Courses planned to offer in 2025-26 (EVEN semester)

Action Taken:

Based on the discussion, the BoS members approved to offer the following open elective courses in 2025-26 (EVEN Semester)

S.No	Course Code	Course Name	L	T	P	C
1	60 MC L03	Applied Ergonomics	3	-	-	3
2	60 MC L05	Digital Transformation in Manufacturing	3	-	-	3

List of value-added courses offered in 2025-26(ODD Semester) and planned to offer in 2025-26 (EVEN semester)

In AY:2025-2026 (ODD Semester) value-added courses offered : Nil

Discussion/Suggestion:

The BoS members recommended offering value-added courses in the forthcoming Even Semester of the 2025-26 academic year.

Dr. K. Balamurugan, University Nominee, and Dr. M. Bharathiraja, Subject Expert, suggested offer industry-oriented value-added courses to meet current requirements

Action Taken:

It is proposed to offer the following value added courses for 2025-26 EVEN Semester

S.No	Name of the Value Added Course	No. of hours	Name of the Industry
1	Signal Processing Applications using MATLAB	30	Armada Industrial Automation, Thanjavur
2	3D Part Modeling using SolidWorks	30	C Cube Technologies, Erode

BoS members approved the open elective courses and value added courses and submitted to Academic Council for further approval.

6. **I. Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026) and Curriculum and Syllabi of PG (I to IV semesters, R2025)**

UG Programme:

Discussion/Suggestion:

- The BoS members have gone through the proposed curriculum of Mechatronics Engineering (UG) under Regulation R 2026.

Action Taken:

- As per the discussions, it is resolved to continue with 162 credits for B.E Mechtronics Engineering in R2026 and submitted to Academic Council for approval.

PG Programme:

Discussion/Suggestion:

- The BoS members have gone through the Curriculum and Syllabi for I to IV semester Industrial Safety Engineering (PG) under Regulation R 2025

Action Taken:

- As per the discussions, it is approved to continue with 74 credits for M.E Industrial Safety Engineering in R2025 and submitted to Academic Council for further approval.

II. Curriculum for I to VIII semester Courses (R2026) and Recommendations

- The BoS members, appreciated that the R2026 curriculum of the Mechatronics Engineering programme addresses the requirements for pursuing higher education, career guidance, and startups and entrepreneurship

III. Curriculum and syllabi to support progression to higher education, career guidance, Start-ups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).

- The BoS members appreciated that the proposed R2026 curriculum focuses on current trends in Mechatronics Engineering, which will be useful for placements, higher studies, and entrepreneurship.

IV. Curriculum meeting the requirements of NEP 2020.**Discussion/Suggestion:**

- The BoS members recommended continuing the existing system for elective and open elective course selection, project selection, and internships

V. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills.**Discussion/Suggestion:**

- The BoS members suggested that the proposed R2026 curriculum will enhance students' innovation, design and critical thinking skills, as well as their problem-solving abilities

VI. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories**Discussion/Suggestion:**

- The BoS members recommended that faculty may make use of the online virtual laboratory resources provided by reputed/premier institutes (such as IITs, IISc, NITs, etc.) that are available on their official web platforms for teaching and learning purposes

Action Taken:

Based on the BoS recommendations, suitable virtual laboratory resources from premier institutes have been identified for use in the respective courses in the forthcoming semesters.

S.No	Virtual Lab Name	Participating Institutes
1	Strength of Materials Lab	IIT Kanpur
2	Fluid Mechanics Lab	IIT Roorkee
3	Heat Transfer Lab	IIT Guwahati
4	Metrology and Measurements Lab	IIT Madras
5	Kinematics of Machines Lab	IIT Delhi
6	Electrical Machines Lab	IIT Kharagpur
7	Basic Electrical Circuits Lab	IIT Bombay
8	Analog Electronics Lab	IIT Roorkee
9	Digital Electronics Lab	IIT Kharagpur
10	Python Programming Lab	IIT Madras

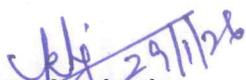

It is approved by BoS members and submitted to Academic Council for further approval

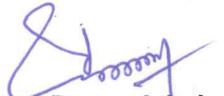

VII. Introduction of new courses**Discussion/Suggestion:**

- Members suggested to focus on current trends in Mechatronics Engineering which will be useful for placement, higher studies and entrepreneurship.

<p>VI. Internship details of students (2nd, 3rd & 4th Year) BoS members suggested that students shall undergo internship from 3rd semester onwards offered by core companies during summer and winter vacations. 12 students from 4th year and 4 students from 3rd year were undergone the internship during ODD Semester of 2025-26 academic year. Submitted for the approval in Academic Council for further approval</p>																		
<p>8. Stake holders feedback and action taken For the 28th BoS Meeting, the suggestions given by the stakeholders are incorporated in the R2022 syllabi for the courses 61 MC 404-Hydraulic and Pneumatic Control and 61 MC 302 Sensors and Instrumentation were discussed in the meeting and approved by the BoS members the feedbacks are given by Mr. T. Kumar, Lead Mechanical Engineer, KK Wind Solutions (P) Limited, Bengaluru -, 61 MC 404-Hydraulic and Pneumatic Control Course, IoT based pneumatic circuit experiment may be replaced with Electro-Pneumatic Circuit Experiment, Mr. P. Dinesh Babu, Associate Professor, School of Mechanical Engineering, SASTRA Deemed University - 61 MC 302 Sensors and Instrumentation course, the 10 number of experiments in the integrated course may be reduced to 5 experiments Action Taken: - Based on the suggestion from stake holder, the contents of course were revised and approved by BoS members and submitted to Academic Council for further approval</p>																		
<p>9. Suggestions from IQAC The following suggestions were given by IQAC: - Introduce courses related to Sustainability Development. Action Taken: 70 MC E62 Sustainable and Green Transportation Systems, 70 MC E22 Electric and Hybrid Vehicle Technologies, 70 MC E32 Battery Management Systems courses are introduced in R2026 curriculum related to Sustainability Development. - Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. Action Taken: In accordance with the BoS recommendation, senior academicians, industry experts, distinguished alumni, and representatives from MoU-signed organizations will be involved in the syllabus framing process to strengthen research quality, improve relevance, and enhance employability outcomes</p>																		
<p>10. Any other matters Suggestion on Examination Reforms (Question Paper Reforms - Internal and End Semester Examination) - The examination pattern shall be followed as per the directions of the Head of the Institute, as it is common to all branches. - Course exemption for students holding NCC 'B' Certificate in the Air Wing or Army Wing was discussed with the BoS members.</p> <table border="1" data-bbox="212 1045 1339 1141"> <thead> <tr> <th>S.No</th> <th>Course Code</th> <th>Course Name</th> <th>L</th> <th>T</th> <th>P</th> <th>C</th> <th>Semester</th> <th>No. of Students</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60 MC E55</td> <td>Rapid Prototyping</td> <td>3</td> <td>-</td> <td>-</td> <td>3</td> <td>VIII</td> <td>3</td> </tr> </tbody> </table> <p>Action Taken: The BoS members approved that students holding an NCC 'B' Certificate (Air Wing or Army Wing) shall be granted exemption for one Professional Elective or Open Elective course in the R2022 curriculum. The proposal has been submitted to the Academic Council for further approval.</p>	S.No	Course Code	Course Name	L	T	P	C	Semester	No. of Students	1	60 MC E55	Rapid Prototyping	3	-	-	3	VIII	3
S.No	Course Code	Course Name	L	T	P	C	Semester	No. of Students										
1	60 MC E55	Rapid Prototyping	3	-	-	3	VIII	3

Minutes of the Board of Studies Meeting
Department of Electrical and Electronics Engineering (UG & PG)

BoS Meeting No: 29		Date: 15.12.2025			Venue: HoD Chamber, Dept of EEE		
S. No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum of UG programme (R2026)	Dr. V. Sankaranarayanan University Nominee	Draft Curriculum of R2026 were presented and the following changes to be made based on the suggestion given by members Suggestion given: Electrical Machines I & Electrical Machines II courses may be offered as two separate courses	Curriculum updated with two separate courses.	Module Coordinator & BoS Chairman	Immediate	Submitted for the approval of Academic Council
			Electrical Machines I and Electrical Machines II courses may be renamed with the name of specific machines	Name of the courses specified in the curriculum are DC Machines and Transformers which is placed in III Semester and Induction and Synchronous Machines course is placed in IV Semester			
			Electrical Machine Design Course may be changed to Professional Elective	Electrical Machine Design course is offered as Professional Elective			
			Digital Logic Circuit Design and Linear Integrated Circuits courses may be in separate semester	Digital Logic Circuit Design course is placed in III Semester and Linear Integrated Circuits and its applications course is placed in IV Semester			
			Signals and Systems course may be introduced as Professional Core and Digital Signal Process may be shifted to Professional Electives	Signals and Systems course is introduced in IV Semester and Digital Signal Process course is placed in Professional Elective			

		Dr. S. Thangavel Subject Expert	Electrical System Design Laboratory may be taught as Integrated course and name be changed as Power System Simulation Lab	Electrical System Design Laboratory Experiments will be included to Power System Operation and Control course and its structure is modified as Integrated course.	Module Coordinator & BoS Chairman	31.03.2026	Submitted for the approval of Academic Council
			Artificial Intelligence Course may be offered as Professional Elective	Artificial Intelligence Course is included in Professional Electives group			
		Er. K. Kalaiyaranan Industry Expert	Embedded Systems and VLSI course may be taught as single course	Important topics and techniques on VLSI course will be considered while preparing syllabus content of Embedded Systems course	BoS Chairman	31.03.2026	
		Dr. K. Udhayakumar Alumni	Industry Supported courses may be improved for betterment of curriculum	Suitable Industry to be identified for Industry supported course	BoS Chairman	31.03.2026	
		Dr. N. P. Subramaniam Subject Expert	LabVIEW need not be mentioned in the open elective course title and may be titled as Graphical System Interface using Virtual Instrumentation	Course name is changed as Graphical System Interface Using Virtual Instrumentation for R2026 open elective course	BoS Chairman	Immediate	
2.	Revision in the Curriculum and Syllabi of I to VIII semester (R2022) of UG Programmes	Dr. S. Thangavel Subject Expert Er. K. Kalaiyaranan Industry Expert Dr. K. Udhayakumar Alumni Dr. V. Sankaranarayanan University Nominee Dr. N. P.	The below listed VIII semester Professional elective courses are lab component integrated courses. The experiments included in the syllabus of these courses are 10 and it will be difficult to roll out the course effectively. Approval is requested to make it as 5 and finalize the syllabus for these courses i. 60EEE51 – Hybrid Energy Technology ii. 60EEE52 – IoT for Industrial Automation iii. 60EEE53 – Restructured	10 Experiments modified to 5 Experiments in Professional Elective Courses	BoS Chairman and Module Coordinator	Immediate	Submitted for the approval of Academic Council

		Subramaniam Subject Expert	iv. Power Market 60EEE54 – Control of Power Electronic Circuits v. 60EEE55 – Embedded Control for Electrical Drives vi. 60EEE56 - Virtual Instrumentation System vii. 60EEE57 – Design of Electric Vehicle Charging System																																				
3.	Curriculum and Syllabi for Minor and Honour Degree programmes (R2022 & R2026) The proposed Curriculum and Syllabi for Honour / Minor Degree programmes (R2022 & R2026) were presented by BoS Chairman. Suggestions: Students can opt any 6 additional Courses (Elective courses and Self-learning courses) for a total credit of 18 in R2022 and R2026 for Honor and Minor Degree. Action taken The proposed curriculum and syllabi for the Honour Degree programmes (R2022 & R2026), presented by the BoS Chairman, were passed in the meeting and submitted for approval in the Academic Council meeting.																																						
4.	List of open elective courses and value-added courses offered in 2025-2026 (Odd Semester) and planned to offer in 2025-2026 (Even Semester) Open Electives offered: <table border="1" data-bbox="721 802 1621 903"> <thead> <tr> <th>S. No.</th> <th>Course Code</th> <th>Course name</th> <th># students</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60EEL04</td> <td>Sensor Technology</td> <td>65</td> </tr> </tbody> </table> Open Elective planned to offer: <table border="1" data-bbox="721 935 1621 1086"> <thead> <tr> <th>S. No.</th> <th>Course Code</th> <th>Course name</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60EEL03</td> <td>Electric Vehicle Technology</td> </tr> <tr> <td>2</td> <td>60EEL02</td> <td>Graphical System Interface using LabVIEW</td> </tr> </tbody> </table> Value added courses planned to offer: <table border="1" data-bbox="730 1118 1612 1367"> <thead> <tr> <th>S. No.</th> <th>Course name</th> <th># Hours</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Introduction to MATLAB</td> <td>30</td> </tr> <tr> <td>2</td> <td>Advanced Circuit Board Repair and Services</td> <td>30</td> </tr> <tr> <td>3</td> <td>Python for Data Science</td> <td>30</td> </tr> <tr> <td>4</td> <td>PCB Design and IoT</td> <td>30</td> </tr> </tbody> </table> List of open electives and respective Syllabi were presented							S. No.	Course Code	Course name	# students	1	60EEL04	Sensor Technology	65	S. No.	Course Code	Course name	1	60EEL03	Electric Vehicle Technology	2	60EEL02	Graphical System Interface using LabVIEW	S. S. No.	Course Code	Course name	# students																																				
1	60EEL04	Sensor Technology	65																																				
S. No.	Course Code	Course name																																					
1	60EEL03	Electric Vehicle Technology																																					
2	60EEL02	Graphical System Interface using LabVIEW																																					
S. No.	Course name	# Hours																																					
1	Introduction to MATLAB	30																																					
2	Advanced Circuit Board Repair and Services	30																																					
3	Python for Data Science	30																																					
4	PCB Design and IoT	30																																					

	<p>Dr. N. P. Subramaniam suggested to modify the value-added course name as Programming in MATLAB / Introduction to MATLAB instead of Fundamentals of MATLAB.</p> <p>Dr. V Sankaranarayanan (University Nominee), Dr. S. Thangavel (Subject Expert) & Dr.K. Kalaiyaran (Industry Expert) appreciated the list of open elective Courses</p> <p>Action taken</p> <p>Value added course name is changed to Introduction to MATLAB and submitted for the approval in Academic Council Meeting.</p>												
5	Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026)												
I	<p>Total No. of credits for the UG programme</p> <p>Total No. of credits for the UG programme is 164</p> <p>BoS Committee approved and submitted to academic council for further approval</p>												
II	<p>Curriculum for I to VIII semester Courses (R2026) and Recommendations Suggestions By Members:</p> <ul style="list-style-type: none"> • While merging laboratory component with theory, both practical and theory part may be given equal weightage for electronics based courses • Capstone Project must be a higher level/standard project. Policy to be framed for doing capstone project and extra care to be given while allocating capstone project to students • All credits earned by the students may be considered for CGPA without being offered as course with additional credit R2026 curriculum • Chance may be given for students to do VII sem courses in VI sem or V sem alone • Fractional credits may be rounded • Tutorial hours and the contact hours are not same and should be ensured. • In addition, members appreciated that the curriculum framed meets out the syllabus for GATE examination and the courses are so planned to include either practical component in the theory course or to have separate practical course with optimum credits <p>Action Taken</p> <p>Based on the above suggestions from the BoS members, the modifications have been made, and it is submitted to the Academic Council for approval.</p>												
III	<p>Curriculum and syllabi to support progression to higher education, career guidance, startups & entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).</p> <p>Dr. V Sankaranarayanan, (University Nominee), Dr. S. Thangavel (Subject Expert) , Dr.N.P. Subramaniam (Subject Expert) & Dr. K. Udhayakumar (Alumni) appreciated that, the Curriculum and Syllabus support the progression to higher education, career guidance, startups; entrepreneurship; cross cutting issues and Sustainable Development Goals (SDGs). BoS Committee approved the same and it is submitted to the Academic Council for approval.</p>												
IV	<p>Curriculum meeting the requirements of NEP 2020</p> <p>External Members appreciated that, the Open Electives, Language Electives, Minor/Honor Degree, NSS/NCC & Additional Credits of the proposed curriculum and regulation satisfies the requirement of NEP 2020. BoS Committee approved the same and it is submitted to the Academic Council for approval.</p>												
V	<p>Curriculum & Syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills</p> <p>Dr. K. Udhayakumar (Alumni), Dr.N.P. Subramaniam (Subject Expert), Dr. V Sankaranarayanan, (University Nominee) appreciated that the Department Curriculum and Syllabus supports the student involvement in innovative, design, critical thinking abilities and their problem-solving skills and insisted to give more practical exposure to the students. BoS Committee approved the same and it is submitted to the Academic Council for approval.</p>												
VI	<p>Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories.</p> <p>The following courses are identified for virtual laboratory for teaching learning process.</p> <table border="1" data-bbox="645 1262 1682 1410"> <thead> <tr> <th>S. No.</th> <th>Course Code</th> <th>Course Name</th> <th>Offered by</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>61EE2P1</td> <td>Electric Circuit Analysis</td> <td>IIT Kharagpur</td> </tr> <tr> <td>2</td> <td>61EE4P1</td> <td>Electrical Machines – II</td> <td>IIT Guwahati</td> </tr> </tbody> </table>	S. No.	Course Code	Course Name	Offered by	1	61EE2P1	Electric Circuit Analysis	IIT Kharagpur	2	61EE4P1	Electrical Machines – II	IIT Guwahati
S. No.	Course Code	Course Name	Offered by										
1	61EE2P1	Electric Circuit Analysis	IIT Kharagpur										
2	61EE4P1	Electrical Machines – II	IIT Guwahati										

BoS Committee approved and submitted to academic council for further approval.

- VII Introduction of new courses**
- AI Courses may be included in Professional Elective
 - Deep Learning Courses and Machine Learning Courses may be given as Professional Elective
- Action Taken**
BoS Committee approved and submitted to academic council for further approval

6. Discussion on Choice Based Credit System

Self-study courses SWAYAM / NPTEL / MOOC courses offered in 2025-26 (Odd Semester) and planned to offer in 2025-26 (Even Semester)
NPTEL Courses Completed in 2025 -26 Odd Semester:

S.No.	Name of the Courses	# of Weeks	# students
1	Automation in Manufacturing	12	3
2	Introduction to Industry 4.0 and Industrial Internet of Things	12	64
3	Introduction to Internet of Things	12	1
4	Privacy and Security in Online Social Media	12	36
5	The Joy of Computing using Python	12	3

NPTEL Courses planned in 2025 -26 Even Semester:

S.No.	Name of the Courses	# of Weeks
1	Principles of Digital Communication	12
2	Fuzzy Sets, Logic and Systems & Applications	12
3	Industrial Automation and Control	12
4	Power System Dynamics, Control and Monitoring	12
5	Design and Analysis of VLSI Subsystems	12
6	Introduction to Industry 4.0 and Industrial Internet of Things	12
7	Introduction to Internet of Things	12
8	Cloud Computing	12
9	The Joy of Computing using Python	12

Dr. V Sankarharayanan, (University Nominee) Dr. S. Thangavel (Subject Expert), Dr.K. Kalaiyaranan (Industry Expert) & Dr. K. Udhayakumar (Alumni)

approved the list of NPTEL courses to be offered in even Semester and it is submitted for the Academic Council for further approval.

One credit course offered in 2025-2026 (Odd Semester) and planned to offer in 2025-26 (Even Semester)

One credit course offered in 25-26 Odd semester:

S.No.	Course Code & Name of the Course	Name of the Company	# of Students completed
1.	60 EC SE01 - ASIC System Design and Verification	Tessolve Semiconductors, Bangalore	05
2.	60 EC SE08 -Programming Embedded Systems	Gen4 Manufacturing Private Limited Chennai	02
3.	60 EC SE07 - Machine Learning with MATLAB	ARK InfoSolution Pvt Ltd, Chennai.	28
4.	60 EE SE05 - Data Acquisition and Control using LabVIEW	Mindnics, Erode.	32

One credit course Planned to offer in 25-26 Odd semester

1. Revit MEP
2. Electrical CAD
3. LoRA WAN Network Architecture in IoT

Dr. V Sankaranarayanan, (University Nominee) Dr. N.P. Subramaniam (Subject Expert), Dr.K. Kalaiyaran (Industry Expert) & Dr. K. Udhayakumar (Subject Expert) approved the one credit course to be offered in even semester and it is submitted for the Academic Council for further approval.

Skill based courses offered in 2025-26(Odd semester) and planned to offer 2025-26 (Even Semester)

Skill Based courses planned to be offered in 2025-26 Even Semester:

S. No.	Course name	# hours
1	Yoga	30

Dr. S. Thangavel (Subject Expert), Dr.K. Kalaiyaran (Industry Expert) & Dr. K. Udhayakumar (Subject Expert) approved the list of Skill Based courses to be offered in even semester and it is submitted for the Academic Council for further approval.

International Certification completed in 2025-26 (Odd semester) and identification of certifications for the forthcoming semesters

International Certification courses are not yet completed by any students. Students may take the international certifications in the forth coming semester. Dr. V Sankaranarayanan, (University Nominee), Dr. N.P. Subramaniam (Subject Expert), Dr.K. Kalaiyaran (Industry Expert) & Dr. K. Udhayakumar (Alumni) suggested to motivate the students to do CLAD Examination, Software related courses and to take-up any foreign languages for International certification. BoS Committee approved the same and it is submitted to the Academic Council for approval.

Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon, Ideathon, and similar activities.

Roll out of laboratories classes to make students to participate in Design contest is identified the following course:

1. 60 EE 4P2 - Linear and Digital Integrated Circuits Laboratory – Hackathon
2. 60 EE 6P2 - Electrical Appliances Analysis Laboratory

Students can choose any circuits/logic/applications given in each experiment or bring circuits/logic/applications of their choice suitable to the given experiment.

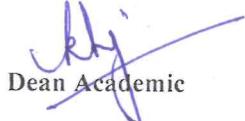

Dr. S. Thangavel (Subject Expert), Dr.K. Kalaiyaran (Industry Expert) & Dr. K. Udhayakumar (Alumni) approved and it is submitted for the Academic Council for further approval.

