

R. MOHANKUMAR, BCA, MCA, (Ph.D.)

Mr. R. Mohankumar is an Assistant Professor in the Department of Computer Applications (MCA) at K.S. Rangasamy College of Technology. With over 17 years of extensive experience in academia, technical training, and institutional development, he has demonstrated a strong commitment to fostering academic excellence, student development, and industry readiness.

He holds a Master of Computer Applications (MCA) degree, and is currently pursuing his Ph.D. under Anna University. His teaching areas include Object-Oriented Analysis & Design, Software Engineering, Web Programming, Java Programming, PHP & MySQL, and Deep Learning.

Key Highlights:

- 16+ years of teaching and training experience in reputed autonomous institutions.
- Guided more than 260 MCA projects ensuring academic rigor and practical relevance.
- Served as Board of Studies Member & MCA Department Coordinator for curriculum development.
- Presented a research paper at IEEE ICICV 2025 on 'Twitter Sentiment Analysis Using a Hybrid Model of Deep RNNs with GCNs.'
- Honoured with the Best Faculty Award by Wipro Mission10X for innovative teaching.
- Actively involved in NAAC, NBA, and ISO accreditation processes, contributing to institutional quality and growth.
- Resource Person and Chief Guest for technical sessions and academic events across Tamil Nadu.

Beyond academics, he has played key leadership roles in organizing campus recruitment drives, value-added programs, and institutional events. His professional memberships include ISTE (Life Member - LM 74507), and he continues to inspire students through his motivational session series titled 'Unleash Your Potential' — empowering them to become competent and confident professionals.