VI	Evaluation pattern for Integrated courses, Project based & System based courses Dr. S. Thangavel (Subject Expert), Dr.K. Kalaiyarasan (Industry Expert) & Dr. K. Udhayakumar (Subject Expert) suggested to follow the same assessment pattern for the integrated courses.
VII	Internship details of students (2nd, 3rd & 4th Year) Internship for Students in 25 – 26 Odd semester (2 nd , 3 rd & 4 th Year): 18, 8 & 3 The number of internships undergone internship till date: 2 nd Year – 18, 3 rd Year – 25 & 4 th Year - 63 All members appreciated and suggested to follow the mandatory internship policy and satisfy the requirements as per AU norms.
7.	Stake holders feedback and action taken <ul style="list-style-type: none"> Er. L S Srinivasan Asst. Mgr. Service Executive, EMR Tap Changers PVT Ltd 612, CTH Rd, Thiruninravur, Chennai, – The Proposed R2026 Curriculum structure emphasises: Industry-relevant, future-ready topics such as sustainable energy, IoT, power systems, embedded systems, and electric vehicle technology. Er. Boopathi Sivakumar, Managing Director & CEO, CURRENT ELECTRO MECH PRIVATE LIMITED, - Suggested that, In R2026 EEE Curriculum: Vertical 1: Electrical Engineering: Electrical Machine design: Include a dedicated module or elective vertical focused on Electric Motor and Generator Manufacturing, Service, and Refurbishment Technologies, with practical emphasis on coil winding and assembly. In the Electrical Vehicle Verticals Action Taken Based on the above suggestions from stakeholders, the syllabi will be framed and submitted to academic council for approval.
8.	Suggestions from IQAC <ul style="list-style-type: none"> Introduce courses related to Sustainability Development Action Taken The Course on Environmental Science and Sustainability is offered in the Curriculum R2026 Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. Action Taken It is already being in practice in R2022. Steps are taken to increase the partial delivery of courses through Guest Lectures by Alumni and one credit courses by Industry persons and MoU – signed organizations to make the students industry ready
9.	Any other matters Nil

**AGENDA for BoS Meeting
2025 – 2026 (ODD SEMESTER)**

Name of the Body	Board of Studies (BoS) Electronics and Communication Engineering - UG and PG
Meeting No	29
Date & Time	20.12.2025 & 10.00AM
Venue	ECE meeting Hall (Hybrid mode)
Meeting link	29th BoS Meeting Meeting-Join Microsoft Teams

The list of members attended the meeting is given in **Annexure - I**. The Agenda discussed is given below:

S.No.	ITEMS
1.	Curriculum of R2026 B.E. ECE and Curriculum and syllabi of R2025 M.E. VLSI Design
2.	Revision in the Curriculum and Syllabi of I to VIII semester R2022
3.	Curriculum and Syllabi for Minor and Honour Degree programmes R2022, R2026
4.	List of open elective courses and value-added courses offered in 2025-26 (ODD Semester) and planned to offer in 2025-26 (Even semester)
5.	Discussion on Proposed Curriculum of I to VIII semesters for R 2026 (UG) and I to IV Semester for R 2025 (PG) <ul style="list-style-type: none"> I. Total no. of credits for the UG programme II. Review of curriculum for I to VIII Semester courses (R2026) and Recommendations III. Review of curriculum for I to IV Semester courses (R2025) and Recommendations IV. Curriculum and syllabi to support progression to higher education, career guidance and Start-ups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs) V. Curriculum meeting the requirements of NEP 2020 VI. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and problem-solving skills VII. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and Laboratories VIII. Introduction of New courses
6.	Discussion on Choice Based Credit System <ul style="list-style-type: none"> I. Self-study courses SWAYAM/NPTEL/MOOC courses offered in 2025-26 (ODD semester) and planned to offer in 2025-26 (Even semester) II. One credit course offered in 2025-26 (ODD semester) and planned to offer in 2025-26 (Even semester) III. Skill based courses offered in 2025-26 (ODD semester) and planned to offer in 2025-26 (Even semester) IV. International Certification completed in 2025-26 (ODD semester) and identification of certifications for the forthcoming semesters 2025-26 (Even Semester) V. Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon and Ideathon, and similar events. VI. Evaluation plan for integrated courses, Project based & System Based Courses VII. Internship details of Students (2nd, 3rd & 4th Year)
7.	Stake holders feedback and action taken report
8.	Suggestion from IQAC
9.	Any other matters <ul style="list-style-type: none"> • Suggestions on Examination Reforms (Question Paper Pattern – Internal and End Semester Examination, etc.,) • Suggestions and permission to start new programmes in thrust area

Minutes of the Board of Studies Meeting
Department of ECE

BoS Meeting No:29				Date: 20.12.2025		Venue:	ECE meeting Hall (Hybrid mode)
S.No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
The BoS Chairman welcomed all the members for the meeting. The items listed in the agenda are taken for discussion one by one. Rough draft of I to VIII semester curriculum of R2026 and Curriculum and Syllabi of PG programme R2025 are prepared with the inputs received from different stakeholders and referring the other Universities. The same is presented for discussion in the meeting. The minutes of the meeting are as follows:							
1a.	Curriculum of I and VIII Semester R2026 of UG	Dr.Ashok Rao (Subject Expert)	Semester I ➤ Suggested to identify the gaps and address only the gaps in 'Induction programme'.	The suggestion is submitted for further processing.	BoS Chairman	Aug 2026	Submitted to the academic council for further approval
		Dr. P. Palanisamy (University Nominee)	➤ Mandatory courses should be brought inside the CGPA calculation.	The suggestion is submitted to the Head of the Institution for further processing.	BoS Chairman	-	-
		Dr.Ashok Rao (Subject Expert)	Semester III ➤ Suggested to include the concept large scale devices along with the tool (Verilog/HDL) in the course 'Digital System Design'.	➤ The topic large scale devices is included.	BoS Chairman and Module Coordinator	Immediate	Submitted to the academic council for further approval
		Dr. P. Palanisamy (University Nominee)	➤ All laboratories may be given uniform credits .	➤ Curriculum is revised accordingly.	BoS Chairman	May 2026	Submitted to the academic council for further approval
		Dr.Ashok Rao (Subject Expert)	Semester IV ➤ Suggested to include the higher level contents like ARM Embedded and ARM AI in the course Microcontrollers and rename the course as ARM Microcontrollers .	➤ The course is renamed as ' ARM Microcontrollers ' and contents such as ARM Embedded and ARM AI are added.	BoS Chairman and Module Coordinator	Immediate	Submitted to the academic council for further approval

	Dr.Ashok Rao (Subject Expert)	<ul style="list-style-type: none"> ➤ Suggested to have analog control systems in the first three modules. ➤ Recommended to include digital and implementation in the next two modules and the concepts on PI, PID and PE controllers in the 5th module in the course Control Systems. 	<ul style="list-style-type: none"> ➤ Suggestion is considered and the course is updated accordingly with the contents of analog and digital control systems in the course Control Systems. 	Module Coordinator	Immediate	Submitted to the academic council for further approval
	Dr.Ashok Rao (Subject Expert)	<p>Semester V</p> <ul style="list-style-type: none"> ➤ Suggested to include the concept on Adaptive Filters and Active Filters in module V in the course Digital Signal Processing. 	<ul style="list-style-type: none"> ➤ Suggestion is accepted and the concept on Adaptive Filters and Active Filters are included in the syllabus of the course Digital Signal Processing. 	Module Coordinator	Immediate	Submitted to the academic council for further approval
	Dr.Ashok Rao (Subject Expert)	<p>Semester VI</p> <ul style="list-style-type: none"> ➤ Recommended to include three modules of Deep Learning along with Laboratory contents in the course Machine Learning Techniques. 	<ul style="list-style-type: none"> ➤ Deep Learning along with Laboratory contents are included in the course Machine Learning Techniques. 	Module Coordinator	Immediate	Submitted to the academic council for further approval
	Mr.S. Babu Ramki (Alumni Representative)	<ul style="list-style-type: none"> ➤ Insisted to offer the course Professional Ethics. ➤ The concepts such as Machine Learning/Deep Learning/LLMs may be included in the course Artificial Intelligence. 	<ul style="list-style-type: none"> ➤ The course Universal Human Values is offered in Regulation 2026 curriculum as Professional Ethics course. ➤ The course is offered with the concepts such as Machine Learning/Deep Learning/LLMs. 	BoS Chairman Module Coordinator	Immediate	Submitted to the academic council for further approval

			<ul style="list-style-type: none"> ➤ German language may be included in the language elective. 	<ul style="list-style-type: none"> ➤ The suggestion on German language course is submitted to Head of the Institution for further processing. 	BoS Chairman	-	-
		Dr. P. Palanisamy (University Nominee)	<ul style="list-style-type: none"> ➤ Study of device characteristics in each Laboratory may be included. 	<ul style="list-style-type: none"> ➤ It is decided to include the same in suitable laboratory courses. 	Module Coordinator	Immediate	Submitted to the academic council for further approval
			<ul style="list-style-type: none"> ➤ Internship should be brought within CGPA Calculation. 	<ul style="list-style-type: none"> ➤ The suggestion is submitted to the Head of the Institution for further processing. 	BoS Chairman	-	-
1b	Syllabus of I and II Semester R2026 of UG	Dr. Ashok Rao (Subject Expert)	<p>Course Code & Name: 26 EC0101T - Electronic Devices</p> <ul style="list-style-type: none"> ➤ Suggested to introduce Power electronic devices in module 4. ➤ Combine module I and II in to one and offer as module I. ➤ Introduce E-motors, advanced physical engineering, batteries, Power controllers ➤ Expand the module V into two modules by introducing the above concepts. ➤ Include inverter, converters and PWM converters in module V and also battery management. 	<ul style="list-style-type: none"> ➤ Suggestions are considered and the course 26 EC0101T - Electronic Devices is reframed accordingly. 	Module Coordinator	Immediate	Submitted to the academic council for further approval
1b.	Curriculum of Syllabus of R2025(PG)		<ul style="list-style-type: none"> ➤ There are no changes in the PG curriculum and syllabus of R2025. 	-	-	-	-
2.	Revision in the Curriculum and Syllabi of I to VIII semester R2022	ALL BoS members	<ul style="list-style-type: none"> ➤ The following new courses are introduced in the curriculum and syllabus of R2022 for the placement 	All BoS members approved the three courses.	BoS Chairman and Module Coordinator	Immediate	Submitted to the academic council for further approval

			<p>purpose.</p> <ol style="list-style-type: none"> 1. 60 EC E28 - ASIC Synthesis and Static Timing Analysis with L-T-P-C → 1-0-4-3. The BoS members suggested that the full Physical Design may be considered while handling the course. 2. 60 EC L07 - Introduction to FPGA-Based Digital System Design with L-T-P-C → 1-0-4-3. 3. 60 EC L08 - Introduction to RISC-V Architecture and FPGA Design with L-T-P-C → 1-0-4-3. <p>The following mandatory course is offered.</p> <ul style="list-style-type: none"> ➤ 60 MY 004 - Disaster Management with L-T-P-C → 2-0-0-0 in the 6th semester of 2023-24, 2024-25 and 2025-26 admitted batches. 	<ul style="list-style-type: none"> ➤ As it is the industry supported course and the BoS members suggestion is forwarded to industry, VLSI Mentors. The industry person assured that the suggestion is taken and course will be delivered to the students considering the full Physical Design. 			
3.	Curriculum and syllabi for Minor and Honours degree programme in R2026).	Dr. Ashok Rao (Subject Expert)	<p>Honors Degree</p> <ul style="list-style-type: none"> ➤ Suggested to include the concept on adaptive filters in the course Advanced Digital Signal Processing. ➤ The course Digital Speech Processing may be removed from elective group. 	<ul style="list-style-type: none"> ➤ The concept on adaptive filters is included in the course Advanced Digital Signal Processing. ➤ The course Digital Speech Processing is removed. 	BoS Chairman and Module Coordinator	Immediate	Submitted to the academic council for further approval

4. List of open elective courses and value-added courses offered in 2025-26 (ODD Semester) and planned to offer in 2025-26 (Even semester)

Open Elective Courses					
Offered			Planned		
S.No.	Name of the course	No. of Students	S.No.	Name of the course	
1.	60 EC L01 – Internet of Things	28	1.	60 EC L01 – Internet of Things	
			2.	60 EC L02 - Wearable Devices	

Value added Courses					
Offered				Planned	
S.No.	Name of the course	No. of Hours	No. of Students	S.No.	Name of the course
1.	PCB Design and Fabrication	30	42	1.	MATLAB for Communication Systems: Simulation and Analysis
2.	Graphical Programming with LabVIEW	30	33	2.	LabVIEW Fundamentals and Application Development
3.	Cloud Computing with Microsoft Azure Fundamentals (AZ-900)	30	34	3.	Complete ASIC Design Flow: A Hands-On Approach
4.	MATLAB and Simulink: A Unified Approach to Simulation and Programming	30	23	4.	IoT Applications Development using STM32 and MOTT Protocols
				5.	Physical Design in VLSI Concepts and Applications

List of open elective courses in R2026

S.No.	Course Title	Contact Periods	L	T	P	C
1.	Internet of Things	5	1	0	4	3
2.	Wearable Devices	3	3	0	0	3
3.	Principles of Modern Communication Systems	3	3	0	0	3
4.	Microcontroller Programming	3	3	0	0	3
5.	5G Communications and MIMO	3	3	0	0	3
6.	Mobile Robotics	3	3	0	0	3
7.	Industrial Electronics	3	3	0	0	3

The members suggested the following points for the open elective courses of R2026

- 5G communication and MIMO may be removed.
- Courses on Sensor and Microcontroller applications may be offered.
- All open elective courses may be offered as Lab based courses.
- Embedded AI (Tiny ML, Raspberry Pi) may be included.

The suggestions are considered and the course on Sensor and Microcontroller applications with L-T-P-C → 3-0-0-3 is offered instead of 5G communication and MIMO where the concepts on Embedded AI is emphasized with Tiny ML, Raspberry Pi. The suggestion on Lab based courses is considered, the discussion is being done and will be done while finalizing the curriculum of R2026.

5a. Discussion on Proposed Curriculum for UG (I to VIII semesters, R2026) programme

I. Total No. of credits for the UG programme -164

II. Review of curriculum for I to VIII semester Courses (R2026) and Recommendations

The proposed curriculum of I to VIII Semesters for R2026 (UG) is reviewed and finalized according to the suggestions given by BoS Members.

III. Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs)

Higher Education (%)	Career Guidance (%)	Entrepreneurship (%)
31.7 (GATE courses)	93.29 (Core and open electives) + CSD	15.8

IV. Curriculum meeting the requirements of NEP 2020

The following courses are offered for students in order to meet the requirements of NEP 2020

- Components of Curriculum includes the various courses under Humanities and Social Sciences including Management Courses, Basic Science Courses, Engineering Science Courses, Professional Core Courses, Professional Elective Courses, General Elective Courses, Open Elective Courses, Career Guidance Courses and Mandatory Courses according the requirement of UGC.
- Multidisciplinary courses are offered under Open elective courses
- Skill Enhancement Courses (SEC) are offered under CSD (Carrier Skill Development from semester II to VI)
- Value Added Courses and One credit courses are offered
- Curriculum includes Summer Internship for mandatory 6 weeks with additional credits
- Curriculum includes Research Project / Dissertation such as Project phase I & II and Research Skill Development (Audit course)
- The department integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values and Environment and Sustainability into the Curriculum through the courses such as Universal Human Values and Environmental Science and Sustainability.

V. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills

Design Thinking (%)	Critical Thinking Skills (%)	Problem Solving Ability (%)
20 (ALL CORE LABS)	54 (question paper based)	26 (Tutorial courses)

VI. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories

a) Virtual Laboratory

Name of Course with Code	Semester	L	T	P	C	Name of Institution / Open Source Tools
60 EC 402 - Linear Integrated Circuits	IV	3	0	0	3	IIT Roorkee - Analog Electronics lab
60 EC 401 - Signals and Systems	IV	2	1	0	3	Indian Institute of Technology Guwahati - Signals and Systems Laboratory
60 EC 403 - Electromagnetic Waves	IV	3	1	0	4	IIT Bombay - Virtual Electromagnetics Laboratory
60 EC 604 - Machine Learning Techniques	VI	3	0	2	4	IIIT Hyderabad - Artificial Neural Networks lab
60 EC E25 - Digital Image Processing	VI	2	0	2	3	IIIT Hyderabad - Image processing lab

b) Industry sponsored/supported courses and laboratories

Name of Course with Code	Semester	L	T	P	C	Name of Industry supporting the courses
60 EC 3P1 - Analog and Digital Electronics Laboratory	III	0	0	4	2	Tessolve Semiconductors Pvt. Ltd, Bengaluru
60 EC 5P1 - Microcontrollers Laboratory	V	0	0	3	1.5	Chatting Birds Pvt. Ltd, Hosur
60 EC 5P2 - VLSI Design Laboratory	V	0	0	2	1	VLSI Mentors, Bengaluru
60 EC 6P2 - Embedded Systems Laboratory	VI	0	0	3	1.5	Enthu Technology Solutions India Pvt. Ltd
60 EC E22 - IoT Product Development	VI	1	0	4	3	Enthu technology Solutions India Pvt Ltd, Coimbatore

VII. New courses offered in R2026

S.No.	Course Title	L	T	P	C
1.	Design Thinking (Micro Project)	0	0	2	1
2.	Electrical Engineering (Reintroduced)	2	1	0	3
3.	Foreign Language*	3	0	0	3*
4.	Electrical Engineering Laboratory (Reintroduced)	0	0	3	1.5
5.	Engineering Physics Laboratory (Separate Course)	0	0	2	1
6.	Engineering Chemistry Laboratory (Separate Course)	0	0	2	1
7.	Fabrication Laboratory – IDEA Lab – Maker Space (Micro Project)	0	0	2	1
8.	Innovation for Engineering and Technology (Micro Project)	0	0	2	1
9.	Network Theory Laboratory	0	0	3	1.5
10.	Life Skill for Engineers* / Biology for Engineers^	1	0	0	1*
11.	Language Laboratory	0	0	2	1
12.	Linear Integrated Circuits Laboratory (Reintroduced)	0	0	2	1
13.	Mini Project	0	0	4	2
14.	Communication Laboratory (Combined - Analog and Digital Communication)	0	0	4	2
15.	Self Learning Course (MOOC / SWAYAM)*	3	0	0	3*
16.	Reverse Engineering Laboratory	0	0	4	2
1.	VLSI Testing and Design for Testability	3	0	0	3
2.	Sensors Actuators and Interface Electronics	3	0	0	3
3.	Signal Integrity	3	0	0	3
4.	Parallel and Distributed Processing	3	0	0	3

5.	PIC Microcontrollers	3	0	0	3
6.	Soft Computing	3	0	0	3

The BoS members approved the curriculum of R2026 and changes in the curriculum and syllabi of R2022. It is resolved to submit it to academic council for further approval.

5b. Discussion on Curriculum and Syllabus of PG (I to IV semesters, R2025) Programme

- I. Total no.of credits for the PG programme – 72
- II. Review of curriculum and syllabus for I to IV Semester courses of R2025 and Recommendations
Curriculum and syllabus of I to IV Semester for R2025 (PG) are finalized according to the suggestions given by BoS Members.
- III. New courses offered

S.No.	Course Code	Course Name	L	T	P	C
1.	70 PVL 103	Digital IC Design	3	0	0	3
2.	70 PVL 301	Electronic Packaging	3	0	0	3
3.	70 PVL E11	System Design with FPGA	3	0	0	3
4.	70 PVL E12	Advanced Computer Architecture	3	0	0	3
5.	70 PVL E14	Machine Learning in VLSI Design	3	0	0	3
6.	70 PVL E44	Data Converters IC Design	3	0	0	3
7.	70 PVL E54	Adaptive Signal Processing	3	0	2	4

The BoS members approved the curriculum of R2025(PG) and it is submitted it to academic council for further approval.

6. Discussion on Choice Based Credit System

- I. Self-study courses SWAYAM/NPTEL/MOOC courses offered in 2025-26 (ODD semester) and planned to offer in 2025-26 (Even semester)

Offered			
S.No.	Name of the course	No. of Weeks	No. of Students
1.	Cloud Computing (NPTEL)	12	120
2.	Privacy and Security in Online Social Media (NPTEL)	12	118
3.	Automation in Manufacturing (NPTEL)	12	46

Planned		
S.No.	Name of the course	No. of Weeks
1.	Human Computer Interaction (NPTEL)	12
2.	Introduction to Industry 4.0 and Industrial Internet of Things (NPTEL)	12
3.	Infosys Springboard certification courses	12

- It is decided to offer some of the core/elective courses as self-study courses for students with CGPA \geq 9.

➤ The list of courses is given below,

S.No.	Course Code	Course Name	L	T	P	C
1.	61 EC 601	Embedded Systems	3	0	0	3
2.	60 EC 702	Computer Networks	3	0	0	3
3.	60 EC E16	Consumer Electronics	2	0	2	3

II. One credit courses and Skill based courses offered in 2025-26 (ODD semester) and planned to offer in 2025-26 (Even semester)

Details of the courses					
Offered			Planned		
S.No.	Name of the course	No. of Students	S.No.	Name of the course	
1.	60 EC SE01 - ASIC System Design and Verification	31	1.	60 EC SE02 & Signal Processing with MATLAB	
2.	60 EC SE03 - Advanced Data Acquisition and Control	33	2.	60 EC SE04 & Smarter critical systems using STM32	
3.	60 EC SE07 - Machine learning with MATLAB	31	3.	60 EC SE05 & ASIC verification using UVM Methodology	
4.	60 EC SE08 - Programming Embedded Systems	24	4.	60 EC SE06 - LaRaWAN Network Architecture in IoT	
			5.	60 EC SE09- PCB Design: From Schematic to Manufacturing	

III. International Certification completed in 2025-26 (ODD semester) and identification of certifications for 2025-26 (Even Semester)

- Students are encouraged to do the International Certifications such as LabVIEW, CISCO, Mathworks, Gubi and Infosys Springboard in the forthcoming semesters. All BoS members appreciated the proposal of giving credits to the students for obtaining International Certifications and approved the same to proceed. They also felt that it would raise the standards of the students to meet the industry needs.
- Students have completed the following certification in 2025-26 ODD semester

Sl. No.	Name of International Certification	No. of students completed
1.	MATLAB onramp courses	56

IV. Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon and Ideathon, and similar activities

Course Code	Name of Laboratory offered in R2022	Semester	Contest
60 EC 3P1	Analog and Digital Electronics Laboratory	III	Open ended experiments are given which will enable the students to develop projects on their own. Students can choose any circuits/logic/ applications given in each experiment or bring circuits/logic/ applications of their choice suitable to the given experiment.
60 EC 4P1	Linear Integrated Circuits and Electromagnetics Laboratory	IV	
60 EC 5P1	Microcontrollers Laboratory	V	
60 EC 5P2	VLSI Laboratory	V	
60 EC 5P3	Signal Processing Laboratory	V	
60 EC 6P2	Embedded Systems Laboratory	VI	

60 EC 6P3	Digital Communication Laboratory	VI	
60 EC 7P1	RF Laboratory	VII	
60 EC 7P2	Networks Laboratory	VII	
60 EC 4P2	Electronic Design Project Laboratory	IV	Students have to design application circuits/systems using analog and digital electronic components. Circuits can be chosen from the given list of experiments but need not be confined to it.
60 EC 6P1	Innovation Engineering Laboratory	VI	Students will <ul style="list-style-type: none"> • Diagnose; trouble shoot and extract the circuit drawing from the given PCB. • Teardown a product from the given list or on their own to find the design information, drawing of the circuit, and power requirements. • Prepare report based on the inferences.

V. Evaluation & course outcome plan for integrated courses, Project based Courses

The assessment pattern for integrated courses, project-based courses are presented by BoS chairman and all the members approved the same.

VI. Internship details of Students (2nd, 3rd & 4th Year)

Credits will be given for students undergoing internship/doing projects in relevant industry and it is given below:

Duration of Training /Internship	Credits
2 Weeks	1
4 Weeks	2
6 Weeks and above	3

No. of Students undergone internship during 2025-26 (ODD Semester)

2022 Admitted batch – 50	2023 Admitted batch – 30	2024 Admitted batch - 06
--------------------------	--------------------------	--------------------------

The BoS members appreciated the incorporation of choice based credit system in the curriculum and approved the same. It is resolved to submit it to academic council for further approval.

7. Stakeholder's feedback and action taken R2026 CURRICULUM

Name of the Stakeholder	Type of the stakeholder	Feedback / Suggestions	Action Taken	Target	Remarks
Dhanasekaran D	Faculty	Based on inputs from Industry experts, Alumni, Faculty, Students, Employers. Curriculum may emphasize emerging technologies, industry-relevant tools, and hands-on learning through updated courses, integrated labs, and mini-projects .	Emerging technology courses such as AI, Industry relevant course namely IoT Product Development is offered as a project-based course and also two sets of Professional Elective groups are offered as integrated courses in R2026. A separate course on mini-project is also offered in R2026 UG.	Immediate	Submitted to the academic council for further approval
Saraswathy C		Suggested to introduce digital control system stability in the time domain to align the syllabus with modern digital control applications for the course Control Systems .	Inputs are considered and included in the syllabus of the course Control Systems .	Immediate	Submitted to the academic council for further approval

Vanitha K		Syllabus is framed by referring other universities such as Anna university, AICTE Model Curriculum and Industry feedback. I would like to suggest that offering of industry-oriented courses may be increased to meet the industry needs.	Two industry-oriented core courses such as Embedded Systems and Machine Learning Techniques are offered in the curriculum apart from the industry supported open elective course Internet of Things in every semester.	Immediate	Submitted to the academic council for further approval
Bharathipandian P CISCO	Industry/Employer	Course Name: Computer Networks <ul style="list-style-type: none"> Suggested to include industry-relevant topics such as cloud networking, AI-driven network management, and zero trust security. Introduce Network Virtualization and NFV (Network Function Virtualization). Add 5G Architecture and Edge Computing. Incorporate Wi-Fi 6 and 6E standards for modern wireless LANs. 	The concept NFV is discussed under the topic Software Defined networking in R2022 and also the concept SASE is discussed in the course Computer Networks as a content beyond the syllabus. The same will be followed in R2026 for the course Computer Networks .	Immediate	Submitted to the academic council for further approval
Sureshkumar R, Inovance		Course Name: Electronic Circuits Suggested to include <ul style="list-style-type: none"> Advanced Semiconductor Materials Next-Gen Transistors Industry-Standard Tools IoT-Ready Circuits 	The concepts such as Advanced Semiconductor Materials and Next-Gen Transistors are included in the syllabus of the course Electronic Circuits .	Immediate	Submitted to the academic council for further approval
Prabhakaran Arunachalam, Delta Air Lines Inc		Course Name: Computer Networks Incorporating more hands-on labs, case studies, and industry-oriented tools (e.g., packet analyzers, network simulators, and security testing tools) would further strengthen practical skills and job readiness	We already use the tool CISCO Packet Tracer in the course Networks Laboratory in R2022. It is decided to increase the number of experiments using CISCO Packet Tracer in R2026 in the same laboratory.	Immediate	Submitted to the academic council for further approval
Prasanna Ramamurthy, Collins Aerospace (2001 passed out)	Alumni	Suggested the following. <ul style="list-style-type: none"> Introduction to quantum computing Introduction to quantum communication Cybersecurity Cryptography Data analytics methods Systems thinking and Systems Engineering 	The concept on cybersecurity and cryptography is included in the course Computer Networks. The data analytic methods are included in the course Data Science and Machine Learning Techniques.	Immediate	Submitted to the academic council for further approval

Kavin M, DRDO (2021 passed out)		Suggested the following. <ul style="list-style-type: none"> • FPGA Design and Verification • Machine Learning for Engineers (with ECE applications) • Quantum Computing: Principles and Hardware • Technical Writing, Patent Drafting, and IP Management 	<ul style="list-style-type: none"> ➤ The concept on FPGA Design and Verification is included in the course VLSI Testing and Design for Testability. ➤ The course Machine Learning Techniques is offered in the curriculum in Professional core courses. ➤ The course Research skill development is offered in the curriculum for discussing the concepts related to Technical Writing, Patent Drafting, and IP Management. 	Immediate	Submitted to the academic council for further approval
M. Malathi, VVDN (2022 passed out)		Product Development courses may be added	IoT Product Development is offered.	Immediate	Submitted to the academic council for further approval
Sabareesh...S, III Year ECE	Students	Suggested to increase the credits of the core elective courses to 4 from 3 for the suitable courses.	It is under discussion and will be considered while finalizing the curriculum.	Immediate	Submitted to the academic council for further approval

All the suggestions are incorporated in the R2026 curriculum and submitted for further approval. All these suggestions were presented in BoS meeting and all members welcomed the suggestions, appreciated and approved the changes incorporated.

8. Suggestions from IQAC

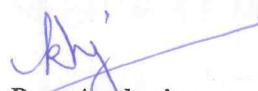

Sl.No.	Feedback / Suggestions	Action Taken	Target	Remarks
1.	Introduce courses related to Sustainability Development	The course on Environmental Science and Sustainability is offered in the curriculum.	Immediate	Submitted to the academic council for further approval
2.	Insisted the involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes.	It is already being in practice. Steps are taken to increase the Partial delivery of courses through guest lectures by Alumni and one credit courses by industry persons and also professionals from MoU-signed organizations to make the students industry ready .	Immediate	Submitted to the academic council for further approval

9. Any other matters

Discussion on the following matters is done in the meeting and approval received from BoS members.

Sl.No.	Feedback / Suggestions	Action Taken	Target	Remarks
1.	Members suggested that the quality of the Internal assessment tests and End semester examination question papers has to be maintained considering university norms.	The quality of the question papers is ensured by asking GATE and analytical questions in the Internal assessments and the End semester question paper quality is ensured through scrutinizing by domain expert module coordinators considering university norms.	Immediate	Submitted to the academic council for further approval
DAB members suggestions:				
2.	Suggested to add more foreign language courses like German, Korean, French as elective in the curriculum.	Discussion is being done and it will be done while finalizing the curriculum.	Immediate	Submitted to the academic council for further approval
3.	The course "Microcontroller" course which may also include the content related to microprocessor and suggested to change of course name.	The suggestion is presented in the BoS meeting and BoS members suggested that the course may be 'ARM Microcontrollers' as needed by the industry and an introduction of microprocessors may be included in the syllabus as DAB members suggested. The syllabus of the course ARM Microcontrollers is framed with an introduction of microprocessors.	Immediate	Submitted to the academic council for further approval
4.	Project work has been given in the 8 th semester with credit, but being in that semester, students will not be able to work progressively for their publications, since they may get placed.	It was replied by the BoS chairman that the students will be instructed to complete their project work before the commencement of 8 th semester and only the reviews/assessments/publication process will be done in the 8 th semester considering their placement.	Immediate	Submitted to the academic council for further approval

Agenda for BoS Meeting

2025 – 2026 (ODD Semester)

Name of the Body	Board of Studies (BoS) Electronics Engineering (VLSI Design and Technology) - UG
Date & Time	20.12.2025 & 11.30AM
Venue	ECE meeting Hall and Microsoft Teams
Meeting link	https://teams.microsoft.com/l/meetup-join/19%3a275f69696e1f4fc488d809fad6764d31%40thread.tacv2/1765877528971?context=%7b%22Tid%22%3a%22ca51afa4-43e6-4d01-9a9a-633374b0618e%22%2c%22Oid%22%3a%22f6bfd4ef-9984-42bf-99e1-6b1ee3446aeb%22%7d

The list of members attended the meeting is given in **Annexure - I**. The agenda discussed is given below:

S.No	ITEMS
1.	Curriculum of I to VIII Semester of UG - R2026
2.	Discussion on Choice Based Credit System I. Self-study courses SWAYAM / NPTEL / MOOC courses II. One credit course offered in 2025-26 (Odd Semester) and planned to offer by industry in 2025-26 (Even Semester) III. Skill based courses offered in 2025-26 (Odd Semester) and planned to offer 2025-26 (Even Semester) IV. International Certification planned in 2025-26 with credits V. Roll out of laboratories classes to make students to participate in Design Contests, Hackathon and Ideathon, etc. VI. Internship for Students (2 nd , 3 rd & 4 th Year)
3.	List of open elective courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (Even Semester)
4.	Stake holders feedback and action taken
5.	Suggestion from IQAC
6.	Any other matters • Question Paper Pattern – Internal and End Semester Examination

**Minutes of the Board of Studies Meeting
Department of EE(VLSIDT)**

				Date: 20.12.2025		Venue: ECE meeting Hall + Microsoft Teams platform	
S.No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
The BoS Chairman welcomed all the members for the meeting. The items listed in the agenda are taken for discussion one by one. As per the feedback received from stake holders, R2026 Curriculum was framed. The minutes of the meeting are as follows:							
1	Curriculum of I to VIII Semester for R2026 of EE(VLSIDT)	Dr.P.Palanisamy (Nominated by University)	<ul style="list-style-type: none"> ➤ Satisfied with the total number of credits 163 for R2026 ➤ Suggested to combine Signals and Systems & Digital Signal Processing as VLSI Signal Processing ➤ Suggested to have Electromagnetic waves as compulsory course 	<p>Course Name changed to VLSI Signal Processing in R2026.</p> <p>Included in the third semester</p>	BoS Chairman	Curriculum of R2026(UG)	Submitted to the academic council for further approval
		Dr. Ashok Rao (Subject Expert Nominated by Academic Council)	<ul style="list-style-type: none"> ➤ Suggested to have separate course for Computer Architecture in R2026 ➤ Suggested to have Microcontroller as separate course in R2026 	<p>Computer Architecture and Organization included as separate course in the III semester.</p> <p>Microcontrollers & Microprocessors proposed as separate course in the IV semester.</p>	BoS Chairman	Curriculum of R2026(UG)	Submitted to the academic council for further approval
		Dr. Ashok Rao (Subject Expert Nominated by Academic Council)	<ul style="list-style-type: none"> ➤ Suggested to move Seminar and Technical Writing from VII semester to V semester ➤ Suggested to have the Graph Theory and Optimization course in the fourth semester 	<p>Course moved to V semester in the curriculum R2026.</p> <p>Graph Theory and Optimization is included in the fourth semester.</p>	BoS Chairman	Curriculum of R2026(UG)	Submitted to the academic council for further approval

		<p>Mr.S.Babu Ramki Member-Alumni (Nominated by the Principal)</p>	<ul style="list-style-type: none"> ➤ List of professional elective courses has been listed and Suggested that Emphasis on AI in VLSI required ➤ Hardware Accelerator for AI can be included as a course in the Elective list 	<p>Vertical on AI and Hardware Accelerator VLSI Design is included in the Professional Elective vertical</p> <p>Proposed Hardware Accelerator Design for AI Applications is included in the professional Elective.</p>	BoS Chairman	Curriculum of R2026(UG)	Submitted to the academic council for further approval
		All BoS Members	<ul style="list-style-type: none"> ➤ The list of open elective courses was presented and discussed in detail during the BoS meeting ➤ Discussed about the curriculum which is designed to support students' progression to higher education, provide career guidance, encourage entrepreneurship and startup culture, and address cross-cutting issues such as ethics, environment, and sustainability, aligning with the United Nations Sustainable Development Goals (SDGs) ➤ Discussed about the curriculum is framed in accordance with the guidelines and spirit of the National Education Policy (NEP) 2020 	<p>The members reviewed the courses relevance to interdisciplinary learning, and applicability to industry needs, and expressed their satisfaction with the variety and scope of the electives offered.</p> <p>Curriculum included with design thinking laboratory to address critical thinking.</p> <p>Offered Startup and Entrepreneurship to emphasize Entrepreneurship Development and Innovation.</p> <p>Offered Environmental Studies and Climate Change, Universal Human Values, Life Skill for Engineers, Biology for Engineers, Disaster Management to address environmental sustainability, ethics, gender equity.</p> <p>Multidisciplinary electives and flexible credit options for internships, research projects, and community-based learning is offered in the curriculum.</p>	BoS Chairman	Curriculum of R2026(UG)	Submitted to the academic council for further approval

2. Discussion on Choice Based Credit System

I. Self-study courses planned to be offer in the even semester of 2025-26.

NPTEL courses are given as self-study courses and it is made mandatory for all students. Faculty mentors are available with students supporting them.

S.No.	Name the Course	Number of Credits
1	VLSI Physical Design with Timing Analysis	3
2	Soft Skill Development	2

II. One credit course planned to offer by industry in 2025-26 (Even Semester)

S.No.	Name the Course	Number of Credits
1	60EVSE01 - Digital Design Using Multi-Vt Libraries	1
2	60EVSE02 - ASIC Functional Verification Using System Verilog	1
3	60EVSE03 - Fundamentals of Design for Testability (DFT)	1

III. Skill based courses offered in 2025-26 (Odd Semester) and planned to offer 2025-26 (Even Semester)

Skill based courses offered in 2025-26 (Odd Semester)

S.No.	Name the Course -2025-26 (ODD Semester)	Number of hours
1	Design and Synthesis of VLSI Circuits using EDA Tools	30

Skill based courses planned to offer 2025-26 (Even Semester)

S.No.	Name the Course -2025-26 (Even Semester)	Number of hours
1	Design and Synthesis of VLSI Circuits using EDA Tools	30
2	IoT System Design	30
3	PCB Design and Development	30
4	LabVIEW for Instrumentation and System Automation	30

IV. International Certification Completed 2025-26(Odd Semester) and planned in 2025-26(Even Semester) with credits

International Certification Completed in 2025-26(Odd Semester)

S.No.	Name of the courses in	Organization	Certification completed by students
1.	Data structures and Algorithms	Infosys Springboard	27
2.	VLSI Digital Design - Chip Design and Verilog Programming		01
3.	Basics of Python		01
4.	Matlab onramp	Mathworks	15

International Certification Planned in 2025-26(Even semster)

Students are encouraged to do the International Certificates such as Coursera, Udemy, Edx, Mathworks, Guvi and so on.

V. Roll out of laboratory classes to make students to participate in Design Contests, Hackathon and Ideathon, etc.

Name of Laboratory R2026	Semester	Contest
Electronic Devices Laboratory	II	<ul style="list-style-type: none"> Planned Open ended experiments which will enable the students to develop projects on their own. Students can choose any circuits/logic/ applications given in each experiment or bring circuits/logic/ applications of their choice suitable to the given experiment. Planned to provide hands-on exposure to core and advanced topics, and their rollout aims to actively promote student participation in design contests, hackathons, ideathons, and other innovation-centric activities.
Analog and Digital Electronics Laboratory	III	
Linear IC Laboratory	III	
Mini Project	III	
VLSI Design laboratory	IV	
Microcontrollers Laboratory	IV	
Embedded Systems Laboratory	V	
FPGA Based System Design Laboratory	V	
Embedded Systems Laboratory	V	
ASIC Design Laboratory	VI	
VLSI Verification and Testing Laboratory	VI	<ul style="list-style-type: none"> Students have to design application circuits/systems using Electronics Engineering Domain. Applications can be chosen (any four) from the given list but need not be confined to it.
Microfabrication Laboratory	VII	
Design Thinking and Innovation Laboratory & Design Thinking and Product Development Laboratory	I & II	

VI. Internship for Students (2nd, 3rd& 4th Year)

Credits shall be given for students undergoing internship/doing projects in relevant industry and it is given below:

Duration of Training /Internship	Credits
2 Weeks (IV semester)	1
4 Weeks (VI Semester)	2

3. List of open elective courses offered in 2025-2026 (ODD Semester)

S.No.	Name the Course	L	T	P	C
1	60 EV L01 - VLSI Technology	3	0	0	3

4. Stakeholder's feedback and action taken

Name of the Stakeholder	Type of the stakeholder	Regulation	Course Name/General	Feedback / Suggestions	Action Taken
Mr.Manivannan S Mathworks	Alumni	R2026	General	Linux fundamentals can be included Instead of Unix, Bash, TCL/Pearl. Conventional Microcontrollers can be replaced by ARMv7/RISC	Submitted to the BoS Members for the further approval
Mr.Ramesh G, Training Head, MSPAND Technologies Pvt Ltd, Theni	Employer	R2026	Low Power VLSI	Low power VLSI course should be introduced in the Curriculum.	It is incorporated in the Professional Elective.
Mr. Abubakkar Sidhiq, Senior Software Engineer, Glopal Logic, Poland			-	STA and Physical verification need to be included	It is incorporated in the professional Elective.
			Embedded Systems	Suggested to move Embedded systems to V semester	It is incorporated in the Professional Elective.
			General	Suggested to include programming course on second semester	Planned to give self-study courses in the 2nd semester
Mr.Nepolean, Tessolve Semiconductors Ltd. Bengaluru.			General	Suggested to include UVM and Scripting Concepts	Included in the Professional Electives
			Suggested to include IP/SOC concepts	Included in the Professional Electives	
Mr.Kumar, VLSI mentros, Bengaluru.	Employer	R2026	General	Suggested to provide Hands on FPGA boards, Vivado, Verilog and System Verilog	Included in the Curriculum
Mr.V.Prabhakar Tessolve Semiconductors Ltd. Bengaluru.				Suggested to include SoC Architecture, analog/RF/Memory Concepts.	SoC is included in the Professional Elective.
Mr.Mouli Shanmugam FPGA Design Engineer Data Pattern, Chennai.				Suggested to Include Digital design concepts and Practical.	Included in the curriculum.
Mr.Maheswaran Trainee Engineer Keenheads Technologies Pvt Ltd Noida.				Suggested to include TCL Scripting, STA and Physical verification	Included in the Professional Electives
Mr.K.Ganesan CEO & Founder InternEzy Mettur.				Suggested to include IoT related Concepts in the curriculum	Included in the curriculum
Mr.K.Gowtham Senior Verification Engineer Samsung Semiconductor India research, Bengaluru.				Suggested to include OOPs concept, GLS concepts in the Curriculum	Included in the curriculum

S. No	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum of UG programmes (R2026)	Dr.Prabha Selvaraj (Subject Expert)	<ul style="list-style-type: none"> • Suggested to combine Computational Problem Solving and C Programming. • Suggested to combine Logical thinking with any one programming language 	As per the suggestions, the courses were combined and offered as 26CS0C01T- C Programming in semester 1.	Module Coordinator	Immediate	It is resolved to submit to Academic Council for further approval
		Dr.S.Kanmani (University Nominee)	Suggested to add HTML,CSS and Java Script exercises in Web Development course.	As per the suggestion given, HTML,CSS and Java Script exercises are added in 26CS0101L – Web Development .	Module Coordinator	Immediate	
			For the lab exercises, case study based questions may be asked.	As per the suggestions, case study based questions are added in laboratory courses.	Module Coordinator	Immediate	
		Mr. M. Devendran (Industry Expert)	Suggested to add tools like Mathematica to understand the concepts of Mathematical Courses	As per the suggestions, Mathematica tool is added	Module Coordinator	Immediate	
		All members	Suggested to reduce the number of courses in III semester	As per the suggestions, number of courses reduced in III semester.	Module Coordinator	Immediate	
2.	Revision in the Curriculum and Syllabi of I to VIII semester R2022		The following courses are introduced in R2022	BoS members accepted and approved the same	Module Coordinator	Immediate	It is resolved to submit to Academic Council for

		60 CS L14 - Mobile App Development 60 CS L15 - Prompt Engineering 60 MY 004 – Disaster Management				further approval																						
3.	Curriculum and Syllabi for Minor and Honour Degree programmes R2022, R2026	All BoS members approved the existing curriculum and syllabi of R2022, R2026 Minor and Honour Degree programmes																										
4.	List of open elective courses and value-added courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (Even Semester)	<p>BoS chairman presented the list of open elective and value added courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (Even Semester)</p> <p>List of open elective courses offered in 2025-2026 (ODD Semester)</p> <table border="1"> <thead> <tr> <th>S.No.</th> <th>Name of the Open Elective</th> <th>No. of Students</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>60 CS L10 Scripting Languages</td> <td>63</td> </tr> <tr> <td>2.</td> <td>60 CS L12 Generative AI</td> <td>61</td> </tr> <tr> <td>3.</td> <td>60 CS L07 Java Programming</td> <td>28</td> </tr> </tbody> </table> <p>List of open elective courses planned to offer in 2025-2026 (Even Semester)</p> <table border="1"> <thead> <tr> <th>S.No.</th> <th>Name of the Open Elective</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>61 CS L07 Java Programming</td> </tr> <tr> <td>2.</td> <td>61 CS L09 Salesforce</td> </tr> <tr> <td>3.</td> <td>60 CS L14 Mobile App Development</td> </tr> <tr> <td>4.</td> <td>60 CS L15 Prompt Engineering</td> </tr> </tbody> </table> <p>List of value-added courses planned to offer in 2025-2026 (EVEN Semester) - Advanced Java Programming</p> <p>All BoS members accepted the same and it is resolved to submit to Academic Council for further approval</p>					S.No.	Name of the Open Elective	No. of Students	1.	60 CS L10 Scripting Languages	63	2.	60 CS L12 Generative AI	61	3.	60 CS L07 Java Programming	28	S.No.	Name of the Open Elective	1.	61 CS L07 Java Programming	2.	61 CS L09 Salesforce	3.	60 CS L14 Mobile App Development	4.	60 CS L15 Prompt Engineering

5.	Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026) and PG (I to IV semesters, R2025) Programmes	<p>I. Total No. of credits for the UG programme : 164</p> <p>II. Review of Curriculum for I to VIII semester Courses (R2026) and Recommendations The draft curriculum of I to VIII Semester for R2026 (UG) is updated according to the suggestions given by BoS Members and it is resolved to submit to Academic Council for further approval.</p> <p>III. Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs). The proposed R2026 curriculum meet the requirements to pursue higher education, career guidance and startups & entrepreneurship by offering the following courses</p> <ul style="list-style-type: none"> • 70 CG 0P1 - Career Skill Development I • 70 CG 0P2 - Career Skill Development II • 70 CG 0P3 - Career Skill Development III • 70 CG 0P4 - Career Skill Development IV • 70 CG 0P5 Comprehension Test • 70 MY 003 - Start-ups and Entrepreneurship • 70 AC 001 - Research Skill Development 																										

- Courses related to Sustainable Development Goals (SDGs) are introduced in R2026

V. Curriculum meeting the requirements of NEP 2020
The curriculum is designed to meet the requirements of NEP 2020 with value added courses and self-learning courses

VI. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills
Yes, Curriculum and syllabi support student involvement in innovative, design & critical thinking abilities and their problem-solving skills by conducting the following

- Codeathon
- Smart India Hackathon
- Project Contest
- Project work
- Innovative Courses

Courses related to Sustainable Development Goals (SDGs) are introduced in all courses.

VII. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories

- Industry supported courses and laboratories offered:
Infosys Springboard is a platform offered by Infosys by which students are insisted to complete the certification courses related to curriculum and latest technologies

VIII. Introduction of new courses
The following courses are proposed to offer as new courses :

- 70 CS E31 Explainable AI
- 70 CS E34 Cloud Migration Strategies
- 70 CS E37 Business Intelligence

The BoS members approved the curriculum and it is resolved to submit to Academic Council for further approval

6. Discussion on Choice Based Credit System

I. Self-study courses SWAYAM / NPTEL / MOOC courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (Even Semester)

BoS chairman presented the list of NPTEL courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

NPTEL courses completed in ODD semester of 2025-26

S.No.	Name of the NPTEL Course	No. of Weeks	No. of Students
1.	Design and Implementations of Human computer Interface	12	52
2.	Introduction To Industry 4.0 And Industrial Internet of Things	12	60
3.	Practical Cyber Security for Cyber Security Practitioners	12	8
4.	Privacy and Security in Online social media	12	12
5.	Responsible and Safe AI Systems	12	1

NPTEL courses recommended in EVEN semester of 2025-26

S.No.	Name of the NPTEL Course	No. of Weeks
1.	Effective Learning for Professional Development	8

		<table border="1"> <tr> <td>2.</td> <td>Education for Sustainable Development</td> <td>8</td> </tr> <tr> <td>3.</td> <td>Affective Computing</td> <td>12</td> </tr> <tr> <td>5.</td> <td>Introduction To Industry 4.0 And Industrial Internet of Things</td> <td>12</td> </tr> <tr> <td>6.</td> <td>Human Computer Interaction (In English)</td> <td>12</td> </tr> <tr> <td>7.</td> <td>Blockchain and its applications</td> <td>12</td> </tr> </table>	2.	Education for Sustainable Development	8	3.	Affective Computing	12	5.	Introduction To Industry 4.0 And Industrial Internet of Things	12	6.	Human Computer Interaction (In English)	12	7.	Blockchain and its applications	12	<p>The BoS members approved the courses and it is resolved to submit to Academic Council for further approval</p>
2.	Education for Sustainable Development	8																
3.	Affective Computing	12																
5.	Introduction To Industry 4.0 And Industrial Internet of Things	12																
6.	Human Computer Interaction (In English)	12																
7.	Blockchain and its applications	12																
	<p>II. One credit course offered in 2025-2026 (ODD Semester) and planned to offer by industry in 2025-2026 (Even Semester)</p>	<p>BoS chairman presented the one credit course planned to offer in 2025-2026 (Even Semester)</p> <ul style="list-style-type: none"> • Offensive and Defensive Cyber Security Using Kali Linux 	<p>The BoS members approved the course and it is resolved to submit to Academic Council for further approval</p>															
	<p>III. Skill based courses offered in 2025-2026(ODD Semester) and planned to offer 2025-2026 (Even Semester)</p>	<p>BoS chairman presented the list of Skill based courses offered in 2025-2026(ODD Semester) and planned to offer 2025-2026 (Even Semester).</p> <p>Skill based courses offered in 2025-26(ODD semester)</p> <ul style="list-style-type: none"> • 60 CG 0P2 - Career Skill Development – II • 60 CG 0P4 - Career Skill Development – IV <p>Skill based courses planned to offer in 2025-26(EVEN semester)</p> <ul style="list-style-type: none"> • 60 CG 0P1 - Career Skill Development – I • 60 CG 0P3 - Career Skill Development – III • 60 CG 0P5 - Comprehension Test 	<p>The BoS members approved the courses and it is resolved to submit to Academic Council for further approval</p>															
	<p>IV. International Certification completed in 2025-2026(ODD Semester) and planned to offer 2025-2026 (Even Semester).</p>	<p>BoS Members suggested the following certification courses for the forthcoming semesters 2025-2026 (Even Semester).</p> <p>To enhance technical knowledge and professional readiness, students are encouraged to explore the following certification courses</p> <ul style="list-style-type: none"> • UiPath Certifications • GCP - Associate Cloud Engineer Certificate • AWS - AWS Certified Cloud Practitioner • Oracle Cloud Infrastructure 2025 Certified Generative AI Professional • Oracle AI Cloud Database Services 2025 Certified Professional <p>Students are also encouraged to do the International Certificates such as coursera, udemy. The credits may be given to the students for obtaining International Certificates.</p> <p>All BoS members appreciated the credits given to the students for obtaining International Certificates</p>																

V. Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon, Ideathon, and similar activities.

In R2022, Mini projects are given for 61 CS 2P1 Web Development, 61 CS 4P1 Advanced Web Development Laboratory, 61 CS 4P2 Database Management Systems Laboratory, 60 CS 603 - Data Science laboratory courses to make students to participate in Design Contests, Hackathon and Ideathon, etc. The BoS members accepted and approved the same.

VI. Evaluation pattern for Integrated courses, Project based & System based courses

In integrated courses, the practical component is evaluated as a lab component and for project based courses, the following evaluation pattern is followed

Assessment 1 (Presentation)		Assessment 2 (CA Test)	Assessment 3 (Model – Presentation)	
Assessment Parameters	Marks	Marks	Assessment Parameters	Marks
Problem Identification	10	Questions from CO1 to CO4 As per CA Test Pattern	Innovation	30
Innovation	30		Clarity in Presentation	10
Solution for problem	10		Demo	30
Clarity in Presentation	05		Completion of Report	20
Viva	05		Viva	10
Total	60		60	Total

The BoS members approved the same

VII. Internship details of students (2 nd , 3 rd & 4 th Year)

The BoS chairman presented the details of internships completed during the AY 2024-25. Students undergoing minimum 6-8 weeks of Internships in reputed industries for sharpening their skill sets

Internship completed during the AY 2024-25

Batch	No. of students completed internship	No. of Weeks
2021-25	86	8 weeks
2022-26	12	6 weeks
	56	2 weeks
2023-27	18	4 weeks
	37	2 weeks
2024-28	Students started to applying Internship.	
2025-29	Nil	

7.	Stakeholders feedback and action taken	S.No.	Name of the Course	Name of stakeholder	Type of stakeholder	Feedback	Action Taken
		1.	Cryptography and Network Security	Kabiyashwanth V	Industry Expert	Suggested to add the following topics under introduction to cyber crime <ul style="list-style-type: none"> Cybersecurity goals: CIA triad(Confidentiality, Integrity, Availability) Types of cyber attackers (hackers, insiders, cyber terrorists) 	As per the suggestions the introduction to cyber crime is added.

					<ul style="list-style-type: none"> • Impact of cybercrime on individuals, organizations, and governments • Cybercrime lifecycle • Emerging cyber threats • SOC basics (Security Operation centre) 							
	2.	Computer Networks	Swetha S	Alumni	Suggested to add a proactive approach to building relevant technical skills such as, 1. Cisco Networking 2. Cyber Security Fundamentals 3. CompTIA Network+	As per the suggestions Cisco Networking, Cyber Security Fundamentals CompTIA Network+ is added						
	3.	React JS	Mr.Singaravel	Employer	Suggested to add more topics on React JS <ul style="list-style-type: none"> • Modules (import/export) • List and Keys • Different types of rendering • Control and un control form design. • Calling express.js inraect for mongodb operations. 	As per the suggestion the following topics are added in React JS <ul style="list-style-type: none"> • Modules (import/export) • List and Keys • Different types of rendering • Control and un control form design. • Calling express.js inraect for mongodb operations 						
	4.	Software Engineering	Dr. P. Kaladevi Mr. R. Vijaysai	Faculty	Suggested to move software engineering to third semester and also suggested to add three credits to computer network theory.	As per the suggestions it is incorporated in R2026						
	5.	Curriculum of R2026	Dr.G.Karthikeyan, Head/Gen. AI, GGs Info Services Pvt Ltd, Perungudi, Chennai - 97	Employer	<table border="1"> <thead> <tr> <th>Course</th> <th>Suggestion</th> </tr> </thead> <tbody> <tr> <td>Computational Problem Solving and C Programming</td> <td>Suggested to integrate Computational Problem Solving as Part of C Programming Course</td> </tr> <tr> <td>Mathematical Courses</td> <td>Suggested to add the following mathematical courses in curriculum: <ul style="list-style-type: none"> • Linear Algebra • Calculus • Probability and Statistics • Discrete Mathematics • R Programming </td> </tr> </tbody> </table>	Course	Suggestion	Computational Problem Solving and C Programming	Suggested to integrate Computational Problem Solving as Part of C Programming Course	Mathematical Courses	Suggested to add the following mathematical courses in curriculum: <ul style="list-style-type: none"> • Linear Algebra • Calculus • Probability and Statistics • Discrete Mathematics • R Programming 	As per the suggestions it is incorporated in R2026
Course	Suggestion											
Computational Problem Solving and C Programming	Suggested to integrate Computational Problem Solving as Part of C Programming Course											
Mathematical Courses	Suggested to add the following mathematical courses in curriculum: <ul style="list-style-type: none"> • Linear Algebra • Calculus • Probability and Statistics • Discrete Mathematics • R Programming 											

					Physics for Computer Technology	Suggested to include Quantum Physics in the syllabus
					Python Programming	Python Programming may be offered as core course during first or second year
					Web Development and Advanced Web Development	Web Development may cover HTML, CSS and JavaScript. Advanced web development may be offered as Full Stack Development with the following topics: <ul style="list-style-type: none"> • React • Node JS • Django • Python • MongoDB
					Data Structures	Data Structures may be offered as Data Structures with Java. The lab may be integrated into theory
					Computer Networks	Computer Networks may be offered as integrated course and lab exercises may be implemented with NS2 / QualNet
					Artificial Intelligence	Artificial Intelligence may be offered as Artificial Intelligence and Machine Learning (AIML)
					Computer Architecture	IBM architecture may be referred
					Design Thinking	Case Studies may be given from <ul style="list-style-type: none"> • Uber • Netflix • Swiggy • Zomato • Zepto
					Cloud Computing	Cloud Computing may be offered as Integrated course with AWS/GCP

					Professional Elective	<ul style="list-style-type: none"> Any two Professional Elective may be offered as Online courses. Courses and Evaluation pattern has to be finalized 	
8.	Suggestions from IQAC	The following suggestions were given by IQAC:			Action Taken		
		<ul style="list-style-type: none"> Introduce courses related to Sustainability Development 			The following courses are introduced related to Sustainability Development <ul style="list-style-type: none"> 60 MY 001 Environmental Studies and Climate Change 60 MY 002 Universal Human Values 60 MY 004 Disaster Management 60 CS E16 Industrial Cloud Practices 60 CS E48 Cyber Security 		
		<ul style="list-style-type: none"> Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. 			Senior academicians, industry experts, and distinguished alumni and professionals are actively involved in enhancing research quality, relevance, and employability outcomes		
9.	Any other matters						
	Suggestion on Examination Reforms (Question Paper Pattern – Internal and End Semester Examination, etc.,)	The internal and external examiners list are presented by BoS Chairman and all the members approved the same.					
	Suggestion to evaluate project-based courses	The BoS members accepted and approved the evaluation pattern for project based courses.

Minutes of the Board of Studies Meeting

ACADEMIC YEAR 2025-2026 (ODD SEMESTER)

BoS Meeting No:29		Date:20.12.2025	Venue: IT Department Library
------------------------------	--	------------------------	-------------------------------------

The BoS Chairman welcomed all the members of the Board of Studies and highlighted the importance of their role in curriculum development and academic quality enhancement. The minutes of the previous BoS meeting held on **18.06.2025** were presented and confirmed by the members. The following members were present.

1. Dr.R.Poonkuzhali - BoS Chairman
2. Dr.Sikappi - University Nominee
3. Dr.S.Kanmani - University Nominee
4. Mr. Devendran - Meritorious Alumnus
5. Mr. Illanchezhian - Industry Expert
6. Dr.Prabha Selvaraj - External Subject Expert
7. Dr. Jayakumar - External Subject Expert
8. Dr.J.Nithya - Member
9. Dr.V.R.Sadasivam - Member
10. Dr.M.Sangeetha - Member
11. Dr.C.Nallusamy - Member
12. Mr.M.Thilakraj - Member
13. Dr.K.Mahalakshmi - Member
14. Mr.R.T.Dineshkumar - Member
15. Mr. P.Dineshkumar - Member
16. Mr.K.C.Mohanraj - Member
17. Mr.Arulmurugan - Member
18. Mr.K.Saravanan - Member
19. Mrs. N.Sathiyapriya - Member
20. Mrs.S.Keerthana - Member
21. Mrs.S.Pavithra - Member
22. Ms.Akchayaa.V.P - Student
23. Mr.Vignesh.K - Student
24. Mr.Deepan.S - Student
25. Ms.Mownika.K - Student

S.No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Vision, Mission, PEO, PSO – Review	Dr.R.Poonkuzhali (BOS Chairman)	Discussed the existing Vision, Mission, PEOs and PSOs	Existing Vision, Mission, PEOs and PSOs shall be continued.	PC	Continuous	
2.	Curriculum of UG programmes (R2026)	Dr. S. Sikappi (University Nominee)	26IT0202L Python Programming Lab: Suggested to integrate visualizations, such as graphs or charts, into Python programming Lab.	The syllabus updated to include the use of libraries like Matplotlib, Seaborn, and Plotly for data visualization.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
			Suggested to incorporate tools for performance monitoring within the Operating System in 26IT0101L IT Workshop Laboratory	The practical exercises on using OS performance monitoring tools like Task Manager (Windows), Activity Monitor (macOS), and top/htop (Linux) included in 26IT0101L IT Workshop Laboratory.			
		Mr.M.Devendran (Industry Member)	Suggested to introduce Agentic AI as a core elective in R2026.	As per the suggestion Agentic AI included in Core Elective under Artificial Intelligence & Data Science vertical.	BoS Chairman	Immediate	
Mr.Illanchezhian Ganesamurthy (Industry Member)	Suggested to include "GPU Programming and Hardware Acceleration (CUDA, PyTorch)" as a Core Elective Course in Artificial Intelligence & Data Science vertical	Listed Course added as elective in R2026	Module coordinator	Immediate	Submitted to Academic Council for further approval.		

		Dr.Prabha Selvaraj (Subject Expert)	Suggested to equip students with foundational understanding of Automata Theory or Compiler Design as Core Subject. Suggested Courses are • 26IT0502T Theory of Computation (III or IV Semester) • Compiler Design (Elective Course)	Suggested Course are included in R-2026.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
3.	Curriculum and syllabi of R2025(PG)	Mr. G. Hanchezian (Industry Member)	Suggested to offer a course on Artificial Intelligence and Internet of Things in R2025.	Suggested course offered as “70 PDS E11 Artificial Intelligence and Internet of Things” in R2025 Curriculum.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
		Dr. V. Jayakumar (Industry Member)	Recommended to offer a course related to High Performance Computing .	The course offered as “70 PDS E55 GPU Computing” in R2025 curriculum.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
4.	Curriculum and Syllabi of PG programmes R2025	<p>I Total No. of credits for the PG programme(M.Tech-Data Science) - 72</p> <p>II Preparation for I to IV semester subjects R2025, Curriculum for R 2025 and Recommendations</p> <ul style="list-style-type: none"> Presented the proposed Curriculum and Syllabus (R2025) for M.Tech(Data Science) and it is approved <p>III Curriculum should improve innovative, design & critical thinking skills and problem-solving abilities of students</p> <ul style="list-style-type: none"> The BoS members approved that the proposed Curriculum improves innovative, design & critical thinking skills and problem-solving abilities of students <p>The members of BoS Committee approved the Curriculum. It is resolved to submit it to Academic Council for further approval.</p>					
5.	Revision in the Curriculum and Syllabi of I to VIII semester R2022.	S.No.	Course Code	Name of the Course	Semester	Changes made	
		1.	60 MY 004	Disaster Management	VI	New Mandatory Course added.	
		2.	61 IT 6P1	Data Mining and Analytics Laboratory	VI	One experiment added(Implementation of Supervised and Unsupervised Learning algorithm using MATLAB)	
		3.	60 IT L07	Medical Robotics	VI	New open elective course added.	

6.	Curriculum and Syllabi for Minor and Honour Degree programmes in R2026.	Dr. S. Sikappi, AU Nominee	Suggested to include honor degree in the domain of Data Science.	Honor degree can be offered in the domain of Data Science in R2026.	BoS Chairman	Immediate	Submitted to Academic Council for further approval																																																					
7.	List of open elective courses and value-added courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (Even Semester)	<p>I. 8.	Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026) and PG (I to IV semesters, R2025) Programmes	I Total No. of credits for the UG Programme : 164				
		II Review of curriculum for I to VIII semester UG Courses (R2026) and Recommendations				
		Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
		Suggested to include either Theory of Computation or Compiler Design, as core Course in R2026.	Suggested Course are included in R-2026.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
		Suggested to include Pytorch, hardware acceleration, TPU, GPU in the syllabus	Suggested Course added as elective in R2026	Module coordinator	Immediate	Submitted to Academic Council for further approval.
		Suggested to Introduce Agentic AI as a core elective in R2026.	As per the suggestion Agentic AI included in Core Elective under Artificial Intelligence & Data Science vertical.	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
		III Review of curriculum and Syllabi for I to IV semester PG Courses (R2025) and Recommendations				
		Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
		Suggested to offer a course on Artificial Intelligence and Internet of Things in R2025.	Suggested course offered as “70 PDS E11 Artificial Intelligence and Internet of Things” in R2025	BoS Chairman	Immediate	Submitted to Academic Council for further approval.
		IV Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).				
		Focus Area	Curriculum Support			
		Higher Education & Research	Strong foundation through Mathematics, Algorithms, AI & ML, Deep Learning, Data Mining, Research Skill Development and Final Year Project			
		Career Guidance & Employability	Career Skill Development I–IV, Comprehension Test, Internships (III–VIII Sem), Communication and Professional Skills			
		Startups & Entrepreneurship	Startups & Entrepreneurship, Design Thinking, Mini Project and Major Project to promote innovation and business ideas			
Cross-cutting Issues	Universal Human Values, Disaster Management, NCC/NSS/NSO, Total Quality Management, Professional Communication					
Sustainable Development Goals	Environmental Studies & Sustainable Practices, UHV, Disaster Management, and Entrepreneurship supporting sustainability, ethics and social responsibility					
V Curriculum meeting the requirements of NEP 2020. Flexible structure with multidisciplinary learning, value-added & Non- CGPA courses (Heritage of Tamils, Tamils & Technology).						

VI Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills.

Focus Area	Curriculum & Syllabus Support
Innovation & Creativity	Design Thinking, Mini Project, Startups & Entrepreneurship, and Project Work (Phase I & II) encourage idea generation, innovation and product development.
Design Skills	Engineering Graphics, Web Essentials, Full Stack Development, Mobile App Development, and Embedded Systems & IoT develop system and application design skills.
Critical Thinking	Design and Analysis of Algorithms, Theory of Computation, AI & ML, Deep Learning, and Data Mining build analytical and logical reasoning.
Problem-Solving Ability	Data Structures, Algorithms, Database Management Systems, Operating Systems, Computer Networks, and Laboratories provide hands-on problem-solving.
Practical & Experiential Learning	IDEA Lab – Maker Space, Micro Projects, Mini Project, Major Project, and Internships promote real-world problem identification and solution development.

VII. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and Laboratories

S. No.	Name of Course with code	Semester	Name of Institution / Open-Source
1	60 IT 0P1/ Python Programming Laboratory	II	https://python-iitk.vlabs.ac.in/
2	61 CS 0P3/ Data Structures Laboratory	III	https://ds1-iiith.vlabs.ac.in/data-structures-1/
3	60 CS 0P4/ Java Programming Laboratory	III	R Sequence
4	61 EC 001 Digital Logic and Microprocessor	III	Multisim live
5	60 IT403 / Web Technology	IV	(https://html-iitd.vlabs.ac.in/)
6	60 IT 601/ Data Mining and Analytics Laboratory	VI	http://vlabs.iitb.ac.in/vlabsdev/labs/machine_learning/labs/exp7/simulation.php
7	60 IT 7P1/ Cloud Computing Laboratory	VII	https://console.cloud.google.com/sdk/

VIII. Introduction of New courses

Artificial Intelligence and Machine Learning	Cyber Laws, Privacy & Digital Ethics
Generative AI & Large Language Models	Cloud & Virtualization Security
Agentic Artificial Intelligence	Cyber Security & Blockchain Technologies
Data Wrangling and Visualization with Python	Cyber Threat Intelligence and SOC Operations
GPU Programming and Hardware Acceleration	Progressive Web Apps (PWA)
Quantum Computing for Data Science	API Design and Documentation (Swagger, Postman)
MERN Stack Development	Advanced Mobile Development (Flutter, SwiftUI)

9.	Discussion on Choice Based Credit System	I.	Self-study courses SWAYAM / NPTEL / MOOC courses offered in 2025-26 (ODD Semester)				
			S.No	Name of the Course	No.of Weeks	No. of students	
			1.	Design and Implementation of Human Computer Interfaces	12	55	
			2.	Foundations of Virtual Reality	12	13	
			3.	Privacy and Security in Online social media	12	31	
			4.	Practical Cyber Security for Cybersecurity Practitioners	12	40	
			Self-study courses SWAYAM / NPTEL / MOOC courses planned in 2025-26 (Even Semester)				
			S.No	Name of the Course	No.of Weeks		
			1.	Human Computer Interaction(In English)	12		
			2.	Object Oriented System Development Using UML, Java And Patterns	12		
			3.	Affective Computing	12		
			4.	Computer Networks and Internet Protocol	12		
			II.	One credit course offered in 2025-2026 (ODD Semester)			
			S.No	Name of the Course	Semester	Name of the Industry	No.of Students
	1.	Flutter Launchpad Camp	V	Coreverse Technologies, Tiruchengode	65		
	Two credit course planned to offer by industry in 2025-2026 (Even Semester)						
	S.No	Name of the Course	Semester	Name of the Industry	No.of Students		
	1.	Foundation of SAP Business Technology Platform	VI	Kaar Technologies, Kingdom of Saudi Arabia	50		
	III.	Skill based courses offered in 2025-2026(ODD Semester)					
	S.No	Name of the Course	Semester	No.of Students			
	1.	Embedded Systems and IoT	V	121			
	2.	Cloud Computing	VII	123			
	3.	Software Testing	VII	123			
	4.	Cryptography and Network Security	VII	123			
	5.	Computer Graphics and Virtual Reality	VII	123			

Skill based courses planned to offer 2025-2026 (Even Semester)

S.No	Name of the Course	Semester	No.of Students
1.	Web Technology	IV	132
2.	Full Stack Development	VI	121
3.	Data Mining and Analytics	VI	121
4.	Machine Learning	VI	121
5.	Power BI	IV	132
6.	Python Programming	II	126

IV. International Certification completed in 2025-2026 (ODD Semester) and identification of certifications for the forthcoming Semesters 2025-2026 (Even Semester)

S.No	Name of the Course	No.of Students
1.	Google Cloud - Associate Cloud Engineer	18
2.	AWS Certified Cloud Practitioner	2
3.	Microsoft Azure Data Fundamentals	3
4.	Oracle Cloud Infrastructure-Professional, Associate	10

- Google Cloud - Associate Cloud Engineer
 - AWS Certified Cloud Practitioner
 - Microsoft Azure Data Fundamentals
 - Oracle Cloud Infrastructure-Professional, Associate
- ✓ The above certifications may be considered as equivalent course with 3 credits.
 - ✓ Suggested that upon successful completion of above certifications, course exemption of any of the core elective / open elective course with 3 credits may be permitted
 - ✓ Grades obtained in the certification may be considered for evaluation
 - ✓ Certification, where direct grades are not available and internal assessment may be conducted and grades can be awarded

V. Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon, Ideathon, and similar events.

Name of Laboratory with Code	Semester	Contest (Design Contest, Hackathon, Ideathon, etc)
60 CS 0P1/ C Programming Laboratory	I	Codeathon
60 IT 2P1 / Python Programming Laboratory	II	Codeathon
60 IT 3P1 / Java Programming Laboratory	III	Codeathon
60IT3P2/ Data Structure Laboratory	III	Codeathon

VI. Evaluation plan for Integrated courses, Project based & System based courses

Integrated Course

Items	Theory Component					Laboratory Component		Total	Internal	End Sem. (Theory and Lab)	
	CA Test (1&2)	Activity	Quiz			Lab Exam	Model				
Mode of Assessment			1	2	3						
Number of Assessment	2	1	1	1	1	2	1				
Marks	60 Marks	5 Marks	20 Marks	20 Marks	30 Marks	100 Marks	100 Marks				
Weightage in Marks	40	5	1	1	3	30	20				
Theory with Lab	Total	2 CA Test Marks = 2 x 20 = 40 Activity = 1 x 5 = 05 Quiz (1 & 2) = 2 x 1 = 02 Quiz 3 = 1 x 3 = 03					Lab Exam 1 (After 50% Syllabus Coverage) = 15 Lab Exam 2 (After 100% Syllabus Coverage) = 15 Model Exam / Mini Project = 20		100** Marks	50 Marks	50 Marks
		Total Internal Marks for Theory = 50					Total Internal Marks for Lab = 50				

Project based Course

Assessment 1 (Presentation)		Assessment 2 (CA Test)	Assessment 3 (Model – Presentation)	
Assessment Parameters	Marks	Marks	Assessment Parameters	Marks
Problem Identification	10	Questions from CO1 to CO4 As per CA Test Pattern	Innovation	30
Innovation	30		Clarity in Presentation	10
Solution for problem	10		Demo	30
Clarity in Presentation	05		Completion of Report	20
Viva	05		Viva	10
Total	60		60	Total

VII. Internship details of students for the forthcoming Semesters 2025-2026 (Even Semester)

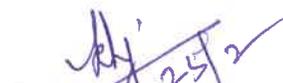

Final year : 103 students, Third Year : 22 students and Second Year:10 students

10.	Stake holders feedback and action taken report	Stake holder's Name	Discussions / Suggestions	Action to be Taken	Responsibility	Target
		Mr. Nithyanandam Deli Technologies (Employer)	Suggested to increase focus on Industry used tools and frameworks (Spring boot, Docker, Kubernetes.)	Can be included	Module coordinator	Submitted to Academic Council for further approval
		Mr. Sathish Accenture Solutions Pvt Ltd (Employer)	Suggested to include Ethical AI and Data Privacy into syllabus	Can be included	BoS Chairman	Submitted to Academic Council for further approval
		Ms.Haritha Harikumar Primus Global Technologies (Alumni)	Suggested to focus more on Flutter, vue.js, Apache, Airflow	Can be Considered.	BoS Chairman	Submitted to Academic Council for further approval

		Mr.M.Sivakumar CTS (Alumni)	Generative AI and Quantum Machine Learning can be added as new elective courses in R2026 curriculum	Can be introduced	BoS Chairman	Submitted to Academic Council for further approval
		Ms. A. Abi Hitachi Energy (Alumni)	Suggested to include AI Tools like cursor, windsurf, copilot.	Can be introduced	BoS Chairman	Submitted to Academic Council for further approval
		Mr.Harish Nirmal B Scrum Master, Project Manager Bank Muscat, Oman (Alumni)	Suggested to include Scrum, Kanban, Agile Methodology.	May be Considered.	Module coordinator	Submitted to Academic Council for further approval
		Mr.Periyasamy Rajendran Accenture,Chennai (Employer)	Suggested to include Data Engineering as Professional Elective Subject.Interdisciplinary Subjects can be introduced to do the Projects	May be Considered.	Module coordinator	Submitted to Academic Council for further approval
		Mr.Nithyanandham Dell Technologies (Employer)	Suggested to Introduce some Technical Certification and Language certification courses	Can be considered.	Module coordinator	Submitted to Academic Council for further approval
11.	Suggestions from IQAC	Discussions / Suggestions	Action to be Taken		Responsibility	Target
		Suggested to introduce courses related to Sustainability Development	Sustainability is embedded across courses through interdisciplinary modules, industry-oriented case studies and projects, continuous faculty development programs (FDPs), and enhanced industry collaborations that support internships, live projects, and expert lectures.		Bos Chairman	Submitted to Academic Council for further approval
		Suggested that involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU signed organizations, to enhance research quality, relevance, and employability outcomes.	Distinguished alumni and experts from MoU-linked industries will be involved in co-supervising projects, evaluating research outcomes, and delivering skill-focused sessions to enhance academic rigor and job readiness.		Bos Chairman	Submitted to Academic Council for further approval

12.	Any other matters	Suggestion on Examination Reforms (Question Paper Pattern – Internal and End Semester Examination)			
		Discussions / Suggestions	Action to be Taken	Responsibility	Target
		Question papers shall be framed based on Bloom's Taxonomy, focusing on higher-order thinking.	Question papers for both Internal and End Semester Examinations were redesigned in alignment with Bloom's Taxonomy, incorporating higher-order thinking questions.	Bos Chairman	Submitted to Academic Council for further approval
		Greater weightage shall be given to application, analysis, and problem-solving questions.	The revised question paper pattern ensures greater weightage to application, analytical, and problem-solving-based questions to enhance conceptual understanding.	Bos Chairman	Submitted to Academic Council for further approval
		Open-book examinations may be introduced for selected course	Open-book examinations were introduced on a pilot basis for selected courses to encourage critical thinking and real-time problem-solving skills.	Bos Chairman	Submitted to Academic Council for further approval
		Rubric-based evaluation will be followed for laboratories and project work.	Rubric-based evaluation methods were developed and implemented for laboratory courses and project work to ensure transparency, consistency, and outcome-based assessment.	Bos Chairman	Submitted to Academic Council for further approval
		Professional and employability skills will be assessed through group work, viva, and internships.	Professional and employability skills were assessed through structured group discussions, viva voce examinations, internships, and live/industry-based projects.	Bos Chairman	Submitted to Academic Council for further approval
		Faculty will be trained in OBE-based assessment and evaluation methods	Faculty members were trained through Faculty Development Programs (FDPs) on Outcome-Based Education (OBE) assessment practices and effective evaluation methodologies.	Bos Chairman	Submitted to Academic Council for further approval
		Mr.M Devendran Blockchain Technical Project Manager suggested that Free Code Camp can be introduced as One credit course or Value-added course	Based on the suggestion of FreeCodeCamp introduced as a One-Credit/Value-Added Course to enhance students' practical coding skills and industry readiness.	Bos Chairman	Submitted to Academic Council for further approval

(An Autonomous Institution, affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting

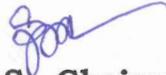

Department of Artificial Intelligence and Data Science

	BoS Meeting No.	12	Date:	20.12.2025	Venue:	AI&DS HoD Cabin (MS Teams - https://msteams.link/YQAS)	
The BoS Chairman warmly welcomed all the esteemed members of the Board of Studies and thanked them for their valuable presence. He expressed hope for fruitful discussions and constructive suggestions during the meeting.							
S. No	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum and syllabi of I & II R2026	Dr. S. Sikappi (University Nominee)	Suggested to include hands-on AI tools to improve practical understanding in 26AD0101L – AI Tools Laboratory Course.	As per the suggestion, Hands-on AI tools updated in 26AD0101L – AI Tools Laboratory	Module Coordinators	Immediate	Submitted to Academic Council for further approval.
		Dr. S. Sikappi (University Nominee)	Add Metrics(Accuracy) topic (evaluation metrics for ML/AI) in 26AD0206T – Python Programming for AI Course.	As per the suggestion it is included “ Evaluation metrics ” in 26AD0206T - Python Programming for AI.			
2.	Revision in the Curriculum and syllabi of – R2022	All Bos Members	Suggested to add the additional Open Elective course in the R2022 Curriculum.	As Suggested, the new Open Elective Course 60 AD L04 – Responsible AI has been added.	Module Coordinator	Before the Commencement of AY: 2025-2026 (Even semester)	Submitted to Academic Council for further approval.
			Suggested to include the Mandatory Course 60 MY 004 - Disaster Management in the R2022 curriculum.	As suggested, the Mandatory Course 60 MY 004 - Disaster Management has been included.	Module Coordinator	Before the Commencement of AY: 2025-2026 (Even semester)	Submitted to Academic Council for further approval.

3.	List of open elective courses and value-added courses	<ul style="list-style-type: none"> It is planned to offer “60 AD L03/ 60 AD L01 – Robotic Process Automation” and 60 AD L04 – Responsible AI as an Open Elective Course for 2025-2026 Even semester and also it is planned to offer “AI Agents & Autonomous Workflows” as a Value-Added Course for 2025-2026 Even semester. <p>The BoS Members approved the same and submitted it to Academic Council for further approval.</p>																																																								
4.	Discussion on Curriculum of I to VIII Semester for R 2026 (UG)	<ul style="list-style-type: none"> Curriculum of I to VIII Semester for R2026 (UG) are finalized according to the suggestions given by BoS Members and it is resolved to submit the Syllabus with above changes to Academic council for approval. Curriculum and syllabi meet the requirements to pursue higher education & career guidance and startups & entrepreneurship by offering the following courses <ul style="list-style-type: none"> Core Courses for GATE Preparation Career Skill Development I, II & III Start-ups and Entrepreneurship Research Skill Development <p>The BoS Members approved the same and submitted it to Academic Council for further approval.</p>																																																								
5.	Discussion on Choice Based Credit System	<p>The following NPTEL courses were completed for the students in 2025-2026 (ODD Semester).</p> <table border="1" data-bbox="573 683 2000 863"> <thead> <tr> <th>S. No.</th> <th>Course Name</th> <th>Semester</th> <th>No. of Weeks</th> <th>Students</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>Introduction to Industry 4.0 and Industrial Internet of Things</td> <td>07</td> <td>12</td> <td>28</td> </tr> <tr> <td>2.</td> <td>Big Data Computing</td> <td>07</td> <td>08</td> <td>5</td> </tr> <tr> <td>3.</td> <td>Advanced R Programming for Data Analytics in Business</td> <td>05</td> <td>12</td> <td>14</td> </tr> <tr> <td>4.</td> <td>Introduction to Internet of Things</td> <td>03</td> <td>12</td> <td>47</td> </tr> </tbody> </table> <p>The following NPTEL courses are recommended for 2025-2026 EVEN semester is</p> <table border="1" data-bbox="573 927 1872 1075"> <thead> <tr> <th>S. 9.	Stake holders feedback and action taken report	S. No	Name of the Stakeholder	Curriculum / Name of the Course	Feedback	Action Taken												
		1	Mr.Jason Kendrick SDE – II Botify India - Salem	26AD0101L – AI Tools Laboratory	Suggested to include industry-relevant tools and platforms such as Google Colab, Kaggle, and modern AI tools for generative and creative applications.	Google Colab, Kaggle, and modern AI tools are included.												
		2	Jessica Collins J P Cloud support analyst, Oracle Cerner Healthcare Solutions, Bangalore.	R2026 Curriculum	It is recommended to include Python programming for AI, with coverage of NumPy, Pandas, Matplotlib, and widely used frameworks like TensorFlow, PyTorch, and OpenCV.	Integrated Python programming for AI into the curriculum, covering essential libraries such as NumPy, Pandas, Matplotlib, TensorFlow, PyTorch, and OpenCV through structured lab sessions.												

		3	Bose A S Product Engineer - Juspay Technologies, Bangalore.	R2026 Curriculum	It is recommended to balance the Semester 5 workload to improve student engagement and comprehension. Introducing electives on Generative AI and emerging technologies would strengthen industry relevance and career preparedness.	Reviewed and rebalanced the Semester 5 workload to improve student engagement and comprehension, while offering electives that allow flexibility and focused learning.
		4	Gobala Krishnan B Software Engineer Glenwood Systems Private Ltd., Chennai	R2026 Curriculum	It would be good to include ethics in AI as a mandatory topic early on. Adding more hands-on experience with popular AI tools and frameworks would be useful.	Introduced new electives on Generative AI, Responsible AI and emerging technologies to enhance industry alignment and improve students' career readiness.
10.	Suggestions from IQAC	<p>The following suggestions were given by IQAC:</p> <ul style="list-style-type: none"> • Introduce courses related to Sustainability Development • Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. <p>Action Taken:</p> <ul style="list-style-type: none"> • The course Environmental Studies and Climate Change has been introduced into the curriculum to promote awareness of sustainable development, environmental responsibility, and ecological conservation among students. • Senior academicians and industry experts, including distinguished alumni and professionals from MoU-signed organizations, have been actively involved through Value added Course, curriculum inputs, research mentoring, and collaborative activities to enhance research quality, industry relevance, and employability outcomes. 				
11.	Any other matters	The internal and external examiners lists are presented by BoS Chairman and all the members approved the same. (Annexure I)

	BoS Meeting No.	8		Date:	20.12.2025	Venue:	IT Park (MS Teams - https://msteams.link/YQAS)
The BoS Chairman warmly welcomed all the esteemed members of the Board of Studies and thanked them for their valuable presence. He expressed hope for fruitful discussions and constructive suggestions during the meeting.							
S. No	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum and syllabi of I & II R2026	Dr.S. Kanmani (University Nominee)	Suggested to add Logic programming topics in 26AM0102T - Principles of Programming Languages Course.	As per the suggestion, logic programming updated in 26AM0102T - Principles of Programming Languages.	Module Coordinators	Immediate	Submitted to Academic Council for further approval.
		Dr. S. Sikappi (University Nominee)	Add Cloud concepts in 26AM0101T -Principles of Computing Course.	As per the suggestion it is planned to add " Cloud Concepts " in one of the unit of 26AM0101T - Principles of Computing.			
2.	Revision in the Curriculum and syllabi of – R2022	All Bos Members	Suggested to modify the course structure of Open Elective III from the theory-based to a project-based learning model.	As Suggested, the course structure of Open Elective III has been updated from the theory-based to a project-based learning model in R2022 Curriculum	Module Coordinator	Before the Commencement of AY: 2025-2026 (Even semester)	Submitted to Academic Council for further approval.
			Suggested to add the additional Open Elective course in the R2022 Curriculum.	As Suggested, the new Open Elective Course 60 AM L04 – Large Language Models (LLM) has been added.	Module Coordinator		

		All Bos Members	Suggested to include the Mandatory Course 60 MY 004 - Disaster Management in the R2022 curriculum.	As suggested, the Mandatory Course 60 MY 004 - Disaster Management has been included.	Module Coordinator	Before the Commencement of AY: 2025-2026 (Even semester)	Submitted to Academic Council for further approval.
3.	Curriculum of R2026	Mr. Illanchezhian (Industry Expert)	Suggested to replace the following courses 1. Software Engineering (Vertical 1: AI Driven Software Engineering) 2. Expert Systems (Vertical 3: Robotics and Automation) 3. Industrial Automation Systems (Vertical 3: Robotics and Automation) 4. Video Creation & Editing (Vertical 4: Creative Media) 5. IoT Concepts (Vertical 5: IoT) 6. GPU Programming (Vertical 6: Emerging Trends and Specialization) 7. Ethics & AI (Vertical 6: Emerging Trends and Specialization)	As per the suggestion, the following subjects will be replaced, 1. Software Metrics (Vertical 1: AI Driven Software Engineering) 2. AI for Automation (Vertical 3: Robotics and Automation) 3. Multimodal Programming Interfaces (Vertical 3: Robotics and Automation) 4. Mixed Reality (Vertical 4: Creative Media) 5. Internet of Things and Cloud (Vertical 5: IoT) 6. Computer Vision (Vertical 6: Emerging Trends and Specialization) 7. Responsible AI (Vertical 6: Emerging Trends and Specialization)	Module Coordinators	Immediate	Submitted to Academic Council for further approval.
4.	Minor and Honour degree course curriculum in R2026	The Honor degree for R2026 will be offered under the verticals “AI Driven Software Engineering”, “Cyber Threat Management”, “Robotics and Automation”, “Creative Media”, “IoT” and “Emerging Trends and Specialization”. The BoS Members approved the same and submitted it to Academic Council for further approval.					
5.	List of open elective courses and value-added courses	<ul style="list-style-type: none"> It is planned to offer “60 AM L03 - Intelligent AR/VR Systems” as an Open Elective Course for 2025-2026 Even semester and also it is planned to offer “Building GenAI Applications using LLMs and APIs” as a Value-Added Course for 2025-2026 Even semester. <p>The BoS Members approved the same and submitted it to Academic Council for further approval.</p>					

6.	Discussion on Curriculum of I to VIII Semester for R 2026 (UG)	<ul style="list-style-type: none"> Curriculum of I to VIII Semester for R2026 (UG) are finalized according to the suggestions given by BoS Members and it is resolved to submit the Syllabus with above changes to Academic council for approval. Curriculum and syllabi meet the requirements to pursue higher education & career guidance and startups & entrepreneurship by offering the following courses <ul style="list-style-type: none"> Core Courses for GATE Preparation Career Skill Development I, II & III Start-ups and Entrepreneurship Research Skill Development <p>The BoS Members approved the same and submitted it to Academic Council for further approval.</p>																																														
7.	Discussion on Choice Based Credit System	<p>The following NPTEL courses were recommended for the students in 2025-2026 (ODD Semester).</p> <table border="1" data-bbox="562 539 1998 683"> <thead> <tr> <th>S. No.</th> <th>Course Name</th> <th>Semester</th> <th>No. of Weeks</th> <th>Students</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Introduction to Industry 4.0 and Industrial Internet of Things</td> <td>03</td> <td>12</td> <td>51</td> </tr> <tr> <td>2</td> <td>Social Network Analysis</td> <td>05</td> <td>12</td> <td>04</td> </tr> <tr> <td>3</td> <td>Practical Cyber Security for Cyber Security Practitioners</td> <td>05</td> <td>12</td> <td>33</td> </tr> </tbody> </table> <p>The following NPTEL courses are recommended for 2025-2026 EVEN semester is</p> <table border="1" data-bbox="562 751 1868 895"> <thead> <tr> <th>S. No.</th> <th>Course Name</th> <th>Semester</th> <th>No. of Weeks</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Effective Learning for Professional Development</td> <td>02</td> <td>08</td> </tr> <tr> <td>2</td> <td>Human Computer Interaction</td> <td>04</td> <td>12</td> </tr> <tr> <td>3</td> <td>Affective Computing</td> <td>06</td> <td>12</td> </tr> </tbody> </table> <p>The following One credit course for 2025-2026 Even semester is planned to offer.</p> <table border="1" data-bbox="562 959 2089 1066"> <thead> <tr> <th>S. No.</th> <th>Course Code & Name</th> <th>Industry Supports</th> <th>No. of Hours</th> <th>No. of Credits</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60 AM SE01 & Modern Software Development Practices</td> <td>Thoughtworks, Coimbatore</td> <td>15</td> <td>1</td> </tr> </tbody> </table> <p>The following international certification courses are planned to offer in 2025-2026 Even semester.</p> <ol style="list-style-type: none"> Oracle OCI Generative AI Professional Oracle Cloud Infrastructure 2025 DevOps Professional <ul style="list-style-type: none"> All the above certifications may be considered as equivalent course with 3 credits. Above certifications, exempt of any of the core / open elective course with 3 credits may be permitted. Grades obtained in the certifications may be considered for evaluation. Certification, where direct grades are not available, an internal assessment may be conducted and grades can be awarded. <p>The following Life Skill Based course is planned to offer for 2025-2026 Even semester.</p> <ol style="list-style-type: none"> Career Skill Development <p>The BoS Members approved the same and submitted it to Academic Council for further approval.</p>	S. 8.	Internship Details – (2025-2026) ODD Semester	The details of the internship completed during the academic year 2025–2026 (ODD Semester) are given below.									
		S. No.	Admitted Batch	No. of Weeks		Total No. of Students					
				2	6						
		1	2022-2026	4	9	13					
2	2023-2027	7	14	21							
		3	2024-2028	39	4	43					
9.	Stake holders feedback and action taken report	S. No	Name of the Stakeholder	Curriculum / Name of the Course	Feedback	Action Taken					
							1	Santhosh R Full Stack Web Developer JP Morgan Chase Bangalore	R2026 Curriculum	LLM Models and its training, fine tuning the models, tokenization can be included as ChatGPT is the trend right now and students should be able to understand the foundations and work along with it. Prompt Engineering can be included as it is crucial to interact with LLM models.	Introduced foundational concepts of Large Language Models (LLMs), including model training, fine-tuning techniques, and tokenization, to help students understand and work with modern AI systems such as ChatGPT.
							2	Jessica Collins J P Cloud support analyst, Oracle Cerner Healthcare Solutions, Bangalore.	R2026 Curriculum	It is recommended to include Python programming for AI, with coverage of NumPy, Pandas, Matplotlib, and widely used frameworks like TensorFlow, PyTorch, and OpenCV.	Integrated Python programming for AI into the curriculum, covering essential libraries such as NumPy, Pandas, Matplotlib, TensorFlow, PyTorch, and OpenCV through structured lab sessions.
							3	Bose A S Product Engineer - Juspay Technologies, Bangalore.	R2026 Curriculum	It is recommended to balance the Semester 5 workload to improve student engagement and comprehension. Introducing electives on Generative AI and emerging technologies would strengthen industry relevance and career preparedness.	Reviewed and rebalanced the Semester 5 workload to improve student engagement and comprehension, while offering electives that allow flexibility and focused learning.

		4	Gobala Krishnan B Software Engineer Glenwood Systems Private Ltd., Chennai	R2026 Curriculum	It would be good to include ethics in AI as a mandatory topic early on. Adding more hands-on experience with popular AI tools and frameworks would be useful.	Introduced new electives on Generative AI and emerging technologies to enhance industry alignment and improve students' career readiness.
		5	Dr.L.Selvam HoD/CSE(CS)&CSE(AIML) SRM Madurai College for Engineering and Technology, Madurai.	26AM0102T - Principles of Programming Languages	Creating a mini-language grammar in BNF. Evaluating two languages for a specific task and explaining the better option. Writing a Python custom error handler. Incorporate Industry-Applicable Tools	Incorporated industry-applicable tools and workflows into coursework and projects to ensure real-world relevance.
10.	Suggestions from IQAC	<p>The following suggestions were given by IQAC:</p> <ul style="list-style-type: none"> • Introduce courses related to Sustainability Development • Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. <p>Action Taken:</p> <ul style="list-style-type: none"> • The course Environmental Science and Sustainability has been introduced into the curriculum to promote awareness of sustainable development, environmental responsibility, and ecological conservation among students. • Senior academicians and industry experts, including distinguished alumni and professionals from MoU-signed organizations, have been actively involved through Value added Course, curriculum inputs, research mentoring, and collaborative activities to enhance research quality, industry relevance, and employability outcomes. 				
11.	Any other matters	The internal and external examiners lists are presented by BoS Chairman and all the members approved the same. (Annexure IV)

The following international certification courses are planned to offer in 2025-2026 Even semester.

1. AWS Cloud Practitioner Generative AI Professional
 2. Oracle Cloud Infrastructure 2025 DevOps Professional
- All the above certifications may be considered as equivalent course with 3 credits.
 - Above certifications, exempt of any of the core / open elective course with 3 credits may be permitted.
 - Grades obtained in the certifications may be considered for evaluation.
 - Certification, where direct grades are not available, an internal assessment may be conducted and grades can be awarded.

The following Life Skill Based course is planned to offer for 2025-2026 Even semester.

1. Career Skill Development

The BoS Members approved the same and submitted it to Academic Council for further approval.

4. Internship Details – (2025-2026) ODD Semester

The details of the internship completed during the academic year 2025–2026 (ODD Semester) are given below.

S. No.	Admitted Batch	No. of Weeks		Total No. of Students
		2	6	
1	2022-2026	-	55	55
2	2023-2027	18	25	60
3	2024-2028	32	-	63

The BoS Members approved the internship taken by the Students and it is Suggested to pass in Academic Council Meeting for the further Approval

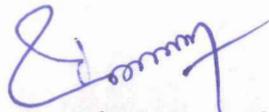

5. Stake holders feedback and action taken report

S. No	Name of the Stakeholder	Curriculum / Name of the Course	Feedback	Action Taken
1	Prakash T Associate Engineer CBTS Bangalore	R2022 Curriculum	The Agentic AI syllabus is relevant to current industry needs; however, greater emphasis on implementation-oriented and project-based	Introduced Enhanced implementation-oriented and project-based learning approaches. Introduced hands-on activities and practical

					learning is recommended. Incorporating hands-on activities across units will help students better understand agent workflows, coordination, and real-world applications using the prescribed frameworks.	exercises across all units to strengthen understanding of agent workflows, coordination, and real-world applications using the prescribed frameworks.
		2	Praveen Kumar G Data Analyst Cognizant, Chennai.	R2022 Curriculum	It is recommended to include clearer alignment between theoretical concepts and practical assessment components to ensure effective evaluation of students' competencies in Agentic AI frameworks and tools.	Introduced improved alignment between theoretical concepts and practical assessment components by incorporating implementation-based evaluations and project-oriented assessment methods
6.	Suggestions from IQAC	<p>The following suggestions were given by IQAC:</p> <ul style="list-style-type: none"> • Introduce courses related to Sustainability Development • Involvement of senior academicians and industry experts, particularly distinguished alumni and professionals from MoU-signed organizations, to enhance research quality, relevance, and employability outcomes. <p>Action Taken:</p> <ul style="list-style-type: none"> • The course Environmental Science and Sustainability has been introduced into the curriculum to promote awareness of sustainable development, environmental responsibility, and ecological conservation among students. • Senior academicians and industry experts, including distinguished alumni and professionals from MoU-signed organizations, have been actively involved through Value added Course, curriculum inputs, research mentoring, and collaborative activities to enhance research quality, industry relevance, and employability outcomes. 				
7.	Any other matters	The internal and external examiners lists are presented by BoS Chairman and all the members approved the same. (Annexure IV)

Minutes of Board of Studies Meeting Department of Biotechnology (UG & PG)

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall																					
1.	Opening Welcome Address																										
	The BoS Chairman extended a warm welcome to all esteemed members of the 29th Board of Studies meeting held at the Biotechnology Seminar Hall. The Chairman expressed sincere appreciation for the valuable time and expertise contributed by external members, recognizing their critical role in elevating the department's academic standards and industry alignment.																										
	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 10%;">S.No.</th> <th style="width: 30%;">Name</th> <th style="width: 60%;">BoS Members</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Dr. M. Vision and Mission of Department																											
Discussed about the draft copy of vision and Mission of department to BOS members.																											
VISION OF THE DEPARTMENT																											
To be a globally recognized center of excellence in biotechnology education and research, fostering innovation and sustainable solutions for societal challenges while nurturing ethical and competent biotechnology professionals.																											
MISSION OF THE DEPARTMENT																											
To provide comprehensive biotechnology education through innovative pedagogical approaches, state-of-the-art infrastructure, and industry-aligned curriculum that develops competent professionals.																											
To promote cutting-edge research in biotechnology applications including biomedical engineering, environmental biotechnology, and industrial bioprocesses through collaborative partnerships with industry and research institutions.																											
To cultivate ethical values, entrepreneurial mindset, and lifelong learning abilities among students while addressing global challenges through sustainable biotechnological innovations.																											
2.	PROGRAM EDUCATIONAL OBJECTIVES (PEOs)																										
	PEO1: Professional Excellence																										
	Graduates will demonstrate professional competence in biotechnology by applying fundamental knowledge and advanced biotechniques to solve complex problems in healthcare, environmental, agricultural, and industrial biotechnology sectors.																										
	PEO2: Innovation and Research																										
	Graduates will engage in innovative research, development, and entrepreneurial activities in biotechnology, contributing to technological advancement and sustainable solutions through lifelong learning and adaptation to emerging technologies.																										
	PEO3: Leadership and Ethics																										
Graduates will function as responsible leaders and team members with strong professional ethics, effective communication skills, and commitment to sustainable development and societal welfare.00																											
PROGRAM SPECIFIC OUTCOMES (PSOs)																											
PSO1: Biotechnology Applications																											
Apply principles of molecular biology, biochemistry, and bioprocess engineering to design, develop, and optimize biotechnological processes and products for healthcare, environmental, and industrial applications.																											

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall
	<p>PSO2: Research and Innovation Demonstrate competency in biotechnology research methodologies, modern analytical techniques, and innovation skills to develop sustainable biotechnological solutions and contribute to the advancement of biotechnology industry.</p> <p>Members appreciated the changes in the Vision and Mission of Department. Suggested to implement the Skill component and entrepreneurial aspects. Action Taken : Incorporated the skill component in the department Vision and Mission and submitted for Approval of Academic Council</p>					
3.	Curriculum of UG Programmes (R2026)	Dr. M. Arivanandhan (University Nominee)	<p>Discussion of Curriculum components UG R2026 (164 Credits)</p> <p>Advanced Courses discussion and Approval: Modern and advanced courses of R2026 has been discussed with industry needs. The detailed review of courses was done and approved with the suggestion of laboratory facility and expertise accordingly.</p> <p>Engineering Visualization Subject Add dedicated modules on 3D Bioprinting concepts The BoS members approved the proposed new courses, and they were incorporated into the R2026 curriculum.</p> <p>Action taken : It is decided to incorporate the industry and skill based courses in R2026 curriculum Responsibility: Module Coordinator Target : Immediate</p>			Submitted for the approval in Academic Council Meeting
		Dr. Selvamani (Subject Expert)	<p>Member appreciated the systematic preparation and structure of the proposed R2026 curriculum and acknowledged the department's efforts in aligning it with NEP 2020 and industry expectations.</p> <p>Suggested theory / elective courses: Bioorganic Chemistry Bioconjugate Technology Biosensors Molecular Breeding (with emphasis on tissue culture applications) Biofuel Technology Quantum Technology 3D Bioprinting Gene Editing Technology Bioeconomy One Health for Biotechnology (linking human, animal and environmental health) Regenerative Medicine Process Analytical Technology (PAT) Bioprocess Automation Cheminformatics</p>			Submitted for the approval in Academic Council Meeting

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall
			<p>Medical Device Technology</p> <ul style="list-style-type: none"> GxP in Pharmaceutical Industry (Good Practices in pharma covering GMP, GLP, GCP, GDP, etc. <p>Action Taken : It was decided that suitable courses from the above list will be: Mapped to UG/PG elective baskets and Honours / Minor tracks in R2026. Prioritized based on faculty expertise, infrastructure, and industry relevance.</p> <p>Responsibility : Module Coordinator</p> <p>Target : Immediate</p>			
	Dr. C. Kabilan (Industry Expert)	<p>Applied Physics Shift from general physics and Heat & Mass Transfer to a dedicated "Physics for Biotechnology" course focusing on biophysics fundamentals like biomolecular interactions, spectroscopy techniques, and biomechanics. Heat & Mass Transfer lacks direct biotech relevance, while biophysics supports protein folding studies, cellular mechanics, and instrument principles seen in programs like NIT Warangal's curriculum.</p> <p>Analytical Instruments Progression Introduce foundational coverage of Flow Cytometry (cell sorting), UV-Vis Spectroscopy (biomolecule quantification), and Dynamic Light Scattering (DLS for nanoparticle sizing) in Semesters I/II via integrated labs. Advance these in Semesters III/IV Analytical Techniques for deeper method validation and troubleshooting, building progressive skills essential for bioprocess characterization.</p> <p>BEEE Digital Focus Maintain the appreciated integrated Basic Electrical & Electronics Engineering (BEEE) structure but replace analog-heavy content with digital electronics tailored to biotech instruments, including sensors for bioreactors, data loggers, and automation interfaces in flow cytometers.</p> <p>Biotech-Tailored Python Redesign Python Programming from general topics to biotech applications: bioinformatics sequence analysis (Biopython), biological data visualization (Matplotlib/Seaborn), biostatistical modeling (SciPy/Statsmodels), and lab automation scripting. This leverages user expertise in data tools and virtual labs while integrating SWAYAM/NPTEL resources</p> <p>Action Taken: Applied Physics introduced as foundation course for biotechnology students. Heat & Mass Transfer removed; Biophysics modules integrated across Physics & Analytical courses. Flow Cytometry, UV-Vis, DLS added to Semester II Analytical Instruments BEEE syllabus digitized (70% digital electronics, sensors, IoT for biotech). Python for Biotechnology redesigned with biotech-specific projects and datasets.</p> <p>Responsibility : Module Coordinator</p> <p>Target : Immediate</p>				Submitted for the approval in Academic Council Meeting

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall	
		Mr. M. Vasudevan (Alumini)	Mr. M. Vasudevan (Business Unit Head, Cytiva - Hyclone Life Sciences Solutions, Bengaluru) commended the department's proactive approach in curriculum development and emphasized the need for greater focus on skill-based and industry-supported courses to directly enhance job opportunities for biotechnology graduates. Prioritize hands-on, skill-oriented courses that align with immediate industry requirements, such as: Advanced bioprocessing techniques (upstream/downstream optimization) Bioreactor operations and scale-up Action Taken: Quality control and assurance in biomanufacturing GMP/GLP compliance training The curriculum included specific industry supported courses as well as skill set based courses was given as one credit or value added courses associated with Industry Responsibility : Module Coordinator Target : Immediate			Submitted for the approval in Academic Council Meeting	
		Student Representatives Mr. R. Manoj M & Ms. Sharmila M (IV Year)	The student mentors represented by Mr. R. Manoj M and Ms. Sharmila M provided valuable feedback from the student perspective during the BoS meeting. Key Recommendations: Inclusion of Biopharmaceutical Technology as a core/elective course to cover drug development, formulation, clinical trials, and regulatory affairs – highly relevant for industry careers in pharma-biotech sectors. Implementation of Core Training Courses specifically designed for competitive exam preparation, including: GATE Biotechnology, CSIR-NET Life Sciences, DBT-JRF, ICMR-JRF, State PSC exams for scientific officers Action taken: Career Skill Developmental training with core skills were implemented for improving the students core knowledge. Responsibility : Module Coordinator Target : Immediate			Submitted for the approval in Academic Council Meeting	
3.	Curriculum and Syllabi of PG programmes (R2025)	Dr. Selvamani (Subject Expert) & Dr.C. Kabilan (Industry Expert)	PG R2025 (96 Credits): Discussed the different courses of all semesters. Sem I - 70 PDB 103 Advanced Biochemistry, Sem II - 70 PDB 204 Biopharmaceutical Technology, Sem III – 70 PDB 303 - Downstream Processing, And Project Phase-I. Suggested to go for project phase I as technical paper discussion for improving effective communication and research aspects	New PG courses incorporated (96 credits). Approved by BOS members	Module Coordinator	Immediate	Submitted for the approval in Academic Council Meeting

S.No	BoS Meeting No	29		Date:	23.12.2025	Venue:	Biotech Seminar Hall
4.	Revision in the Curriculum and Syllabi of I to V III semester (R2022) of UG Programmes and PG Programmes	Dr. Arivanandhan, (University Nominee) Dr. Selvamani (Subject Expert) & Dr.C. Kabilan (Industry Expert) Mr.Vasudevan (Alumni)	<p>60 BT L03 – Production Technology of Agricultural and Food Processing Machinery Unit IV Streamlined: Removed PHTC, RPEX, LSU, Drum Dryers, Refocused Content: Enhanced coverage of Solar Dryers and Spray Dryers.</p> <p>60 BT E52 – Regulatory Affairs in Biotechnology Syllabus revisions for (IBSC/RCGM, DBT), DMF (FDA/EMA, 21 CFR), FSSAI/IPR, simplified cleaning validation, and eCTD/ALCOA+ across Units I-V. Unit V deletes detailed HACCP/fire systems to prioritize biologics/GMP focus</p> <p>Disaster Management course has to be added for the upcoming students Changes and revision has been approved by BoS members or immediate student rollout, enhancing OBE/NBA compliance. Responsibility : Module Coordinator Target : Immediate</p>	Based on the suggestions from the BoS members, the modifications have been made and submitted to the Academic Council for approval	Module Coordinator	Immediate	Submitted for the approval in Academic Council Meeting

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall

5. Curriculum and Syllabi for Minor and Honour Degree programmes (R2022 & R2026)

Discussion and Suggestion

The proposed Curriculum and Syllabi for Honour Degree programmes (R2022 & R2026) were presented by BoS Chairman. The list of courses are as follows.

S.No.	Course Code	Name of the Course	Credits
1	60 BT E16 / 70 BT E16	Food Biotechnology	3
2	60 BT E26 / 70 BT E26	Organic Farming for Sustainable Agriculture	3
3	60 BT E36 / 70 BT E36	Biotechniques in crop improvement	3
4	60 BT E46 / 70 BT E46	Agricultural Biotechnology	3
5	60 BT E56 / 70 BT E56	Biodiversity and its conservation	3
6	60 BT E57 / 70 BT E57	Crop Production Technology	3

Action taken

The proposed curriculum and syllabi for the Honour Degree programmes (R2022 & R2026), presented by the BoS Chairman and the members approved in the meeting. It is decided to submit it in the Academic Council meeting for further approval.

Responsibility : Module Coordinator

Target : Immediate

6. List of open elective courses and value- added courses

List of open elective course offered in Odd Semester (2025-2026)

S.No.	Dept	Course Code	Course Name	# students
1	BT	60 BT L01	Pollution and its management	60

List of open elective courses planned in Even Semester (2025-2026)

S.No.	Dept	Course Code	Course name
1	BT	60 BT L03	Production Technology of Agricultural and Food Processing Machinery
2	BT	60 BT L01	Agricultural Engineering

List of value- added course offered in Odd Semester (2025-2026)

S.No.	Name of Value Added Course	Name of Company	No of Students
1	Next Generation Sequencing (NGS)	Genotypic Technology	15

List of value- added courses planned to offer in Even Semester (2025-2026)

S.No	Planned for Academic Year (2025- 26) Even	Name of the Industry
2.	Innovation in RTE and RTS	Rithu Snacks, Namakkal
3	Sustainable Urban farming with Microgreen	Rudhran Microgreen, Chennai

Action taken

Dr. Arivanandhan, (University Nominee) Dr. Selvamani (Subject Expert) & Dr.C. Kabilan (Industry Expert) appreciated the list of open elective courses and

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall								
	value- added courses suggested by BoS Chairman and submitted for the approval in Academic Council Meeting.													
7.	<p>Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026) and PG (I to IV semesters, R2025) Programmes</p> <p>I. Total UG Credits Dr. B. Kalpana presented the proposed 164 credits across 8 semesters with 19-24 credits per semester, and all members approved this balanced structure for uniform progression.</p> <p>II. R2026 Curriculum Review (I-VIII Semesters) Dr. M. Arivanandhan recommended uniform 2-credit labs for all laboratory components, renaming "Pollution Management" to "Biowaste Management," and adding design thinking labs every semester, and all these recommendations were implemented across the curriculum.</p> <p>III. R2025 PG Curriculum Review (I-IV Semesters) Dr. P. Selvamani confirmed the 96 total credits meet OBE standards, NPTEL foreign language courses were added for global employability, and 1-month OD internships were approved with proper credit allocation, leading to full approval of the PG curriculum.</p> <p>IV. Higher Education, Career, Startups & SDGs Dr. C. Kabilan appreciated the foreign language courses for career guidance, mini projects and maker spaces for startup development, and SDG-focused courses like Biowaste Management and Sustainable Agribusiness, which were all successfully integrated.</p> <p>V. NEP 2020 Compliance Mr. M. Vasudevan verified multiple entry/exit options through flexible credits, 50% experiential learning via projects and internships, and multidisciplinary electives like AI and Multi-omics, confirming complete NEP 2020 alignment.</p> <p>VI. Innovation & Design Thinking Dr. B. Kalpana highlighted mandatory design thinking labs in all semesters, IDEA Lab in Semester II, fabrication lab, AI-driven Bioreactor Optimization, and Biostatistics courses to build problem-solving skills, and all were approved for implementation.</p> <p>VII. Virtual Labs & Industry Courses Dr. C. Kabilan confirmed virtual labs for Immunology, CADD, and Bioprocess through Primas Biosciences MoU, industry-sponsored labs, and 1-month internships with credit recognition, with all elements formally approved.</p> <p>VIII. New Courses All external members approved introduction of 22 new courses including Biostatistics in Semester III, AI Bioreactor in Semester VII, and 8 Open Electives like Biofuel Technology and Forensic Science, which were fully integrated into the R2026 curriculum.</p> <p>Resolution: UG R2026 (164 credits) and PG R2025 (96 credits) curricula were approved for Academic Council ratification.</p>													
8.	<p>Discussion on Choice Based Credit System</p> <p>Dr. M. Arivanandhan confirmed full CBCS implementation with vertical electives like Cell Culture Technology. Mr. M. Vasudevan verified NEP 2020 multiple entry/exit and electives (Regulatory Affairs, AI Bioreactor). Dr. C. Kabilan approved industry-aligned specializations. Dr. P. Selvamani confirmed NPTEL credit transfers. Dr. B. Kalpana summarized 164 UG + 96 PG credits with 50% experiential learning. Online certification courses were appreciated by BoS members and it is submitted for the Academic Council for further approval.</p>													
	<p>List of One credit course offered in Odd Semester (2025-2026)</p> <table border="1"> <thead> <tr> <th>S.No.</th> <th>Name of One Credit Course</th> <th>Name of Company</th> <th>No of Students</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Indigenous Bio input production</td> <td>Ellis Biotech Company</td> <td>55</td> </tr> </tbody> </table> <p>One credit course planned to offer by industry in Even of 2025-26 Discussion / Suggestion</p>						S.No.	Name of One Credit Course	Name of Company	No of Students	1	Indigenous Bio input production	Ellis Biotech Company	55

Dr. Arivanandhan, (University Nominee) Dr. Selvamani (Subject Expert) & Dr.C. Kabilan (Industry Expert) approved the list of NPTEL courses to be offered in Odd Semester and it is submitted for the Academic Council for further approval.						

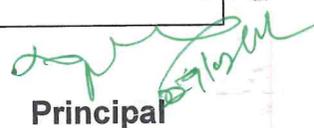

III

S.No	BoS Meeting No	29	Date:	23.12.2025	Venue:	Biotech Seminar Hall										
9.	<p>Stake holders feedback and action taken</p> <table border="1"> <thead> <tr> <th>Stake Holder</th> <th>Feedback Count</th> </tr> </thead> <tbody> <tr> <td>Employer</td> <td>32</td> </tr> <tr> <td>Alumni</td> <td>34</td> </tr> <tr> <td>Faculty</td> <td>30</td> </tr> <tr> <td>Students</td> <td>62</td> </tr> </tbody> </table> <p>Discussion and Suggestion</p> <p>For 60 BT E52 – Regulatory Affairs in Biotechnology, alumni suggested strengthening the syllabus. Sivaprakash recommended adding simple regulatory flow diagrams, real biotech regulatory case studies, and visual approval and validation pathways, while also including mock DMF and eCTD structures and inspection checklists to improve practical readiness.</p> <p>For 60 BT L03 – Production Technology of Agricultural and Food Processing Machinery, anonymous external stakeholders suggested that the fourth unit is too heavy and requested removal of PHTC, RPEX, LSU and drum dryers, with more focused coverage of solar dryers and spray dryers.</p> <p>For 70 BT 502 – Bioprocess Technology, employer Ayesha Shameema M requested inclusion of more industrial case studies in the fifth unit, and alumna Ashna Muthukrishnan suggested simplifying that unit by emphasising basic modelling concepts with industrial examples instead of only advanced modelling software.</p> <p>For 60 BT 403 – Biochemical Thermodynamics, alumni Yeswandhini S asked for additional real-life examples and applications to help students connect theory with practice.</p> <p>For 60 BT E24 – Marine Biotechnology, student Manoj R suggested adding marine food chain and food web topics, alumna Ashna Muthukrishnan commented that the syllabus is well-structured and relevant across biodiversity, aquaculture, biomaterials and sustainability, and alumna Yeswandhini S recommended an introductory overview, more case studies, visual aids, and a brief section on conservation versus exploitation; student Kaarmukilan noted that the content is evenly distributed.</p> <p>For 60 BT 604 – Immunology and Immunotechnology, alumna Mohanapriya Venkatachalam suggested integrating a laboratory component for better conceptual understanding.</p> <p>For 60 BT E23 – Stem Cell Technology, alumnus Dhanush Kumar stated that the syllabus already covers fundamental biology, handling and clinical applications adequately and requires no modification.</p> <p>For 60 BT 401 & 60 BT 4P1 – Genetic Engineering and Laboratory, alumnus Sivaprakash recommended adding CRISPR case content and encouraging student seminars on advanced techniques.</p> <p>For 60 BT E46 – Agricultural Biotechnology, alumnus Jayavishnu suggested including biofortification, intellectual property rights in biotechnology, and explicit GMO and LMO concepts to strengthen regulatory and biosafety coverage.</p> <p>Action Taken : Based on the suggestion from stakeholders, the content of the courses are revised and submitted to academic council for approval.</p>						Stake Holder	Feedback Count	Employer	32	Alumni	34	Faculty	30	Students	62
Stake Holder	Feedback Count															
Employer	32															
Alumni	34															
Faculty	30															
Students	62															
10.	Suggestions from IQAC	<p>It also advised documenting course-wise stakeholder feedback and action taken, and formalising value added/one-credit industry courses, NPTEL credit transfer, internships, mini-projects, and virtual labs so that R2026 demonstrably achieves strong experiential learning in line with NEP 2020.</p> <p>Action taken: Suggestions from the IQAC such as NPTEL credit transfer, internships, mini-projects, and virtual labs were implemented as per NEP 2020.</p> <p>Responsibility : Module Coordinator</p> <p>Target : Immediate</p>														
11.	Any other matters	<p>Overall curriculum R2026 discussed with new modern courses. Members appreciated the curriculum and suggested to go head with practical aspects. Changes in Vision and Mission also discussed with global standards in Biotechnology.</p>

K.S.RANGASAMY COLLEGE OF TECHNOLOGY, TIRUCHENGODE - 637 215

(An Autonomous Institution, Affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting

Department of Food Technology (UG &PG)

The Board of Studies meeting held on 20.12.2025 with the Greeting and welcome by the Board of Studies Chairman. The Chairman of BOS introduces the members to the forum. The following members were present in 29th BoS Meeting.

S. No.	Name	Designation & Institution	Designation
1.	Dr. K. Prabha	Associate Professor & Head Department of Food Technology K.S.Rangasamy College of Technology, Tiruchengode-637215	Chairman
2.	Dr. M. Arivanandhan	Professor, Centre for Nanoscience and Technology, Anna University, Chennai - 600 025.	University Nominee
3.	Dr. T. V. Ranganathan,	Professor, Department of Food Processing Technology, Karunya University, Karunya Nagar, Coimbatore.	Academic Experts
4.	Dr. Jayan Moses	Assistant Professor and In-Charge, Computational Modeling and Nanoscale Processing Unit, National Institute of Food Technology, Entrepreneurship and Management, Pudukkottai Road, Thanjavur - 613 005.	Academic Experts
5.	Dr. Sathiyamoorthy	Managing Director, Moon Foods, Tiruchengode – 637 215	Industrial Expert
6.	Mr. Srinivasan R	Senior Officer - QA/QC, CP Norfolk India Pvt Ltd, Chittoor.	Alumni Member
7.	Mr. P. Kalai Rajan	Assistant Professor	Internal Members
8.	Dr. P. Muthusamy	Professor	
9.	Dr. K. Balasubramani	Associate Professor	
10.	Dr. K. Kavitha	Associate Professor	
11.	Mr. S. Vanchinathan	Assistant Professor	
12.	Mr. S. Nithishkumar	Assistant Professor	
13.	Mr.T. G. N. Nagarjun	Assistant Professor	
14.	Ms. B. Srinithi Priya	Assistant Professor	
15.	Dr. M. Umai Arasi	Associate Professor	

The Chairman of Board of Studies explained the academic process followed in the Department which includes the completed Regulation, Teaching and Learning process, funded projects received and the major achievement of the Department.

The detailed discussion made by the Internal and external members as given in the agenda are given below:

BoS Meeting No			29	Date: 20.12.2025		Venue: Smart Class Room, Department of Food Technology	
S. No.	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum of UG programmes (R2026)	Dr. M. Arivanandhan (University Nominee)	Suggested strengthening core engineering orientation in Semester I.	As per the suggestions, 26FT0C01T - Human Nutrition introduced in R 2026 curriculum.	Module Coordinator	Immediate	Submitted to Academic Council
		Dr. Jayan Moses (Subject Expert)	Suggested restructuring of Semester II to strengthen engineering and science foundation.	Based on the suggestions, 26ME0C02T- Engineering Graphics, 26CY0C07I-Chemistry for Life Science and 26PH0C06I-Applied Physics included.	Module Coordinator	Immediate	Submitted to Academic Council
		Dr. T. V. Ranganathan (Subject Expert)	Recommended to avoid the repetition of draft and overlapping courses in Semester III and introduction of dedicated laboratories.	Based on the suggestions, Food Process Calculation and Engineering Properties of Food Materials, Fruit, Vegetable and Plantation Technology Laboratory and Food Microbiology Laboratory courses are introduced.	Module Coordinator	Immediate	Submitted to Academic Council

		Dr. Sathiyamoorthy (Industry Expert)	Suggested industry-oriented restructuring in Semester IV with focus on processing operations and computational course.	Based on the suggestions, Cereals, Pulses and Oil Seeds Technology and Computational Tools for Food Technology are introduced	Module Coordinator	Immediate	Submitted to Academic Council
		Mr. Srinivasan R (Alumni)	Recommended strengthening laboratory exposure and entrepreneurship orientation in Semester V.	Based on the suggestions, Startups and Entrepreneurship, Baking and Pastry Laboratory and Dairy Technology Laboratory introduced.	Module Coordinator	Immediate	Submitted to Academic Council
		Dr. Sathiyamoorthy (Industry Expert)	Suggested clear specialization and sensory evaluation focus in Semester VI.	Based on the suggestions, Sensory Evaluation and Beverage Technology are introduced.	Module Coordinator	Immediate	Submitted to Academic Council
		Dr. Jayan Moses (Subject Expert)	Suggested restructuring of Semester VII with research and advanced processing orientation.	Based on the suggestions, Thermal and Non-Thermal Processing, Food Packaging Technology, Research Skill Development, Food Packaging Laboratory and Project Phase-I are introduced.	Module Coordinator	Immediate	Submitted to Academic Council

2.	Curriculum and Syllabi of PG programmes (R2025)	The BoS members have officially approved the continuation of the PG R2025 curriculum and syllabi. It was concluded that the existing academic structure provides an adequate foundation for student development and requires no immediate revisions.					Submitted to Academic Council																												
3.	Revision in the Curriculum and Syllabi of I to V semester (R2022) of UG Programmes and PG Programmes.	BoS Members	Suggested to include course related to Environmental Science in Semester VI	Based on the suggestions, 60 MY 004-Disaster Management is introduced.	Module Coordinator	Immediate	Submitted to Academic Council																												
4.	<p>Curriculum and Syllabi for Minor and Honour Degree programmes (R2022 & R2026) Discussion and Suggestion The proposed Curriculum and Syllabi for Honour Degree programmes (R2022) were presented by BoS Chairman. The list of courses are as follows.</p> <table border="1" data-bbox="443 783 1850 1219"> <thead> <tr> <th>S. No.</th> <th>Course Code</th> <th>Name of the Course</th> <th>No. of Credits</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>60 FT E17</td> <td>Drying Technology</td> <td>3</td> </tr> <tr> <td>2</td> <td>60 FT E27</td> <td>Flavouring Technology</td> <td>3</td> </tr> <tr> <td>3</td> <td>60 FT E46</td> <td>Industrial Production of Bun, Bread, Cakes and Pastries</td> <td>3</td> </tr> <tr> <td>4</td> <td>60 FT E25</td> <td>Food Storage and Cold Chain Management</td> <td>3</td> </tr> <tr> <td>5</td> <td>60 FT E43</td> <td>Fruit and Vegetable Storage</td> <td>3</td> </tr> <tr> <td>6</td> <td>60 FT E57</td> <td>Waste Management and By-products Development in Food Industries</td> <td>3</td> </tr> </tbody> </table> <p>Action taken The proposed curriculum and syllabi for the Honour Degree programmes (R2022), presented by the BoS Chairman, were passed in the meeting and submitted for approval in the Academic Council</p>							S. No.	Course Code	Name of the Course	No. of Credits	1	60 FT E17	Drying Technology	3	2	60 FT E27	Flavouring Technology	3	3	60 FT E46	Industrial Production of Bun, Bread, Cakes and Pastries	3	4	60 FT E25	Food Storage and Cold Chain Management	3	5	60 FT E43	Fruit and Vegetable Storage	3	6	60 FT E57	Waste Management and By-products Development in Food Industries	3

List of open elective courses and value-added courses

List of open elective course offered in Odd Semester (2025-2026)

S. No.	Dept.	Course Code	Course Name
1	FT	60 FT L03	Food Supply Chain Management

List of open elective courses planned in Even Semester (2025-2026)

S. No.	Dept.	Course Code	Course Name
1	FT	60 FT L01	Nutrition and Healthy Life

List of value- added courses planned to offer in Even Semester (2025-2026)

S. No.	Name of the Course	Name of the Industry	No. of Hours
1.	Industrial Bakery Product Development	Moon Foods Pvt., Ltd., Nammakkal	30
2.	Sensory Quality & Consumer Acceptance Studies	Earthy Orgins, Nammakkal	30

Action taken

Dr. Arivanandhan, (University Nominee) Dr. T. V. Ranganathan (Subject Expert) & Dr. Sathiyamoorthy (Industry Expert) appreciated the list of open elective courses and value- added courses presented by BoS Chairman and submitted for the approval in Academic Council .

Discussion on proposed Curriculum for UG (I to VIII Semesters, R 2026) and PG (I to IV semesters, R2025) Programmes

I. Total UG Credits

BoS Chairman presented the proposed 164 credits across 8 semesters with 19-24 credits per semester, and all members approved this balanced structure for uniform progression.

II. R2026 Curriculum Review (I-VIII Semesters)

Dr. M. Arivanandhan recommended uniform 2-credit labs for all laboratory components, and introduction of Industrial oriented Courses in every semester. All these recommendations were implemented across the curriculum.

III. R2025 PG Curriculum Review (I-IV Semesters)

The BoS Members are requested to proceed with existing curriculum and syllabi of R2025.

IV. Higher Education, Career, Startups & SDGs

Bos Members appreciated the foreign language courses for career guidance, mini projects and maker spaces for startup development, and SDG-focused courses like Biowaste Management and Sustainable Agribusiness, which were all successfully integrated.

6. V. NEP 2020 Compliance

Bos members verified multiple entry/exit options through flexible credits, 50% experiential learning via projects and internships, and multidisciplinary electives like AI and Multi-omics, confirming complete NEP 2020 alignment.

VI. Innovation & Design Thinking

BoS chairman highlighted mandatory design thinking labs in all semesters, IDEA Lab in Semester II, fabrication lab, Computational tools for Food technology, and Sensory Evaluation to build problem-solving skills, Product development skill and all were approved for implementation.

Action Taken: BoS members appreciated the effective implement of Design Thinking Skills in various semester.

VII. Virtual Labs & Industry Courses

The Bos members are suggested to add more Virtual lab and also encourage to Collaborate with industry for industry supported lab.

Action Taken: BoS recommendations were accepted and appreciate the involvement of industry-supported courses.

VIII. New Courses

External members approved the introduction of new courses designed to meet industry needs and integrate high-demand skills into the R2026 curriculum.

Action Taken: UG R2026 (164 credits) and PG R2025 (96 credits) curricula were unanimously approved and submitted for the approval of Academic Council.

7.	Discussion on Choice Based Credit System																					
I	One credit course planned to offer by industry in Even of 2025-26 Discussion / Suggestions																					
	Dr. Arivanandhan, (University Nominee) Dr. Jayan Moses (Subject Expert) & Dr. Sathiyamoorthy(Industry Expert) approved the one credit course to be offered in Even Semester and it is submitted for the Academic Council for further approval.																					
	The BoS member suggested to include the following one credit courses.																					
	<table border="1"> <thead> <tr> <th data-bbox="241 379 338 443">S. No.</th> <th data-bbox="338 379 1234 443">Course Name</th> <th data-bbox="1234 379 1771 443">Industry Supporting</th> <th data-bbox="1771 379 1899 443">Hours</th> </tr> </thead> <tbody> <tr> <td data-bbox="241 443 338 523">1</td> <td data-bbox="338 443 1234 523">Academic – Industry Integrated Course on Food Safety & Quality System</td> <td data-bbox="1234 443 1771 523">Food Roots, Coimbatore</td> <td data-bbox="1771 443 1899 523">30</td> </tr> <tr> <td data-bbox="241 523 338 592">2</td> <td data-bbox="338 523 1234 592">ISO-FSSC-HACCP Certification course for Food Technology</td> <td data-bbox="1234 523 1771 592">ALS Testing Services India Pvt Ltd, Bangalore</td> <td data-bbox="1771 523 1899 592">30</td> </tr> </tbody> </table>	S. IV	International Certification identification of certifications for the forthcoming Semesters 2025-2026 (Even Semester)			
	S. No.	Course Name	Industry Supporting	
	1	HACCP Level 3: Codex-based hazard control.	ALS Testing Services India Pvt Ltd, Bangalore	
2	ISO 22000 Internal Auditor (Food Safety Management Systems), (FSMS/ISO 22000)	ALS Testing Services India Pvt Ltd, Bangalore		
V	Roll out of laboratories classes to encourage students to participate in Design Contests, Hackathon, Ideathon, and similar event Bos members are appreciated that the current Learning components was enough to enhance Design Thinking capabilities of Food Technology students. These modules encourage students to translate laboratory findings into viable products for national and international competitions, ensuring they gain exposure to the industry's fast-paced innovation ecosystem			
VI	Evaluation plan for Integrated courses, Project based & System based courses BoS member noted that the current assessment pattern is strategically designed to provide a comprehensive evaluation of the Integrated Course. By balancing Theory (60 marks) for fundamental knowledge and Lab (100 marks) for practical skill, the system effectively captures a student's total proficiency.			
VII	Internship details of students (II, III & IV Year) The details of students completed their Internships are given below:			
		Year	II	III
	No. of Students	16	34	23
8.	Stake holders feedback and action taken			
	Stakeholder	Feedback Received	Discussion	
	Industry Experts	Curriculum should align more closely with current industry practices, food safety regulations (FSSAI, Codex), and emerging technologies.	Courses updated to include food safety documentation, HACCP, quality systems, regulatory compliance, and advanced processing technologies.	
	Employers	Graduates need stronger practical skills, SOP writing ability, and exposure to real-time industrial operations.	Skill-based laboratories, SOP writing, case studies, and industry-oriented practicals introduced across core and elective courses.	
Alumni	Need more hands-on training, industry-relevant electives, and specialization options.	Vertical-based professional electives introduced, offering clear specialization tracks such as Bakery, Nutrition, Processing, Sustainability, etc.		

	Students	Request for more laboratory exposure, internships, and project-based learning.	Additional laboratories, design thinking labs, internships, minor projects, and project-based learning components incorporated.
Action Taken Based on the suggestion from stakeholders, the content of the courses are revised and submitted to academic council for approval.			
9.	Suggestions from IQAC	It also advised documenting course-wise stakeholder feedback and action taken, and formalising value added/one-credit industry courses, NPTEL credit transfer, internships, mini-projects, and virtual labs so that R2026 demonstrably achieves strong experiential learning in line with NEP 2020. Action Taken: Course-wise stakeholder feedback was systematically documented with actions taken, and value-added courses, NPTEL credit transfer, internships, mini projects, and virtual labs were formalized in alignment with NEP 2020.	
10.	Any other matters	<ul style="list-style-type: none"> ➤ Dr. Jayan Moses (Subject Expert) & Dr. M. Arivanandhan (University Nominee) Suggested to retain with the current vision and mission of the department based on the stakeholder feedback. Action Taken: Based on stakeholder feedback, the existing vision and mission of the department were reviewed and retained as recommended by the subject expert and university nominee. ➤ Dr. M. Arivanandhan (University Nominee) Suggested to Internship should be completed in III year itself and to offer only in Even Semester. Action Taken: The internship was scheduled exclusively during the Even Semester, as suggested. ➤ Dr. M. Arivanandhan (University Nominee) Suggested to maintain only one Research Skill Development Course. Action Taken: The curriculum was revised to retain only one Research Skill Development Course, as recommended by the university nominee.

BoS – Chairman

K.S. RANGASAMY COLLEGE OF TECHNOLOGY, TIRUCHENGODE 637 215

(An Autonomous Institution, affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting

Department of Textile Technology (UG & PG)

BoS Meeting No.	29	Date	20.12.2025	Venue	Mechanical Board Room		
The BoS Chairman warmly welcomed all the esteemed members of the Board of Studies and thanked them for their valuable presence. He expressed hope for fruitful discussions and constructive suggestions during the meeting.							
S. No	Agenda	Name & Nominee	Discussion / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum and Syllabi of I & II Semester (R2026).	Dr. J.C. Sakthivel (Subject Expert)	<ul style="list-style-type: none"> Suggested to have the topic “Classification of Textiles” as the first title in unit I. Also unit titled “High-Performance Fibres” must be moved to unit V of the course 26TT0201T Fibre science. The topic titled “Moisture content and moisture regain” to be removed from Unit V. 	Necessary changes are updated in syllabus	Module Coordinator BoS Chairman	Immediate	Submitted to Academic Council for further approval.
		Dr. M. Arivanandhan (University Nominee)	<ul style="list-style-type: none"> Suggested to check the AICTE Model Curriculum for the course “Biology for Engineers” Also suggested to check with AICTE Model Curriculum for the no.of hours and credits for Internship in the allotted semesters. 	It is common course for all programmes. Will follow the recommendations of Autonomous cell			
		Dr. J.C. Sakthivel (Subject Expert) Dr.V. Ramesh Babu (Subject Expert)	<ul style="list-style-type: none"> Suggested to move NSS/NCC etc., from VII Semester to earlier semesters. 	It is common for all programmes. Will follow the recommendations of Autonomous cell			
		<ul style="list-style-type: none"> Suggested to revise Unit V Syllabus of the Course “Chemistry for Textile” based on the topic “Dye Chemistry”. 	Necessary corrections were made as per suggestions of members				

2.	Curriculum and Syllabi of PG Programmes (R2025).	Dr. M. Arivanandhan (University Nominee Dr. J.C. Sakthivel) (Subject Expert) Dr.V. Ramesh Babu (Subject Expert)	<ul style="list-style-type: none"> Suggested to have all the electives in one basket, so that the student can select any one from the list. 	It is common for all programmes. Will follow the recommendations of Autonomous cell	BoS Chairman	Immediate	Submitted to Academic Council for further approval.								
3.	Revision in the Curriculum and Syllabi of I to VIII Semester (R2022) of UG Programmes and PG Programmes.	Dr. M. Arivanandhan (University Nominee Dr. J.C. Sakthivel) (Subject Expert) Dr.V. Ramesh Babu (Subject Expert)	<ul style="list-style-type: none"> Suggested to implement product development-based experiments using available machineries 	Based on available machines necessary steps will be taken	BoS Chairman	Before the Commencement of AY: 2025-2026 (Even semester)	Submitted to Academic Council for further approval.								
4.	Curriculum and Syllabi for Minor and Honour Degree Programmes (UG: R2022 & R2026).	External Members	<ul style="list-style-type: none"> Members suggested to include advanced practical experiments and align electives with NEP 2020. 	While preparing syllabus for R 2026, necessary points will be considered	BoS Chairman	Immediate	Submitted to Academic Council for further approval.

Chairman/MBA

Minutes of the Board of Studies Meeting

Department of Management Studies

BoS Meeting No: 29 Venue: Fin Tech Lab							Date: 19.12.25
S. No	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1.	Curriculum of PG programmes (R2025)	All the BoS members	BoS Chairman briefed about the whole curriculum of R2025 to the members.	Members of the BoS approved the current R2025 curriculum as presented.	BoS Chairman, Module Coordinator	2026	It is resolved to submit to Academic Council for further approval
			The curriculum and syllabus for the I-IV semesters of MBA program R2025 were discussed. All the members appreciated the introduction of new elective stream namely Analytics in R2025.	Analytics stream of electives is implemented in R2025			
2.	Revision in the Curriculum and syllabi of IV semester R2022	All the BoS members	BoS members discussed about the curriculum and syllabi of IV semesters R2022. The members agreed the curriculum as it is without any changes.	Implement R2022 without any changes in curriculum.	BoS Chairman, Module Coordinator	Immediate	It is resolved to submit to Academic Council for further approval
		Dr. M. V. Subha (Subject Expert)	Subject expert suggested to include the topic Sustainability linked Derivatives in 61 MB 4F3 - Financial Derivatives of IV semester R2022.	Incorporated the topic - Sustainability linked Derivatives			
		Ms.C.Swathy (Alumnus)	The Alumni nominee suggested to include the topic AI & Skill Intelligence linking with competence in 62 MB 4H1 - Competency Management of IV semester R2022.	Incorporated the topic - AI & Skill Intelligence linking with competence			

3. List of value-added courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

BoS chairman presented the list of value added courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

Value-added courses offered in 2025-2026 (ODD Semester)

Course Name	No: of Hours	No. of Beneficiary
Digital Marketing	30	78

Value-added courses planned to offer in 2025-2026 (EVEN Semester)

Course Name	No: of Hours
Stock Trading	30

5. Discussion on proposed Curriculum for PG (I to VI Semesters, R 2025) Programme

I. Total no. of credits for the MBA programme is 105

II. Review of Curriculum for I to VI semester Courses (R2025) and Recommendations

Members agreed towards the structure of the curriculum R2025 of I to IV semester

The title of the course **70 MB 3A1 - Data Mining** is changed to **70 MB 3A1 - Data Mining for Business** under **Analytics stream**.

The elective course **70 MB 4F2 - Personal Finance** is included under **finance stream**.

III. Curriculum and syllabi to support progression to higher education, career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).

List of courses supported for the progression of career guidance, startups & entrepreneurship and SDGs goals in the Curriculum R2025 are given as follows:

Career guidance:

70 MB 1P1- Professional Grooming and Communication Lab (I semester)

70 MB 2P1- Leadership and Executive Skills Lab (II semester)

Startups & Entrepreneurship:

70 MB 107- Entrepreneurship development (I semester)

70 MB 3P2- Internship (III semester)

SDG goals :

70 MB 302- ESG and Sustainability (III semester)

70 MB 2P3- Social Immersion project (II semester)

IV. Curriculum meeting the requirements of NEP 2020

The NPTEL certification course, Internship and Integrated courses with industry support are followed in the curriculum as part of NEP 2020 implementation.

V. Curriculum & syllabi to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills

Curriculum R2025 supports student involvement in innovative, design & critical thinking abilities through following courses such as:

- 70 MB 104 - Business Statistics and Analytics (I semester)
- 70 MB 205- Applied Operations research (II semester)
- 70 MB 207 -Business analytics (II semester)
- 70 MB 2P2 -Data Analytics Lab (II semester)
- 70 MB 3P1 - AI tools for Management Lab (II semester)

VI. Incorporation of Virtual Laboratory & Industry sponsored/supported courses and laboratories

It is decided to offer 70 MB 204 – Financial Management course with the support of Industry partnership namely - “Risk Free Investment – Erode”.

VII. Introduction of new courses

New courses offered in R2025 II semester:

- 70 MB 207 -Business Analytics
- 70 MB 2P1 - Leadership and Executive Skills Lab
- 70 MB 2P3 – Social Immersion Project

6. Discussion on Choice Based Credit System

I. Self-study courses SWAYAM / NPTEL / MOOC courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

BoS chairman presented the list of NPTEL courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

NPTEL courses offered in ODD semester of 2025-26:

Course Name	No: of Weeks	No. of students completed
Design Thinking	4	57

NPTEL courses planned to offer in EVEN semester of 2025-26:

Course Name	No: of Weeks
1.Talent Acquisition for Management	12
2.Services Marketing	12

II. One credit course planned to offer by industry in 2025-26 (EVEN Semester)

The BoS members approved the one credit courses planned to offer in 2025-26 (EVEN Semester).

- Tally ERP 9

III. Skill based courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

BoS chairman presented the list of Skill based courses offered in 2025-2026 (ODD Semester) and planned to offer in 2025-2026 (EVEN Semester).

Skill based courses offered in 2025-26(EVEN semester):

Course Name	No: of Hours	No. of Students
70 MB 1P1 -Professional Grooming and Communication Lab	60	84

Skill based courses planned to offer in 2025-26(ODD semester):

Course Name	No: of Hours	No. of Students
70 MB 2P1 - Leadership and Executive Skills Lab	60	84

	IV. International Certification	<p>BoS Members suggested the following international certification courses for the forthcoming semesters</p> <p>Students are encouraged to explore the following international certification courses to enhance their professional readiness:</p> <ul style="list-style-type: none"> • Strategic Human Resources Management • Google Digital Marketing <p>Credits can be given to the students for obtaining International Certificates. All BoS members agreed and appreciated the credits given to the students for obtaining International Certificates.</p>						
	V. Evaluation pattern for Integrated courses, Project based & System based courses	Members suggested to have two continuous assessment test and two activity or assignment for each subjects in a semester as a part of internal assessment.						
	VI. Internship details of students (2 nd Year)	<p>Students undergoing minimum 4-6 weeks of Internships in reputed industries for sharpening their skill sets Internship completed during the AY 2025-26</p> <table border="1" data-bbox="600 552 1473 624"> <thead> <tr> <th>Batch</th> <th>No. of students completed internship</th> <th>No. of Students</th> </tr> </thead> <tbody> <tr> <td>2025-26</td> <td>4 weeks</td> <td>60</td> </tr> </tbody> </table>	Batch	No. of students completed internship	No. of Students	2025-26	4 weeks	60
Batch	No. of students completed internship	No. of Students						
2025-26	4 weeks	60						
7.	Stakeholders feedback and action taken	<p>Stakeholders suggested to have the following changes in the below given courses:</p> <ul style="list-style-type: none"> • 61 MB 4F3– Financial Derivatives - Topic: Sustainability linked Derivatives was included. • 62MB4H1 – Competency Management - Topic: AI & Skill Intelligence linking with competence was included. <p>It is submitted to Academic Council for further approval</p>						
8.	Suggestions from IQAC	<p>3 Credits can be offered to students as waiver or additional credits upon completion of International Certificates or NPTEL course</p> <p>BoS Members suggested the following for forthcoming semesters:</p> <ul style="list-style-type: none"> • It is decided to offer course exemption for the NPTEL course which consists of 12 week course duration. • 3 credits can be offered to students on completion of NPTEL certificate or International Certificate. 						
9.	Any other matters	<p>i. Suggestion on Examination Reforms (Question Paper Pattern – Internal and End Semester Examination, etc.,) The internal and external examiners list was presented by BoS Chairman and all the members approved the same. All the members approved the existing pattern of Question Paper for internal and end semester examination</p> <p>ii. Suggestion to evaluate project-based courses The BoS members accepted and approved the evaluation pattern for project based courses with three reviews presentations, publication of article in the quality journal, submission of project report and viva voce.</p>

BoS Chairman / MCA

K.S. RANGASAMY COLLEGE OF TECHNOLOGY, TIRUCHENGODE 637 215

(An Autonomous Institution, affiliated to Anna University, Chennai, Approved by AICTE, New Delhi)

Minutes of the Board of Studies Meeting

Department of Master of Computer Applications

BoS Meeting No : 02

Date: 20.12.2025

Venue: Online

Microsoft Teams Meeting Link: <https://msteams.link/J5SD>

The following members were present for the Second Board of Studies Meeting:

1. Dr.Puniethaa Prabhu - BoS Chairman
2. Dr.S.Kanmani - University Nominee
3. Dr.S.Sikappi - University Nominee
4. Dr.Prabha Selvaraj - Subject Expert
5. Mr.G.Ilanchezhian - Industry Expert
6. Mr.M. Devendran - Industry Expert
7. Dr.K.Kiruthika - Member
8. Dr.S.Sutha - Member
9. Mr.R.Mohankumar - Member
10. Ms.U.Megala - Member

The BoS Chairman welcomed all the members to the Second Board of Studies Meeting and presented the Vision and Mission of the MCA programme.

Vision

To be a premier department in computer applications, empowering students with advanced technological expertise, fostering innovation and shaping ethical leaders to contribute to global progress and societal well-being.

Mission

- Provide a dynamic learning environment that integrates cutting-edge technology, industry exposure, and ethical values.
- Enable students to excel as competent professionals in the evolving field of computer applications.
- Foster innovation and problem-solving skills to meet real-world challenges.
- Cultivate a sense of responsibility, ethics, and commitment towards society and the IT industry.

She briefed the members on the overall structure of the MCA Curriculum R2025, highlighting the academic framework, credit distribution and industry-oriented components incorporated in the regulation.

She then presented the detailed syllabus of all subjects for II, III, and IV semesters, which were prepared by the internal BoS members. The syllabi were discussed in detail, and valuable suggestions were offered by the members for further enrichment.

S.No	Agenda	Name & Nominee	Discussions / Suggestions	Action to be Taken	Responsibility	Target	Remarks
1	Curriculum and Syllabi of MCA Programme R2025	Mr.Devendran Muthukumarmani	Suggested to revise the syllabus of the course “70 PMC 201 - Internet of Things (IoT)” to align with current industry practices. The member emphasized inclusion of hands-on exposure to IoT platforms, sensor integration, basic cloud connectivity, security considerations and real-time application use cases.	As per the suggestion, the "70 PMC 201 - Internet of Things (IoT)" course has been revised and decided to implement in R2025	Module Coordinator	Immediate	Submitted to Academic Council for Approval

		Dr.Prabha Selvaraj	Reviewed the existing textbooks prescribed for the Core Course “70PMC203 - Web Technologies” and recommended updated textbooks that better align with the revised syllabus and current developments in Web Technologies.	Based on the recommendation, existing textbooks are updated for the “70PMC203 - Web Technologies” course	Module Coordinator	Immediate	Submitted to Academic Council for Approval											
2.	List of open elective courses and value-added course planned to offer in 2025-2026 (EVEN Semester)	All BOS Members	The following one credit and value-added courses are planned to offer in 2025-2026 (EVEN Semester)															
			<table border="1"> <thead> <tr> <th>S.No</th> <th>Name of the Course</th> <th>Name of the Industry</th> <th>No. of hours</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>One Credit Course: Mobile App Development</td> <td>Astroblack Technologies, Tiruchengode</td> <td>15</td> </tr> <tr> <td>2</td> <td>Value added Course: Internet of Things - The Connecting world on Feb 20 - 22, 2026</td> <td>Mindnics Private Limited Tiruchengode</td> <td>30</td> </tr> </tbody> </table>				S.No	Name of the Course	Name of the Industry	No. of hours	1	One Credit Course: Mobile App Development	Astroblack Technologies, Tiruchengode	15	2	Value added Course: Internet of Things - The Connecting world on Feb 20 - 22, 2026	Mindnics Private Limited Tiruchengode	30
S.No	Name of the Course	Name of the Industry	No. of hours															
1	One Credit Course: Mobile App Development	Astroblack Technologies, Tiruchengode	15															
2	Value added Course: Internet of Things - The Connecting world on Feb 20 - 22, 2026	Mindnics Private Limited Tiruchengode	30															
			All BoS members accepted the same and it is resolved to submit to Academic Council for further approval															
3.	Discussion on Curriculum of III to IV Semester for R2025	All BOS Members	<p>I. Total No. of credits for the MCA Programme Curriculum of MCA R2025 has 83 credits</p> <p>II. Curriculum for III to IV semester Courses (R2025) and Recommendations The curriculum for III to IV semester courses of the PG MCA Programme (R2025) for the batch of students to be admitted during the academic year 2025–2026 was discussed in detail. The Board of Studies members reviewed the structure, course components, credit distribution and relevance of the curriculum to current industry and academic requirements. The BoS members provided their recommendations and expressed their agreement with the overall structure of the MCA curriculum R2025 for Semesters I to IV. The curriculum was found to be appropriate and aligned with the programme objectives, emerging technologies, and university norms.</p> <p>III. Curriculum and Syllabi to support progression to career guidance, Startups & Entrepreneurship & cross cutting issues and Sustainable Development Goals (SDGs).</p>															

			<p>The Proposed R2025 curriculum meet the requirements to pursue to career guidance, Courses related to Sustainable Development Goals (SDGs) by offering the following courses.</p> <table border="1" data-bbox="846 272 1861 432"> <thead> <tr> <th>S. No</th> <th>Name of the Course</th> <th>Course Code</th> <th>Semester</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Career Skill Development - I (SDG4,8,17)</td> <td>70 PCG 001</td> <td>I</td> </tr> <tr> <td>2</td> <td>Career Skill Development - II (SDG4)</td> <td>70 PCG 002</td> <td>II</td> </tr> <tr> <td>3</td> <td>Career Skill Development - III (SDG 3,7,9)</td> <td>70 PCG 003</td> <td>III</td> </tr> <tr> <td>4</td> <td>Research Methodology and IPR</td> <td>70 PIS 001</td> <td>II</td> </tr> </tbody> </table> <p>IV. Curriculum meeting the requirements of NEP 2020</p> <p>The Curriculum is designed to meet the requirements of NEP 2020 through the NPTEL certification course, Internship, Integrated courses with corporate support are followed.</p> <p>V. Curriculum to support student involvement in innovative, design & critical thinking abilities and their problem-solving skills.</p> <p>Yes, Curriculum and Syllabi support student involvement in innovative, design & critical thinking abilities and their problem-solving skills by conducting the following</p> <ul style="list-style-type: none"> • Codeathon • Smart India Hackathon • Project Contest • Project Work • Innovative Courses <p>VI. Incorporation of Industry sponsored/supported courses and laboratories</p> <ul style="list-style-type: none"> • Industry sponsored/supported courses and laboratories <p>Infosys Springboard is a platform offered by Infosys by which Students are insisted to complete the certification courses related to curriculum and latest technologies</p>	S. No	Name of the Course	Course Code	Semester	1	Career Skill Development - I (SDG4,8,17)	70 PCG 001	I	2	Career Skill Development - II (SDG4)	70 PCG 002	II	3	Career Skill Development - III (SDG 3,7,9)	70 PCG 003	III	4	Research Methodology and IPR	70 PIS 001	II
S. No	Name of the Course	Course Code	Semester																				
1	Career Skill Development - I (SDG4,8,17)	70 PCG 001	I																				
2	Career Skill Development - II (SDG4)	70 PCG 002	II																				
3	Career Skill Development - III (SDG 3,7,9)	70 PCG 003	III																				
4	Research Methodology and IPR	70 PIS 001	II																				
4.	Discussion on Choice Based Credit System	All BOS Members	<p>I. Self-study courses SWAYAM / NPTEL / MOOC courses planned to offer in 2025-26 (Even Semester)</p> <p>BoS chairman presented the list of NPTEL courses suggested in 2025-26 (Even Semester)</p> <table border="1" data-bbox="846 1278 1610 1342"> <thead> <tr> <th>S.No</th> <th>Name of the NPTEL Course</th> <th>No. of Weeks</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>The Joy of Computing using Python</td> <td>12</td> </tr> </tbody> </table>	S.No	Name of the NPTEL Course	No. of Weeks	1	The Joy of Computing using Python	12														
S.No	Name of the NPTEL Course	No. of Weeks																					
1	The Joy of Computing using Python	12																					

The BoS members reviewed the course content, relevance to curriculum and student benefits. The course was unanimously accepted and resolved to be forwarded to the Academic Council for further approval.

II. Identification of certifications for the forthcoming semester (2025-2026 EVEN Semester)

BoS members suggested the following certification courses for the forthcoming semesters to enhance technical knowledge and professional readiness.

S.No	Name of the Certification	Offered by
1	AWS Certification	Amazon Web Services, Seattle, Washington, USA
2	OCJP (Oracle Certified Java Programmer)	Oracle Corporation, Austin, Texas, USA
3	ISTQB Certification	International Software Testing Qualifications Board, Brussels, Belgium
4	Brainbench Certification	Brainbench Chantilly, Virginia, USA
5	Azure Certification	Microsoft Redmond, Washington, USA

Students are also encouraged to do the International Certificates such as coursera, udemy and credits are given to the students for obtaining International Certificates.

Action Taken:

The Department will facilitate student enrollment in the recommended certifications and award academic credits for approved international certifications completed through platforms such as Coursera and Udemy as per institutional regulations.

III. Roll out of laboratories classes to encourage students to participate in Design Concepts, Hackathon, Ideathon and similar activities.

Mini projects are given for laboratory courses to make students to participate in Design Concepts, Hackathon and Ideathon etc

The BoS members accepted and approved the same.

IV. Evaluation pattern for Integrated courses, Project based & System based course

In integrated courses, Practical component is evaluated as a lab component.

The Project based Courses evaluation pattern consists of three reviews presentation, submission of project report and viva voce

			<p>Action Taken: The proposed evaluation pattern was accepted by the Board and is submitted for approval to the Academic Council for implementation from the forthcoming semester.</p> <p>V. Internship details of Students Members suggested to have one mandatory internship as a part of the curriculum R2025.</p> <p>Action Taken: The implementation of these initiatives will commence in the Even Semester of the academic year 2025–26, following the approval of the Academic Council</p>
5.	Stake holders feedback and action taken		<p>1. Industry expert, Mr. Krishnan Mahadevan suggested to educate students on the importance, relevance and the need for them to practice competitive programming right from day 1. Also recommended following websites that enable students to do this:</p> <ul style="list-style-type: none"> • https://www.codechef.com/ • https://www.hackerrank.com/ • https://leetcode.com/ • https://www.topcoder.com/ <p>Action Taken: The Department resolved to orient students on the importance of competitive programming from the first year and encourage regular practice through platforms such as CodeChef, HackerRank, LeetCode, and Topcoder by integrating structured practice sessions and monitoring participation.</p> <p>2. Alumni, Mr. Tamilarasu Raju gave few suggestions that could further enhance the industry readiness of students:</p> <ul style="list-style-type: none"> • Include a dedicated module on ITIL Framework and Certification – This will help students understand standard IT service management practices. • Exposure to ServiceNow or any standard Ticketing Tools – Knowledge of such platforms is increasingly expected in both IT support and operations roles. • Cloud Technologies (Azure) – Foundational understanding of cloud computing, especially Microsoft Azure, is becoming essential across domains. • Modern Endpoint Management Tools – Modules on Microsoft Intune, SCCM, and device lifecycle management would be highly valuable. • System Monitoring Tools – Basic awareness of infrastructure monitoring (e.g., using tools like Nagios, PRTG, or Azure Monitor) can prepare students for real-world IT environments. • For students who may not have a strong background or interest in programming, focusing on IT Support, Networking, and Infrastructure Management can open up solid career paths.

		Action Taken: Based on the feedback received from the stakeholder, the BoS resolved to examine the feasibility of integrating the above suggestions through value-added courses, certification programs, workshops, or curriculum enhancement in forthcoming semesters.							
6.	Suggestions from IQAC	<table border="1"> <thead> <tr> <th>Suggestions</th> <th>Action Taken</th> </tr> </thead> <tbody> <tr> <td>1. Students who successfully complete approved international certification courses shall be awarded 3 credits either as additional credits or as course credit compensation, subject to verification and approval by the department</td> <td rowspan="3">BoS members approved the award of 3 credits for verified international certifications, sanctioned credits for prize winners in recognized competitions and mandated completion of one course through NPTEL during the programme of study, and the same is submitted to the Academic Council for approval.</td> </tr> <tr> <td>2. Students who secure prizes in recognized national or state-level competitions such as Hackathons, IndiaSkills, and similar technical events shall be awarded 3 credits either as waiver or additional credits, as per institutional norms.</td> </tr> <tr> <td>3. Completion of one course from NPTEL shall be made mandatory for all students during the programme of study.</td> </tr> </tbody> </table>	Suggestions	Action Taken	1. Students who successfully complete approved international certification courses shall be awarded 3 credits either as additional credits or as course credit compensation, subject to verification and approval by the department	BoS members approved the award of 3 credits for verified international certifications, sanctioned credits for prize winners in recognized competitions and mandated completion of one course through NPTEL during the programme of study, and the same is submitted to the Academic Council for approval.	2. Students who secure prizes in recognized national or state-level competitions such as Hackathons, IndiaSkills, and similar technical events shall be awarded 3 credits either as waiver or additional credits, as per institutional norms.	3. Completion of one course from NPTEL shall be made mandatory for all students during the programme of study.	
Suggestions	Action Taken								
1. Students who successfully complete approved international certification courses shall be awarded 3 credits either as additional credits or as course credit compensation, subject to verification and approval by the department	BoS members approved the award of 3 credits for verified international certifications, sanctioned credits for prize winners in recognized competitions and mandated completion of one course through NPTEL during the programme of study, and the same is submitted to the Academic Council for approval.								
2. Students who secure prizes in recognized national or state-level competitions such as Hackathons, IndiaSkills, and similar technical events shall be awarded 3 credits either as waiver or additional credits, as per institutional norms.									
3. Completion of one course from NPTEL shall be made mandatory for all students during the programme of study.									
7.	Any other matters	<ul style="list-style-type: none"> BoS Members reviewed and satisfied with the Vision, Mission, Program Educational Objectives, Program Objectives of the department Discussed about the opportunity for Student foreign exchange programs. Members suggested for collaboration with top B-schools in state and national level. <p>Action Taken : The Board resolved to initiate steps to explore collaboration and student exchange opportunities with reputed B-Schools at the state and national levels.</p>
